Summary

This paper presents a short summary of current activity and progress of the AONB Partnership's staff team.

Recommendation

The Partnership is recommended to note and comment on the information provided on progress, and guide on how best to report this to Partnership members in future.

Background

- 1. The Team's work programme is planned and reported on by Financial Year. The Management Board receives summary updates at each meeting, and Natural England are provided with the full team work programme and an end of year progress update on this. The summary provided here relates to the 2009-10 Financial Year (highlights from which will be published by September in the Annual Review, currently in preparation) and for the current Financial Year 2010-11. Some information is also sent to members in circular emails/ mailings and E-bulletins.
- It is intended to provide Partnership members with an appropriate level of detail of information about activity, and views from members about how best to do this are welcome.
