Shop Front Redecoration Scheme	KEY	Shropshire Council, Albrighton Parish Council	Ongoing			Neighbourhood Fund	Secure funding for basic shop front repairs and redecoration to improve the appearance of the streetscene.
	•		SOCIAL AI	ND COMMUNITY	INFRASTRUC	TURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.

						Contributions	Facilities must therefore be reviewed and sufficient provision made available to support expected development. Within Albrighton there is a Children's Centre in a refurbished wing of Albrighton Primary School.
Refurbishment of the Village Hall	KEY	Albrighton Village Hall Trust, Albrighton Parish Council		£200,000 Funding Secured: £45,000	Market Towns, Albrighton Village Hall Trust.	Neighbourhood Fund	The Parish Council has identified a need for the refurbishment and redesigning of Albrighton Red House main hall and frontage to allow better flexibility for users
Improved leisure facilities	KEY	Shropshire Council, Albrighton Parish Council, MoD, Albrighton Primary School, Youth Service and other VCS youth organisations	Aspirational		Shropshire Council capital programme	Neighbourhood Fund	The Parish Council identifies the sports facilities on the Cosford base which had public access until the IRA threat some years ago. Access to them would address under provision of sports facilities for civilians. The MoD have advised that the facilities at Cosford are already in use by a number of local clubs. The clubs need to be licensed to pay a fee and for insurance purposes. Therefore, whilst the sports facilities on the site are not fully open to the public on an individual basis, civilians are able to use the facilities if they are affiliated with the local clubs which utilise them.
Redevelopment of Abney Avenue play area	PRIORITY	Albrighton Parish Council		£60,000 Funding Secured £60,000	Community Open Spaces, Awards for All	Neighbourhood Fund	Redevelopment of the play area to include new equipment and a new fence.
			ENVIRO	NMENT AND CL	IMATE CHAN	GE	
Improvements to the streetscene	KEY	Albrighton Parish Council, Shropshire Council				Neighbourhood Fund	The Parish Council has identified the need for improvements to the streetscene, particularly in relation to:  • Excessive weed growth on footways  • Unkempt appearance of lamp standards,

Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available – either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and sufficient provision made available to support expected development.  Within Bishops Castle there is one Children's Centre, that is a purpose built stand-alone demountable building colocated with early education provider on school site.
Improvements to Bishop's Castle Town Hall improving public	KEY	Bishop's Castle Town Council	2012	£772,850	Heritage Lottery Fund, Market Towns		HLF application has progressed to second stage (funding now available to develop detailed renovation proposals).

Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered

				Potential	Poten	tial Funding	
Infrastructure Requirement	Level of Priority	Delivery Partner(s)	Timing of Delivery	Cost / Funds Secured	Wider Sources	Developer Contributions	Notes
							<ul> <li>throughout Shropshire. Residential development creates the following impact on children's centres:</li> <li>A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.</li> <li>Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.</li> <li>Facilities must therefore be reviewed and sufficient provision made available to support expected development.</li> <li>Within Bridgnorth there are currently two Children's Centres, these are St Leonards Primary - refurbished part of school; and St Mary's Bluecoat site – stand alone, purpose built demountable on school site.</li> </ul>
Fire safety in new development	PRIORITY	Developers, Shropshire Fire and Rescue Service, Shropshire Council			Developers		Shropshire Fire and Rescue Service have identified the all new development within Bridgnorth should be sprinklered as any development in this location is an issue in terms of attendance time.
Public safety improvements	KEY	West Mercia Police, Bronze Level tasking group					The Bridgnorth Town Plan has identified the need for improvements in crime and safety, including: Day and night time public safety, town centre policing, residential policing, improving communications with police, reducing anti social behaviour, control of drugs and alcohol and to monitor the effectiveness of CCTV.
Adult education	KEY	Shropshire Council, Oldbury Wells and Endowed					The Bridgnorth Town Plan has identified a need for improved communication of existing courses and the development of more choice in multiple locations.

