150 Disclosable Pecuniary Interests

Members were reminded that they must not participate in the discussion or voting on any matter in which they had a Disclosable Pecuniary Interest and should leave the room prior to the commencement of the debate.

Councillor Paul Wynn declared his interest is Planning Applications 15/00329/FUL, Proposed Café at Hadley Farm, Wrexham Road, Whitchurch, Shropshire and 15/00352/VAR as the applicant for both applications. Councillor Wynn stated that he would leave the room during consideration of these applications.

151 Development Land South Of Aspen Grange, Weston Rhyn, Oswestry, Shropshire - (14/01654/OUT)

The Principal Planning Officer introduced the outline application for residential development (All Matters Reserved). The Principal Planning Officer explained that the application had been considered by the Committee on 17th March 2015, at which Members had been minded to refuse the application on the grounds that part of the application was not within the SAMDev and foul drainage infrastructure issues could not be mitigated by conditions. The Planning Officer's report recommended approval of the application, as the proposed conditions were appropriate and relevant.

Members' attention was drawn to the Schedule of Additional Letters which contained additional information from Welsh Water, submitted by the Agent.

Mr Alan Woodrow, on behalf of local residents spoke against the proposal in accordance with Shropshire Council's Scheme for Public Speaking at Planning Committees.

Mr Robert Davies, Agent on behalf of the applicant spoke in support of the proposal in accordance with Shropshire Council's Scheme for Public Speaking at Planning Committees.

In accordance with the Local Protocol for Councillors and Officers dealing with Regulatory Matters (Part 5, Paragraph 15.1) Councillor David Lloyd, as local ward councillor, made a statement and then left the room, took no part in the debate and did not vote on this item. During his statement, the following points were raised:

- He recognised the extent of new building in Weston Rhyn;
- The concerns of local residents in relation to the onsite processing and storage of foul drainage were understandable; and
- He was encouraged that the applicant was taking a wider perspective than had previously been the case.

In accordance with Rule 6.1 of the Council Procedure Rules contained in Part 4 of Shropshire Council's Constitution, Councillor Robert Macey addressed the Committee as the local ward Councillor, during which a number of points were raised including the following:

- The proposals for dealing with foul water drainage were not a long term permanent solution and the objection from Welsh Water remained and for these reasons he could not support the application.

Having carefully considered the additional information and the points raised by the speakers, the majority of Members present, whilst acknowledging the potential benefits the development could bring to the community, stated that their concerns in relation to the overloading of the foul drainage infrastructure remained and for these reasons considered the application to be contrary to Core Strategy Policies CS6 and CS8.

RESOLVED:

That planning permission be refused against the Officer's recommendation for the following reasons:

Having considered the potential benefits to the community, including boosting the Council's Housing supply and generating CIL funds, the Committee were concerned that the foul drainage infrastructure would be overloaded and that at the time of the decision it was not clear on the information available and in the absence of more detailed studies, that the mitigation schemes proposed by the agent would be sufficient or appropriate to ensure that the scheme would overcome the foul drainage issues and therefore that the proposals were contrary to Core Strategy Policies CS6 and CS8.

152 Residential Development Land West of Baytree Close, St Martins - (14/04980/FUL)

The Principal Planning Officer introduced the application for the erection of 3 new dwellings, formation of vehicular access off Baytree Close and associated parking (revised scheme), and confirmed that the Committee had undertaken a site visit that morning to assess the impact of the proposed development on neighbouring properties and the surrounding area.

During his statement, the following points were raised:

- He felt that the application was overdevelopment of the site; and
- A noise attainment survey should be considered;

Having considered the submitted plans for the development, the Committee felt that the proposed development was acceptable, but that additional conditions in relation to noise attenuation measures would be reasonable and appropriate to protect the amenity of future residents of the properties.

RESOLVED:

That delegated powers be given to the Area Planning Manager to grant approval, subject to the applicants entering into a Section 106 Agreement to secure affordable housing and subject to the conditions set out in Appendix 1 of the Planning Officers report and an additional condition in relation to the provision of appropriate integrated attenuation measures in the dwellings to safeguard the amenities of the future residents of the properties - wording to be agreed by the Planning Officer.

During his statement, the following points were raised:

- Granting planning permission would create a precedent;
- There was no benefit to the local community; and
- The access arrangements were poor.

Having considered the submitted plans and listened to the comments made by the speakers, the majority of agreed that the proposals would provide limited benefits to the local community whilst also being outside the development boundary and inconsistent with the linear nature of the village.

RESOLVED:

Having considered the limited benefits to the community of Ash Magna, the Committee were concerned that the proposed development was not plan led, was outside the existing and emerging plan boundary and was inconsistent with the otherwise linear nature of the village.
