- 1.2 Further, procedures have been approved for officers with direct line management responsibility for Licensing to use their delegated powers to, amend, revoke or refuse driver and vehicle licences.
- 1.3 This report gives details of the licences issued and variations that have been made between 1st of September 2012 and the 30th of November 2012 and a summary of applications considered by committee.

2. Recommendations

- 2.1 That members note the position as set out in the report.

REPORT

3. Risk Assessment and Opportunities Appraisal

- 3.1 This is an information report giving Members information on the work undertaken by the Licensing Team and Committee and therefore a risk assessment and opportunities appraisal has not been carried out.

4. Financial Implications

- 4.1 There are no financial implications associated with this report.

5. Background

- 5.1 Information regarding the issue of licences by Officers under delegated powers is reported to Committee on a quarterly basis.
- 5.2 Officers use their delegated powers in a number of situations, including where:
- a) A licence has been requested and there have been no objections raised by interested parties or Responsible Authorities.
 - b) The application has met the Council's policy criteria for accepting an application.
 - c) There are vehicle applications for new or renewal licenses and revocation of licences where the operating criteria as set by the Hackney Carriage and Private Hire Licence policy or Out of Area policy is not met and the officer does not consider there to be any special reason for an exception to be made.
 - d) There are driver's applications for new or renewal licences or revocation of licences where the criteria as set by the Hackney Carriage and Private Hire Licence policy is not met and the officer does not consider there to be any special reason for an exception to be made.
- 5.3 The table in Appendix A shows the complete range of licences issued by the licensing team during the period 1st of September and the 30th of November 2012. During this period the total number of licences processed was 1136.
- 5.4 The Table in Appendix B shows that there was one Licensing and Safety Sub-Committee Meeting held between the 1st of September and the 30th of November 2012.
- 5.5 The Licensing Act activities at Sub Committee have also been given in Appendix C.
- 5.6 As a result of checks on booking records and mileage of 'out of area' licenced vehicles, the Licensing team have used the new agreed delegation process to revoke 7 vehicle licences.
- 5.7 Following the decision at the Strategic Licensing Committee on 21st March 2012, vehicles and driver applications are now being considered by Officers using delegated powers. Evidence is obtained by the officers through interview with the applicants, to ascertain where they intend to operate to a material extent and to also obtain agreement that they will keep records if a licence is granted. In relation to Driver Applications where the decision is 'minded to refuse', a letter is sent to the applicant giving them an opportunity to make written representations stating any exceptional circumstances that they wish to be taken into consideration. This is in line with the rules of natural justice which state that there is a right to be heard before a decision is made.

5.8 The number of licences and actions determined by this process is as follows:-

Driver	Granted	Granted and/or warning letter	Letter sent stating Council is 'Minded to refuse'	Refused	To refer to Committee
New	1			1	
Renewal		2		3	
Conduct		2		2	
Vehicle	Granted	Granted subject to keeping records	Letter sent stating Council is 'Minded to refuse'	Refused	To refer to Committee
New				4	
Renewal		1			
Condition					

6. Conclusion

- 6.1 During the last quarter the work load for the Licensing team continues to be high the team have been working hard to learn the new Licensing Computer System, along with balancing other licensing work and in particular the taxi and private hire licences.