			SOCIAL AN	D COMMUNITY	INFRASTRU	CTURE	A deliberate control to 1.5° deliberate
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and sufficient provision made available to support expected development.  Within Church Stretton the Children's Centre is purpose built stand-alone demountable building co-located with an early education provide on school site.

	1		SOCIAL AND	COMMUNIT	Y INFRASTRU	ICTURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available – either by provision of services on site, or by

				Potential	Potentia	al Funding	
Infrastructure Requirement	Level of Priority	Delivery Partner(s)	Timing of Delivery	Cost / Funds Secured	Wider Sources	Developer Contributions	Notes
							the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and sufficient provision made available to support expected development.  Within Craven Arms the Children's Centre is accommodated within the primary school footprint, in what had previously been the library.
Adult learning	KEY	Shropshire Council, Craven Arms Town Council, Sure Start Children's Centres and Schools				Neighbourhood Fund	The Town Council has identified the need for local training and learning opportunities through existing community venues including Broadplaces and also to support the development of a construction training facility in Craven Arms. Sure Start Children's Centres and Schools provide adult and family learning opportunities as part of their 'parenting support' offer

Market Towns Revitalisation Programme – Market Towns Capital Imitative Fund - Phase 1 fully committed	PRIORITY	Shropshire Council, Local businesses, residents, investors	2010-2015	£0.5 million allocated across 11 designated market towns and key settlements	Shropshire Council capital programme. Match funding from other sources will be explored including LJC funding.		MTRP Projects: Signage improvements; Display boards to help tourism economy; Improvements at the Market Hall; Ellesmere Forge as tourism attraction
Ellesmere Destination improvements	PRIORITY	Shropshire Council	Ongoing		Shropshire Council capital programme	Neighbourhood Fund	The Town Council has identified a need to continue improvements to terrace gardens up to Ellesmere House.  The boat house plays a significant role in marketing and development of the town.  There is potential for further phases of development at Wharf and Ellesmere Yard with Canal and River Trust. Ellesmere Yard is in the ownership of Canal and River Trust and has been identified as having potential for a mix of tourism, leisure, employment and residential uses. Canal and River Trust are currently working on proposals to open up a large part of the yard.  Canal and River Trust are particularly keen to help develop a heritage museum and are developing a business case. The condition of the buildings is such that a significant amount of gap funding will be required to realise the project.  Connection between wharf, mere and town

				Potential	Potent	ial Funding

							centre has been raised as important. Shropshire Council's Historic Environment Team has identified opportunities around the Tesco site, for heritage led regeneration. With a link to the Canal and River Trust yard via the new marina development.
Ellesmere Business Park Phase II	PRIORITY	Shropshire Council	2013-2015	£2.89 million	Shropshire Council capital programme		Expansion of business park. The Town Council has identified a need for conference facilities and offices The Town Council has also identified the possibility of enhancing access to the football club through Phase II by providing a link across the brook.
Adoption programme for council owned employment sites	KEY	Shropshire Council	2010-2014	£1 million	Shropshire Council capital programme		Ellesmere Business Park.
Provision of accommodation for tourists	KEY	Ellesmere Town Council, Shropshire Council, Private Sector	Aspirational		Developer led		The Town Council has identified an interest in there being more accommodation provision in Ellesmere in order to encourage visitors to stay longer.
Shop Front Redecoration Scheme	KEY	Shropshire Council, Ellesmere Town Council	On-going			Neighbourhood Fund	Secure funding for basic shop front repairs and redecoration to improve the appearance of the streetscene.
		9	SOCIAL AND	COMMUNI	TY INFRASTR	UCTURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of developme nt	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.

