

Date: Friday, 11 September 2015

Time: 9.30 am

Venue: Shrewsbury Room, Shirehall, Abbey Foregate, Shrewsbury, Shropshire,  
SY2 6ND

Contact: Karen Nixon, Committee Officer  
Tel: 01743 257720  
Email: [karen.nixon@shropshire.gov.uk](mailto:karen.nixon@shropshire.gov.uk)

## HEALTH AND WELLBEING BOARD

### TO FOLLOW REPORT (S)

#### 8 **Urgent Care Recovery and Delivery of Winter Access (Pages 1 - 8)**

A presentation will be made.

Contact Dr Caron Morton, Accountable Officer, Shropshire CCG Tel 01743 277581.

**This page is intentionally left blank**

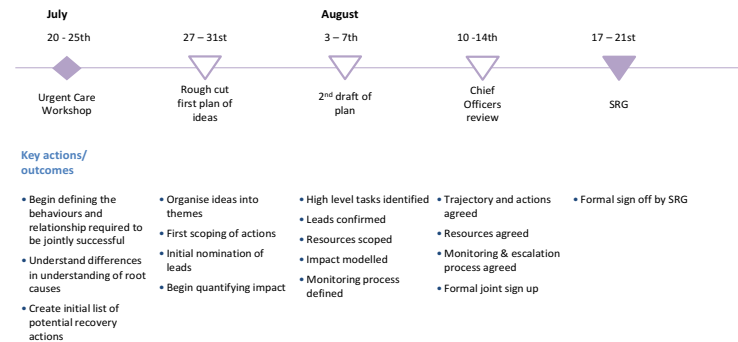

# INTRODUCTION

## Overview of the approach taken to develop the recovery plan

### Key features –

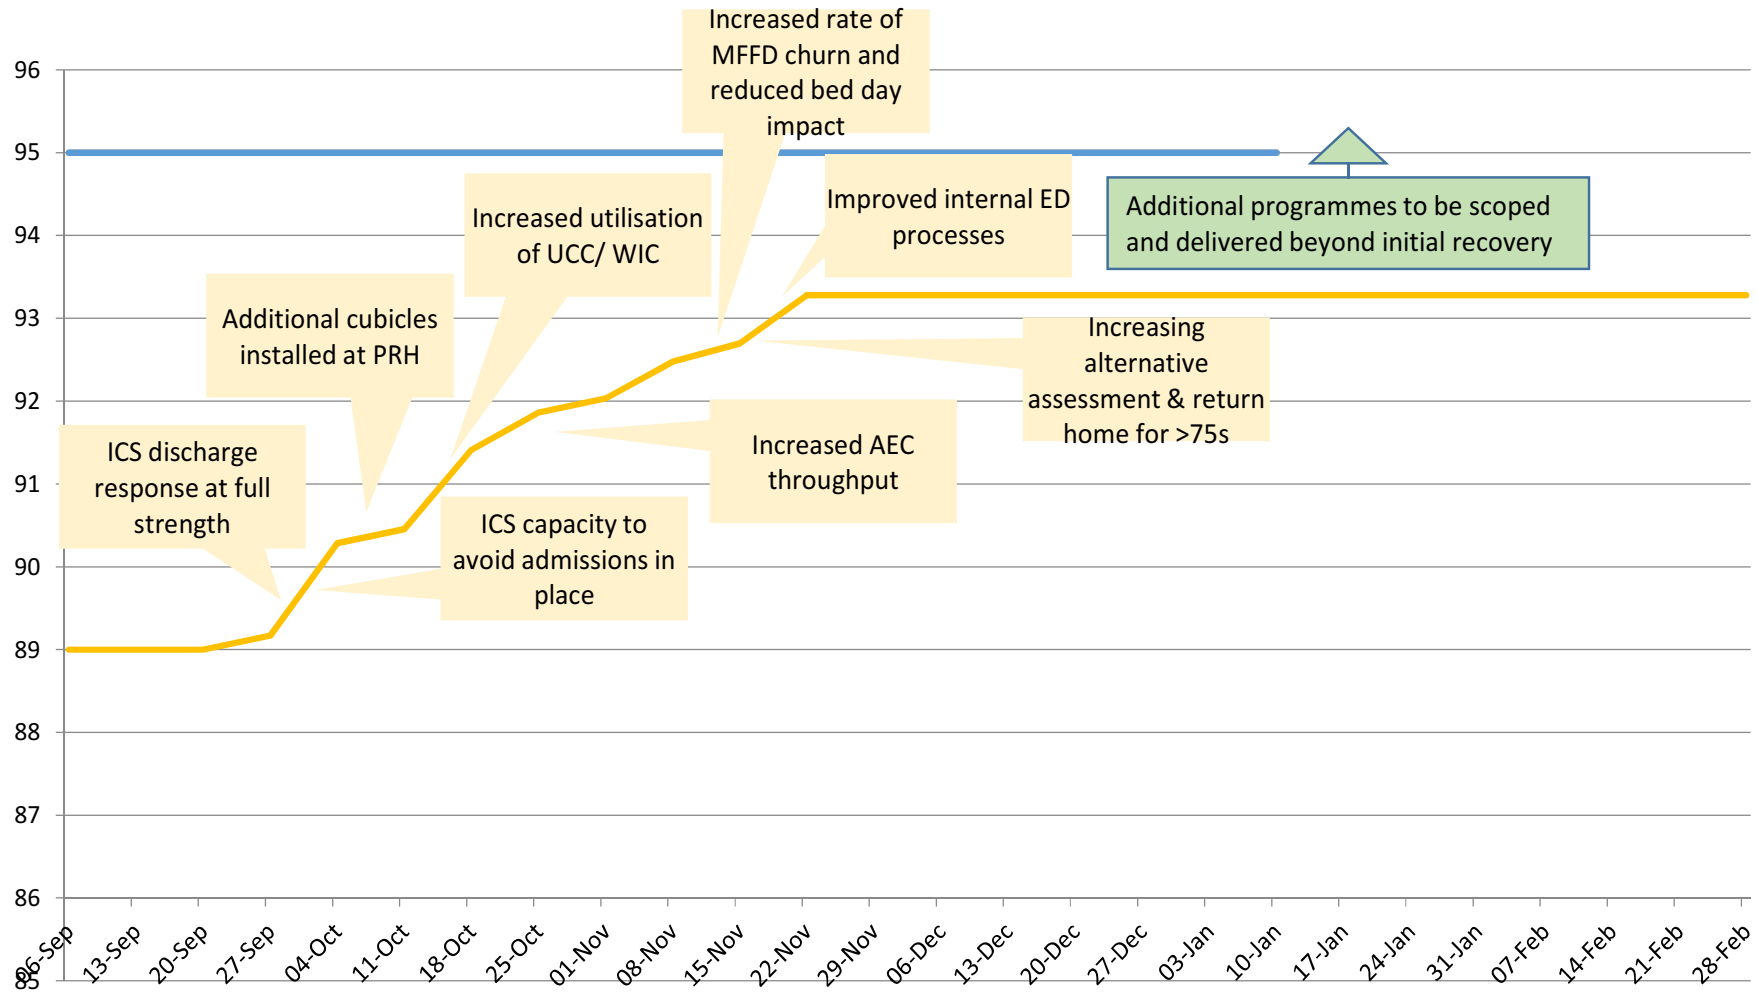

- Single joined up plan for the system, with clear accountability for each organisation
- Line of sight between each action and how it impacts directly upon A&E performance
- Focus on embedding a small number of key actions in the short term
- Recognising there are a wider range of supporting actions from partners whose impact also needs to be quantified and monitored
- Close monitoring and governance to ensure there is weekly follow up of progress and mitigating actions as required

### High level plan for a plan

# TRAJECTORY FOR PERFORMANCE RECOVERY

## Shropshire & Telford 4 Hour wait recovery trajectory

## POTENTIAL RISKS TO DELIVERY

### The following risks require consideration -

- Seasonality which has been included at a level based on recent analysis
- Assumptions used are sensible but can't be assumed as 100% accurate
- Existing workforce rotas are fragile in places with little contingency for sickness etc
- Some actions require changes to practice and take up cannot always be predicted
- The track record for delivery across the system is limited and therefore should not be assumed to be fully capable right from the start

