

## To Shropshire Council Licensing Department

We the undersigned who are all Hackney plate holders Zone 4 of Shropshire Council, wish to request a change to the tariff card for Zone 4 only.

The change being that Sunday day rate is changed from tariff 2 too tariff 1.

As time goes on we find that more and more products and services are available to use and purchase on a Sunday, most people that work on a Sunday are not paid any extra to do so as it is part of their normal contracted hours.

As a result of this the general public are reluctant to pay extra for anything on a Sunday including taxis, of which is impacting our trade.

As some drivers will not negotiate from the legal maximum, and others do negotiate, we find is confusing to the public

Therefore we want this change in order to make charges for taxis more transparent to the public on a Sunday.