				Potential	Potent	ial Funding	
Infrastructure Requirement	Level of Priority	Delivery Partner(s)	Timing of Delivery	Cost / Funds Secured	Wider Sources	Developer Contributions	Notes
							<ul> <li>Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:</li> <li>A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.</li> <li>Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.</li> <li>Facilities must therefore be reviewed and sufficient provision made available to support expected development.</li> <li>Within Ellesmere the Children's Centre is a purpose built stand-alone demountable close to early education providers on a primary school site.</li> </ul>
Enhance streetscene	PRIORITY	Town Council				Neighbourhood Fund	<ul> <li>Identified community priority. To include:</li> <li>Support to local shops such as a four/five year decoration programme.</li> <li>Installation of historic finger posts, waymarkers, milestones, mileposts and street signs.</li> <li>Identification of opportunities to improve the visual amenity of car parks in the historic town centre.</li> <li>Increased provision of wayfinding signs and landscaping.</li> </ul>
Improvements to the Mere	PRIORITY	Town Council				Neighbourhood Fund	Identified community priority. Ensuring the Mere and surrounding area is as attractive as possible to visitors. The Town Council has identified the need for the Lady Katherine Steamboat to be homed at the Mere, to prevent transportation costs out of season.
Improvements to canal towpath	PRIORITY	Town Council				Neighbourhood Fund	Identified community priority.

			SOCIAL AN	ID COMMUN	ITY INFRASTE	UCTURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependen t upon developer s' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are

Infractructure	Lovelof	Delivery	Timing of	Potential	Potenti	ial Funding

							Identify opportunities to improve the connectivity of the canal wharf to the rest of the town.
Market area improvements	KEY	Shropshire Council	Ongoing			Neighbourhood Fund	Reverse market stalls on market day so shops are easily accessible, upgrade and enhance markets street, interpret and improve wayfinding signs.
Shop Front Redecoration Scheme	KEY	Shropshire Council	Ongoing			Neighbourhood Fund	Secure funding for basic shop front repairs and redecoration to improve the appearance of the streetscene.
Pavement Lights/ Cellar Flaps Program	KEY	Shropshire Council	Ongoing			Neighbourhood Fund	Survey all town centre streets to assess condition and undertake repair and replacement program.
			SOCIAL A	ND COMMUN	ITY INFRASTRU	JCTURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Depende nt upon developer s' timescale s	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.

Infrastructure	Level of	Delivery	Timing of	Potential	Potent	ial Funding	
Requirement	Priority	Partner(s)	Delivery	Cost / Funds Secured	Wider Sources	Developer Contributions	Notes
							Facilities must therefore be reviewed and sufficient provision made available to support expected development. Within Market Drayton there are two Children's Centre at the Market Drayton Infant School and Market Drayton Longlands. These are both purpose build stand-alone demountables close or co-located to an early education providers.
Integrated health services	KEY	Shropshire, NHS England, Schools/ Children's Centres			NHS England		Potential for various integrated services at the medical centre.  The Council's Extended Schools Team has identified the potential to link Child Health priority in children's centres. Healthy schools work at schools, HENRY(Health Exercise Nutrition for the Really Young), with other local and national health improvement needs and objectives – working together to make best use of available resources and to target specific groups most appropriately (eg Health Visitors and School Nurses - Breast Feeding Peer Group Supporters/National Obesity Strategy).

opportunities for key sites							need for development advice to outline the opportunities that are available for key sites and how community benefits can be maximised.
High Street refurbishment	KEY	Shropshire Council	Ongoing			Neighbourhood Fund	Encourage refurbishment of Buildings at Risk on the High Street opposite the Gaskell Arms. The Town Council has highlighted the need to include Plot 26 on High Street.  The town Council has had discussions with the new owner regarding plans to improve the site. A Planning Application is expected shortly.
Shop Front Redecoration Scheme	KEY	Shropshire Council, Much Wenlock Town Council	Ongoing			Neighbourhood Fund	Secure funding for basic shop front repairs and redecoration to improve the appearance of the streetscene.
Pavement Lights/ Cellar Flaps Program	KEY	Shropshire Council, English Heritage	Ongoing			Neighbourhood Fund	Survey all town centre streets to assess condition and undertake repair and replacement program.
			SOCIAL AI	ND COMMUNITY	<b>INFRASTRUC</b>	TURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.

