

Computer Skills for All

Autumn/Winter
2018

Whats on offer?

These days everything seems to be on a website, and if you aren't sure how to use a computer you can feel left behind.

There are lots of opportunities in Shropshire to have a go at using a computer for the first time. This leaflet lists all the learning venues in Shropshire by area.

Everyone is welcome, you can go at your own pace, with no pressure and there is lots of support available. Most sessions are free or ask for a small donation. If you have a laptop, bring it along or there are computers you can use.

Many sessions are run by volunteers so it is a good idea to check that a session is running before making a special trip. Please call the number provided by the details of each venue.

If you have a friend or relative who would enjoy going online, but hasn't quite got the confidence, you are welcome to bring them along to a session.

Vision Technology Training Service (VTTS)

VTTS is a service provided by Shropshire Council that covers the whole of Shropshire. If you experience difficulties seeing computer screens and your sight needs cannot be accommodated within your local centre, VTTS can offer computer support, advice and training.

Telephone 01743 257745 or 01743 257746 for details.

Access for All

Computers can easily be adapted for users who have particular access needs. Please speak to the venue near you to discuss your requirements and we will do our best to help.

Shropshire Libraries

There are 21 libraries in Shropshire and all offer free use of PC's for up to 2 hours per day for members, £1.10 for guest users. Wi-Fi access is available in all Shropshire libraries. Phone or ask at your local library about facilities available or IT help sessions offered.

Would you like to help others use a computer?

You don't need to be a computer expert to get involved.

If you have some basic IT skills and would be willing to share what you know with others we would love to hear from you. It can be a great way to meet new people, develop your skills and help others discover the joys of the world wide web!

Contact the venue near you for more information and to arrange a taster.

Information points from which customers can seek general IT advice and information are available at:

**Edinburgh House, Wem (Shropshire Housing Group),
The Gateway, Craven Arms (Shropshire Housing Group)
Digital Den at Meole Brace (Sevenside Housing)**

If you cannot find a venue in your village and need transport to get there, you may wish to use one of the local community transport groups in the county.