### However -

- There is organisational confidence and commitment behind each action
- Chief Officers and SRG have reviewed the actions in detail and are collectively committed to delivery
- There are robust arrangements to stay on top of delivery (see later)

# Shropshire & Telford Hospitals Trust Action Plan

Page 4

Project & key actions	Status/ timing
<p><b>Increase the number of patients treated on an ambulatory emergency care (AEC) pathway to ensure capacity for assessment beds meets demand:</b></p> <ul style="list-style-type: none"> <li>• Ring-fenced AEC space</li> <li>• Workforce in place</li> <li>• Joint project agreed with Shropshire Community Trust</li> </ul>	<p><b>Target completion date: 31<sup>st</sup> March 2016</b></p> <ul style="list-style-type: none"> <li>• 30% complete.</li> <li>• Reduce the number of admitted breaches through admission avoidance by 12 per week.</li> <li>• Increase zero length of stay to peer levels.</li> <li>• Release of 6 beds per quarter.</li> <li>• Working groups in place on each site.</li> </ul>
<p><b>Ensure capacity for assessment beds meets demand by reconfiguring AMU at RSH:</b></p> <ul style="list-style-type: none"> <li>• Capacity and demand modelling</li> <li>• Ensure medical rotas correlate with demand profile</li> <li>• Consistent specialty in-reach into AMU</li> </ul>	<p><b>Target completion date: 31<sup>st</sup> October 2015</b></p> <ul style="list-style-type: none"> <li>• 50% complete.</li> <li>• Reduce the number of breaches due to awaiting medical assessment beds by 21 per week.</li> <li>• 6 empty beds in AMU at 10.00hrs and 16.00hrs.</li> </ul>
<p><b>Increase capacity in PRH ED to reduce the number of breaches due to no cubicle capacity:</b></p> <ul style="list-style-type: none"> <li>• Develop plan to increase the number of cubicles</li> <li>• Develop staffing plan for approval</li> </ul>	<p><b>Target completion date: 31<sup>st</sup> December 2015</b></p> <ul style="list-style-type: none"> <li>• 25% complete.</li> <li>• Space identified and being costed.</li> <li>• Staffing plan discussions commenced.</li> <li>• Reduce the number of breaches in this category by 16 per week.</li> </ul>
<p><b>Improve inpatient flow to reduce the number of breaches due to waiting for assessment and specialty beds:</b></p> <ul style="list-style-type: none"> <li>• Root &amp; branch analysis of internal ward constraints</li> <li>• Improvement plan in place</li> <li>• Release blocked inpatient capacity</li> </ul>	<ul style="list-style-type: none"> <li>• <b>Target completion date: Programme launched 13/7/15. Process mapping completion date 14<sup>th</sup> September 2015. 4-6 months to full implementation.</b></li> <li>• 15% complete.</li> <li>• Reductions in number of breaches by 11 per week by 31<sup>st</sup> January 2016.</li> <li>• Consistently deliver 33% pre 1pm discharges.</li> </ul>
<p><b>Improve internal ED processes to reduce the number of breaches due solely to ED inefficiencies:</b></p> <ul style="list-style-type: none"> <li>• Internal ED escalation process in place</li> <li>• Workforce strategy implemented</li> <li>• EDIT process in place PRH</li> <li>• Clearly defined co-ordinator roles</li> </ul>	<p><b>Target completion date: 30<sup>th</sup> September 2015</b></p> <ul style="list-style-type: none"> <li>• 60% complete.</li> <li>• Main impact at PRH and will reduce breaches by 21 per week on that site.</li> </ul>
<p><b>Develop an early warning Trust-wide escalation process to proactively manage a rising tide:</b></p> <ul style="list-style-type: none"> <li>• Red/Amber/Green criteria agreed</li> <li>• SOP in place</li> <li>• Trust-wide response agreed and in place</li> </ul>	<p><b>Target completion date: 30<sup>th</sup> September 2015</b></p> <ul style="list-style-type: none"> <li>• 50% complete.</li> <li>• Reduce number of breaches due to ED cubicles full and delays in clinician decision making.</li> <li>• This action is an enabler for delivery of action number 5.</li> </ul>

