10. PROJECT DESCRIPTION

Include the overall purpose and aims of the project and the main activities.

To buy Games for our club, so the teenagers can stay active and gain sharing skills, and stay healthy. The main reason is the young people have fun and enjoy themselves at our youth club.

11. NEED AND DEMAND:

What is the evidence that justifies the project activities? To what extent is the project needed? Detail any consultation you have undertaken. What is the scale of demand for the project activities? Does demand vary across the area of benefit, or by different groups of people?

We share a will with other youth clubs. We have been running for 2½ years and have a regular 12 young people that attend our club. All our board games came from the charity shops or was given to us, we meet on a Monday night and we like to give them a variety of things to do.

12. ADDED VALUE

In what ways will the project be additional to what is already being done?

This money would mean a lot to us to buy new games and would help to boost our numbers so we can encourage more young people to come to our club, so they don't roam the village.
