

Shropshire's Equality & Diversity Charter

We are committed to identifying, understanding and addressing the different needs and experiences of our communities

We shall work in partnership to address inequality and promote respect and tolerance

When making important decisions about local public services we will engage with local residents and communities.

We will provide accessible information on our services, community activities and events we support.

We will work hard to empower children and adults to make a positive contribution

We are committed to tackling discrimination and inequality in all service areas and in our role as employers