# Shropshire Community Trust & Local Authority Action Plan

Project & key actions	Status/ timing
<p><b>1. Intercept and manage patient referrals from GPs and ED, redirect home with appropriate care to avoid unnecessary admissions:</b></p> <ul style="list-style-type: none"> <li>• ICS admission avoidance pathway sign off at CAP</li> <li>• Engagement of GPs, WMAS and ED staff</li> <li>• Standard operating procedures implemented</li> <li>• Shift patterns and rotas reviewed to provide 7 day cover between 8.00 and 20.00 hours</li> <li>• Admission avoidance hotline implemented via the Single Point of Referral</li> <li>• Stand by care capacity to support people at home</li> </ul>	<p><b>Target completion date:</b> Admission Avoidance Pathway Implementation 05.10.15</p> <p><b>Impact</b></p> <ul style="list-style-type: none"> <li>• ICS service assumptions total = 31 per week</li> <li>• Current admission avoidance – ICS @3/week, other existing services @5/week</li> <li>• <b>New</b> prevented admissions from 5.10.15 – 23/week</li> </ul>
<p><b>2. Increase acute and community bed capacity as a result of ICS having appropriate capacity to manage increasing numbers of patients at home (D2A pathway)</b></p> <ul style="list-style-type: none"> <li>• Streamlined access to domiciliary care capacity from independent care providers</li> <li>• Current capacity 45 per week within 5 days of MFFD – streamline to facilitate within 3 days of MFFD</li> <li>• Standard operating procedures implemented</li> <li>• Work with Sath to start earlier discharge planning, home is the default</li> <li>• Implement trusted assessor within SaTH</li> </ul>	<p><b>Target completion date:</b> Care Capacity available to support patients early discharge -15.11.15</p> <p><b>Impact</b></p> <ul style="list-style-type: none"> <li>• Assume 58 patients/ week, waiting average 2 days</li> <li>• Impact on acute beds = 27</li> </ul>
<p><b>3. Right care, right place to improve bed availability by improving patient flow</b></p> <ul style="list-style-type: none"> <li>• SAFER Bundle in place</li> <li>• Analysis of internal ward constraints</li> <li>• Implement ward discharge targets</li> <li>• Consistently implement choice policy</li> <li>• Standard operating procedures implemented</li> <li>• Improvement plan in place</li> <li>• Additional discharge to assess capacity in place</li> </ul>	<p><b>Target completion date: Implementation by 30.9.15.</b></p> <ul style="list-style-type: none"> <li>• Pre 1pm discharge above 33%</li> <li>• Compliance with SAFER patient flow bundle</li> <li>• Review of LoS 14 days and above</li> <li>• Reduction in DToC</li> </ul> <p><b>Impact</b></p> <ul style="list-style-type: none"> <li>• Baseline c 5 pts/ wk waiting for Community Hospital/ Intermediate Care bed</li> <li>• Assume SAFER/ choice policy implementation in Community Hospital reduces waiting by 50% (2.5)</li> </ul>

