The Chairman referred Members to the list of official engagements carried out by herself and the Speaker since the last meeting of the Council on 22 September 2016, which had been circulated at the meeting.

## 56 Public Questions

### Petitions

The Speaker advised that a petition bearing more than 1,000 signatures on behalf of the 'Stop the Meole Brace Roundabout Works' Campaign Group had been received from Mr and Mrs Stoddart, requesting a debate under the Council's Petition Scheme. Mr Stoddart was given 5 minutes to open the debate and outline his case, which was outlined in the information paper included with the agenda papers for the meeting with the key points highlighted as:

1. The design proposals make the current congestion at the Meole Brace retail roundabout worse and increase the likelihood of an accident. The cut through road from the Roman Road towards the Meole Brace retail park should be removed.
2. The priority route should run from Roman Road towards Hazeldine Way and onwards towards Telford Way [the inner ring road]
3. The status of Meole Brace island as a gateway to Shrewsbury should be retained.
4. The scheme is nothing more than a means to access Central Government funds provided through the Marches Local Enterprise Partnership and should be reconsidered and revised.

A debate ensued and the following members spoke in support of the key points made by the petitioners: Mr J Tandy, Mrs A Chebsey, Mr T Clarke, Mrs H Kidd, Mr M Kenny, Mr R Evans and Mr D Kerr. In formally responding to the petition, the Portfolio Holder for Highways and Transportation, Mr S Jones, commented that the debate had not brought forward any additional views to those raised by the petitioners. He stated that the scheme was intended to encourage people to use the inner ring road and not traverse the town centre. He stressed that the Meole Brace retail park was private property and discussions had been held with the landowners with a view to working together to address the issues but he added, that this was a separate issue to the Strategic Integrated Transport Plan. In the absence of the local Member, Mr N Laurens, the Portfolio Holder commented that two public meetings had been held since January 2016, each property in the Ward had received written information and drawings about the works and two drop in public sessions had been held in Shrewsbury.

It was agreed by the majority to take no further action in respect of the petition and the Portfolio Holder for Highways and Transportation to write to the petitioners in response to the main points raised in the petition.

- c) Received from Mr M Kenny and answered by Mr S Jones, Portfolio Holder for Highways and Transportation about issues surrounding the Shrewsbury North West Relief Road including the funding bid and grant obtained under the Department of Transport's Local Majors Fund [LMF]; those to be involved in the associated Outline Business Case and the need for an ecological survey along the entire route of the North West Relief Road.

By way of a supplementary question, Mr Kenny asked how the proposals would illustrate benefits that accorded with the Council's Corporate Plan.

In response, the Portfolio Holder stated that he would provide Mr Kenny with a written response.

- d) Received from M Kenny and answered by Mr M Price, Portfolio Holder for Planning, Housing, Regulatory Services and the Environment about the supply of affordable homes not keeping pace with the demand from those eligible for social housing.

By way of a supplementary question, Mr Kenny asked for further clarification on the plans to answer the current problems caused by the fall in the number of affordable homes for rent.

In response, the Portfolio Holder stated new Policies would be emerging in January 2017 to deal with the issues, the Local Plan would be used to greater advantage and challenges would continue to be made to Government on the level of housing benefit. He considered that properties were available but the biggest issue was whether people could afford to be in them.

- e) Received from Mr T Barker and answered by Mr L Chapman, Portfolio Holder for Adult Services about the cost and delivery performance of the Council's Adult Services as shown in the National Performance and Cost Tables as compared against other authorities.

By way of a supplementary question, Mr Barker conveyed his congratulation to the Portfolio Holder and queried to what the Council's success could be attributed.

- f) Received from Mr D Turner and answered by Mr M Pate, the Leader of the Council and Portfolio Holder for Strategy, Financial Strategy, Budget and Business Plan about the steps taken to give the Authority a clear forward direction.

By way of a supplementary question, Mr Turner queried whether there were any other achievements and ambitions to be made known at this time.

In response, the Leader and Portfolio Holder emphasised the efforts made by the Administration to try to mitigate the Council's financial position and move the authority forward. He stressed that the primary aim was to continue to deliver excellent services to the people of Shropshire.