Infrastructure	Level of	Delivery	Timing of	Potential Cost/	Potentia	al Funding	
Requirement	Priority	Partner(s)	Delivery	Funds Secured	Wider Sources	Developer Contributions	Notes
							Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and sufficient provision made available to support expected development.  Within Much Wenlock there is currently on Children's Centre.
Shropshire Hills LEADER Programme (focus on hinterland not the market town)	KEY	AONB with Shropshire Council as accountable body, AONB Partnership		Cots: £1.32million Funds secured: £1.32millioon	RDPE		Supports basic services, village renewal and development, conserving/upgrading rural heritage, training and information, cooperation. Maintain, manage, create and restore lowland calcerous grassland in the Oswestry Hills project area	KEY	Shropshire Council, Butterfly Conservation, Tarmac, Shropshire Wildlife Trust	Ongoing	c£78,000	Private sector  Developer  contributions	NHS England	Identified as a Priority Area for Action by the Shropshire Biodiversity Partnership. Will assist in addressing the current under provision in natural and semi-natural open space.  Creation/maintenance of c2oha lowland calcerous grassland over a 20yr period.
Shropshire Union Canal- Queens Head	KEY	Morris Leisure, Shropshire Council, Natural England, Canal and River Trust	Aspirational		Regional Growth Fund, Private Sector		Canal and River Trust would like to see the development of the site at Queens Head as a canalside destination, attracting visitors to the area and including space for additional boats, as set out in the Conservation Management Strategy for the canal (CMS). Funding is, however, necessary for ecological mitigation in terms of an offline local nature reserve, as required by Natural England, to provide a refuge for internationally scarce plants for which the canal is designated as an SSSI. This is necessary under the CMS for long-term increases in boat movements to be permitted.

Pavement Lights/ Cellar Flaps Program	KEY	English Heritage	Ongoing			Neighbourhood Fund	Survey all town centre streets to assess condition and undertake repair and replacement program.
			SOCIAL AI	D COMMUNIT	TY INFRASTR	UCTURE	
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and

Review of Children's Centre services	PRIORITY	Shropshire Council	Depende nt upon developer s' timescale s	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and sufficient provision made available to support expected development.  Within Wem there are currently no Children's Centres.
Town Museum	KEY	Wem Civic Society, Shropshire Council				Neighbourhood Fund	The Civic Society has identified a need for a Town Museum. A virtual museum is created but there is also a need for a physical one with a presence somewhere within the town centre.
Wem Town Hall	KEY	Shropshire Council	Ongoing				Work is required to ensure the long term financial stability of the Town Hall
Morgan library building	KEY	Wem Town Council,	Ongoing				The Town Council has identified a desire to use the Morgan library for community use, should it become available in the future.

		Developers, Shropshire Council					of Development DPD. Whitchurch Town Council supports the retention of a sufficient police presence in the town, proportional to its population.
Review of Children's Centre services	PRIORITY	Shropshire Council	Dependent upon developers' timescales	Dependent upon extent and location of development	Private sector financed	Neighbourhood Fund, CIL (Local)	A children's centre is defined by law as a place or group of places:  • Managed by, or on behalf of, an English local authority, with a view to securing that early childhood services are made available in an integrated manner through which early childhood services are made available — either by provision of services on site, or by the provision of advice and assistance in gaining access to services elsewhere  • At which (some) activities for young children are provided on site.  Children's Centre services are delivered throughout Shropshire. Residential development creates the following impact on children's centres:  • A higher volume of parents and carers accessing provision in what tend to be relatively small spaces, resulting in the potential of further investment required to increase space.  • Where the children's centre services are delivered in part of an existing school building, increasing demand for school places can result in conversion of this space back into a Primary School.  Facilities must therefore be reviewed and sufficient provision made available to support expected development.  Within Whitchurch there are currently no Children's Centres.
Whitchurch Civic Centre	KEY	Whitchurch Town Council				Neighbourhood Fund	Whitchurch Town Council has identified the need to enhance facilities at the Civic Centre.