# Shropshire CCG Action Plan

Project & key actions	Status/ timing
<p><b>Ensure system wide co-ordination and monitoring through SRG</b></p> <ul style="list-style-type: none"> <li>• SRG performance dashboard in place</li> <li>• Lead review/refresh, in partnership with T&amp;W CCG, of system wide surge plan and winter plan</li> <li>• Escalation system management – chairing of conference calls</li> <li>• Dedicated CCG resource to ‘troubleshoot’ DTOC/MFFD patients as required</li> <li>• Joint CCG/LA oversight and commissioning responsibility for ICS</li> </ul>	<p><b>Target completion date: Oct 2015</b></p> <ul style="list-style-type: none"> <li>• 60% complete</li> <li>• SRG dashboard to be developed – Oct 2015</li> <li>• Draft surge plan and winter plan to be presented to SRG Sept 2015</li> <li>• Dedicated CCG ‘trouble shooting’ resource to focus upon MFFD/DTOC management in place</li> </ul>
<p><b>Implementation of ‘Frequent Flyers’ project (Blackpool model)</b></p> <p>Intended outcome: Reduction in ambulance conveyances, reduction in A&amp;E attendances, reduction in emergency admissions of specific patient cohort</p> <ul style="list-style-type: none"> <li>• Business case and clinical process approved (Aug 2015)</li> <li>• Recruitment underway</li> <li>• Monitoring actions in place</li> <li>• Evaluation planned</li> </ul>	<p><b>Target completion date: Oct 2015</b></p> <ul style="list-style-type: none"> <li>• 50 % complete (planning and preparation)</li> <li>• Impact description (from Oct 2015 – Mar 2016): <ul style="list-style-type: none"> <li>• Reduce ambulance conveyance – 15/ mth</li> <li>• Reduce A&amp;E attendances – 31/ mth</li> <li>• Reduce NEL admissions – 14/ mth</li> </ul> </li> <li>• Risk - successful recruitment of operational lead</li> <li>• Mitigation – CCG internal resource to be re-allocated if recruitment fails</li> </ul>
<p><b>Maximise impact of Primary Care Enhanced Service (ES)</b></p> <p>Intended outcome: reduce emergency admissions for patients &gt;75 years</p> <ul style="list-style-type: none"> <li>• Review current take up and identify potential areas for greatest impact</li> <li>• GP clinical lead identified to lead support process for identified practices</li> <li>• Monthly monitoring of impact</li> <li>• Evaluation planned to inform planning for 16/17</li> </ul>	<p><b>Target completion date: Oct 2015</b></p> <ul style="list-style-type: none"> <li>• 70 % complete (planning and preparation)</li> <li>• Impact description (from Oct 2015 – Mar 2016): <ul style="list-style-type: none"> <li>• Reduce NEL admissions for complex pts &gt;75 years by additional 3/ mth (over and above planned reduction)</li> </ul> </li> <li>• Risk - Clinical capacity to support</li> <li>• Mitigation – internal CCG support identified with support from AO</li> </ul>
<p><b>Implementation of End of Life Service</b></p> <p>Intended outcome: Reduce emergency admissions for patients requiring EOL care</p> <ul style="list-style-type: none"> <li>• Business case and clinical process approved (April 2015)</li> <li>• Contractual arrangements with providers in place (April 2015)</li> <li>• Recruit additional staffing (complete)</li> <li>• Expand Hospice ‘Hospital at Home Service’ (service specification – Aug 2015)</li> <li>• Monitoring actions in place and evaluation planned</li> </ul>	<p><b>Target completion date: In place</b></p> <ul style="list-style-type: none"> <li>• 100% complete</li> <li>• Impact description (from Oct 2015 – Mar 2016): <ul style="list-style-type: none"> <li>• Reduce NEL admissions by 4/ mth</li> </ul> </li> <li>• Risk – None known</li> </ul>
<p><b>Care Home Advanced Scheme (phase 2)</b></p> <p>Intended Outcome: Reduce NEL for nursing/residential home patients</p> <ul style="list-style-type: none"> <li>• CHAS model approved and funding allocated (Apr 2015)</li> <li>• Enhanced support to care homes provided, focus on hydration/falls/LTC’s</li> <li>• Monitoring activity data on admissions from care homes – targeted interventions</li> <li>• Monthly monitoring of impact in place</li> </ul>	<p><b>Target completion date: Oct 2015</b></p> <ul style="list-style-type: none"> <li>• 100 % complete</li> <li>• Impact description: <ul style="list-style-type: none"> <li>• Reduce ambulance conveyance – 15/ mth</li> <li>• Reduce A&amp;E attendances – 15/ mth</li> <li>• Reduce NEL admissions – 10/ mth</li> </ul> </li> <li>• Risk: None known</li> </ul>

