1.	DETERIORATION OF CALCOTT LANE FROM USE AS A BUS ROUTE	Team Leader Public Transport	<p>Further discussions have been held with Arriva on altering the route of bus service 70 (Oswestry – Shrewsbury) so that it does not operate on Calcott Lane but continues to serve Shelton Hospital and Oxon Business Park. It is now proposed to remove all buses, including Sunday, from Calcott Lane by sending the Service 70 direct down the Holyhead Road, turn into Welshpool Road and serve the hospital by turning around on the first roundabout and continuing into Shrewsbury along Welshpool Road and The Mount. This proposal would also restore a 30 minute daytime frequency to Shelton Hospital and parts of Bicton. However, this would also result in the withdrawal of the bus service from the stops between the junction of Calcott Lane / Welshpool Road and Shelton Island but there is minimal use from these stops.</p> <p>Agreement to these changes has been received in principle from Bicton Parish Council and the local Shropshire Council Members. The views of Shrewsbury Town Council are being sought.</p> <p>Subject to the Town Council's agreement to the changes, Shropshire Council will be issuing a press release informing the public of the proposals which will then enable anyone with</p>
