Each review should consider how schools within the local area meet the needs of the wider community A Dis Sdis

Where a Head vacancy arises governors should initially consult with the Council and local schools to explore possible options/benefits of partnership working with on or more schools ? A Dis Sdis

Methods and criteria used to distribute funding should be reviewed to provide incentives for possible future partnership working between schools ? A Dis Sdis

Proposed changes to formula funding should ensure that the level of resources per pupil in larger primary schools is protected in relation to smaller schools A Dis Sdis

Number of unfilled places is high and will rise. Funding should be linked to registered pupils since it costs more to educate pupils in schools that are not full thus a reduction in unfilled places is necessary. A Dis Sdis

Any closure proposal must ensure that affected pupils have continued access to extended services; opportunities for personal development; access to academic & vocational training; participation and support for those with particular needs