# Telford & Wrekin CCG & Local Authority Action Plan

Project & key actions – Telford and Wrekin CCG	Status/ timing
<p><b>Development of Ambulatory Emergency Care</b></p> <ol style="list-style-type: none"> <li>1. Develop an integrated ‘Winter Resilience Team’ to be based at PRH within Social Care hub (Social Worker ,Occupational therapist, Rapid response nurses, voluntary organisation coordinator (age UK)</li> <li>2. Facilitate full MDT approach to EAC to include Winter Resilience Team and GP services</li> <li>3. Development of an integrated primary/secondary approach to management of non –admitted patients. <i>(resolution of non-admitted breaches would account for and average of 4% improvement at PRH)</i></li> <li>4. Ensure appropriate guidelines are in place for the streaming of patients to out of hours GP services.</li> <li>5. Increase in Local Walk in Centre Capacity</li> <li>6. Further development of admission avoidance pathway utilising CCC function to include in and out of hours support for WMAS/GPs and community.</li> <li>7. Medicine Management schemes</li> <li>8. Contract agreement with WMAS to reduce conveyances, and use non-urgent patient transport capacity more effectively to free up paramedic capacity for see and treat/hear and treat.</li> <li>9. Falls prevention scheme in care homes <i>(in place)</i></li> <li>10. Additional rapid response nurse in place to support and provide education to care homes <i>(in place)</i></li> </ol>	<p><b>Target completion date: 30<sup>th</sup> October 2015</b></p> <p>Current status - 50% complete</p> <p><b>Planned expected impact at PRH:</b></p> <p>1&amp;2 - <b>1 %</b> shift in performance</p> <p>3&amp;4 – <b>3 %</b> shift in performance</p> <p>5,6,7,8,9&amp;10 – <b>1%</b> shift in performance</p> <p><b>KPI’s</b></p> <ul style="list-style-type: none"> <li>• Attendance numbers A&amp;E</li> <li>• Rate of admission</li> <li>• 95% non-admitted and admitted</li> <li>• 0 length of stay</li> <li>• Activity of walk in centre</li> <li>• Nursing Home rate of admission.</li> </ul>
<p><b>Patient Flow</b></p> <ol style="list-style-type: none"> <li>1. Local Authority improving Trusted Assessor model to include 2 dedicated Senior Social Workers to facilitate rapid discharge to the ‘Right Place’ with Focus on DTOC and Fit to Transfer patients and management of community beds.</li> <li>2. CCG will continue to fund additional community beds until a decision on ongoing funding contributions towards D2A beds is agreed.</li> <li>3. Development of Discharge to Assess Scheme with Senior Social Worker role as above.</li> <li>4. Review of escalation intelligence and focus on bed day utilisation.</li> <li>5. Roll out BCF to include (Age UK) and Red Cross <i>(in place)</i></li> </ol>	<p><b>Target completion date: 30<sup>th</sup> October 2015</b></p> <p>Current Status 70 % complete</p> <p><b>Planned expected impact at PRH:</b></p> <p><b>1 %</b> shift in Performance</p> <p><b>KPI’s</b></p> <ul style="list-style-type: none"> <li>• DETOC and MFFT list</li> <li>• Length of Stay</li> <li>• Community beds utilisation</li> <li>• 95% admitted</li> </ul>

# GOVERNANCE & MONITORING

## We have agreed a different approach -

### 1. Weekly monitoring at each system level by Chief Officers

- Each action will be programmed week by week so that actions can be closely monitored through to delivery
- Chief Officers in each system will review the action list each week to sign off actions as complete, or to agree mitigating actions to catch back progress
- Weekly performance metrics will be used and reviewed each week to track whether actions are fully realised into targeted benefits

### 2. Monthly programme overview at SRG

- On a monthly basis SRG will receive a standardised progress report from across the system which captures the progress and benefits of high impact actions as well as wider supporting plans from each organisation
- This will include –
  - Progress of each action
  - Impact through KPI's directly related to the actions
  - Key risks for individual and overall delivery