## 76 Motions

- a) The following Motion was proposed by Mrs T Huffer and seconded by Mr L Chapman

### 'Sustainability and Transformation Plan

On 28 November, the STP for Shropshire and Telford and Wrekin was published. The plan lacks financial detail and fails to adequately consider the deficit in social care funding. Rural services do not feature strongly enough in the plan and any review of community bed capacity must take account of the needs of all our communities across Shropshire, and the importance of these beds in keeping people out of the acute hospital environment.

This Council requests that the Leader writes to Simon Wright, the area lead for the STP, and Shropshire MPs, calling for all services, including maternity services, in our rural communities to be given the priority they deserve in the STP."

After debate and on being put to the vote, the motion was carried with the majority voting in favour.

- b) The following Motion was proposed by Mrs H Fraser and seconded by Mr R Evans

"This Council notes with concern that the government's proposals for an Apprenticeship Levy will result in Local Authority maintained schools contributing 0.5% of their budget to the scheme. This authority considers that public funding for education should not be diverted to supporting the Apprenticeship Levy, and that schools should be exempt from the scheme, particularly as children in Local Authority Schools will be disadvantaged compared with children in Academies or Free Schools.

This Council resolves to write to the relevant Government Minister and our Shropshire MPs to express our concern regarding the proposals, and make the case for schools to be exempt from the Apprenticeship Levy."

After debate and on being put to the vote the Motion was not supported with the majority voting against.

- c) Proposed by Mr R Evans/ the Liberal Democrat Group, seconded by Mr M Price

'This Council notes that the recent Financial Report which was considered and agreed by Cabinet on 9<sup>th</sup> November proposed some funding be diverted into recycling empty homes. This was to help regenerate Shropshire's communities. The amount allocated however is just £250,000 for this year with a similar amount for next year. This is not enough.

Council is disappointed to see just this relatively small amount being allocated. When the present Empty Homes Strategy 2014–17 was first proposed in 2014 the Liberal Democrat Group called it in for examination by a Scrutiny Committee. This cross party group of backbench councillors looked at what was proposed and made five recommendations. The fifth recommendation was

***"That the Task & Finish Group considers that both additional funding and staff resource in the Empty Homes Team would be of significant benefit to both the Council and Shropshire communities. It is therefore recommended that a business case be produced, to be considered by Cabinet on an agreed date, detailing the level of additional funding required to deliver a more widespread and comprehensive approach to Empty Homes work. This should include the additional staffing resource required to carry out the tasks identified in the report's findings, and budget required to be able to effectively utilise enforcement powers, including works in default. It should highlight the positive benefits these measures could have for the Council and Shropshire Communities."***

The report including the above statement was presented to and adopted by the Cabinet on 29 July 2015.

It is understood a business case was produced but never published, was kept secret. Resources were in fact reduced and proposals were made to redeploy staff.

A number of our neighbouring local authorities took a different attitude and have so gained both extra cash off the Government by drastically reducing the number of long term empty homes in their areas and of course increasing the number of home available for residents to live in.

Two examples are

- Cheshire East Unitary Authority has reduced the number of long term empty homes since they were formed in 2009 by just over 50%. In October 2009 they had 3,200 long term vacant dwellings. In October 2015 the total had reduced to 1540.
- Herefordshire has also reduced theirs by over 50%. Reducing the number of long term empty homes over a similar period from 845 to 419.

Shropshire by comparison in October 2009 had 1,940 long term empty homes and 1,526 in October 2015. A reduction of just over 20%, equal to just 69 homes per year being made available for families to live in. The staff we have working in this area work hard but lack resources to enable them to do their work as they would wish, as we would wish and importantly as those in housing need want them to.

It is further noted that;

- For 2016/17 this council is receiving £9.2m from our Government in New Homes Bonus. This includes the contribution council receives from Government due to the 35 vacant homes returned to occupation between October 2014 and October 2015.
- The Shropshire Council web page covering this area was last updated in May 2016 with the message  
***“This strategy is currently under review. An updated version will be made available on this page as soon as possible.”***

Council asks Cabinet to agree “that Public Protection be allowed to use the existing allocated funding for both capital and revenue purposes to achieve the best outcome of reducing the number of empty properties and maximising income from new homes bonus. In any event the performance of the empty property section be reviewed by scrutiny after 12 months”.

After debate, and on being put to the vote the motion was agreed with the majority voting in favour.

Signed
