Innage Lane
Bethphage
where potential comes to life

Welcome to Innage Lane

Innage Lane is a small friendly day service located in the picturesque town of Bridgnorth. Here the emphasis is truly on the individual, through a tailored activity programme that we renew and revise on a term time basis. We run a thriving social enterprise, with sales points within the community, that also encompasses skills for work to support individuals to move forward.

The vibrant staff team are keen to support individuals in a person-centred way with varied inhouse sessions including skills for life and independent living, social enterprise, numeracy and literacy, social media skills and safety, women's & men's groups, express yourself through music, cook & eat sessions, I.T skills, fundraising events and much more.

We also run several sessions within the community, including horse riding, walking group, outdoor gym, local photography, bowling, running workshops within the community and more. These are a selection of sessions that we run on a programmed basis which changes seasonally.

We take an active role in fundraising for charities such as Children in Need and Comic Relief. We are able to offer a state-of-the-art personal care room with ceiling tract hoist.

At Innage Lane we pride ourselves on an open and clear approach with quarterly drop-in days and two-way communication with parents and carers.
