

This letter summarises my reasons
for renewing the plate on my saloon
hackney car.

① It is my only means of earning
a living - I don't do contract work
and only work from the station or
taxis ranks.

② At my age (65) I cannot afford
to buy another car, specially a
wheelchair accessible one.

③ I have a letter from the doctor
and one from licencing stating
that I must not lift heavy weights
or "load" wheelchairs.

④ Although it's not personal I do
believe it's relevant, there are a lot of
customers who are not severely disabled
but can't get into a conventional
"black cab" and need a taxi immediately.
