8. Site Allocations and Management of Development (SAMDev).

The second major part of the Local Development Framework (LDF) outlines potential allocations of land and detailed policies to manage new development, following the Strategic Framework of the Core Strategy (which sets out the long term vision, objectives and policies but does not go into detail or allocate specific sites for development).

The Issues and Options document has been open to consultation since 2 April with comments being requested by 25 June 2010. A separate SAMDev consultation document is being produced for each LJC area, (except for the Shrewsbury and Bayston Hill LJCs where there is one single document), in order to make the process more meaningful and accessible to the public and stakeholders.

Copies of Planning for a flourishing Shropshire in the Burnell and Severn Valley Local Joint Committee area will be available at the meeting. It can also be downloaded from <http://www.shropshire.gov.uk/planning/nsf/open/5F0348FBB3E36E2F802576F600487DA5> or the webpage for this meeting.

Tim Barker will give a presentation on the consultation.
