Market Drayton Tennis Club	Practice Wall	£1,000	24-Sep-08	<p>On 11 Feb 2010 Amanda Williams provided the following update "We have some new faces on the committee this year and we hope to get things moving! We are organising a 'Rusty Rackets' event to encourage new members in March and then we need to look at moving forward with the practice wall as well as plans to improve the club house. I have been asked to take details to the next meeting of maintenance costs over the past 5 years so that we know how much money we can safely commit to these projects. Will up date you as soon as I know more"</p> <p>Previous History - There has been a delay in this project for which the Tennis Club apologised. Market Drayton Tennis Club were waiting for Greenfields Sports Association to build a shed and spectator stand next door to them which may have impacted on the position and size of the practice wall. After researching the various options for a wall it is felt that a brick built wall would not be suitable and that the mesh rebound wall is required at a cost of £5,000. This will enable adults to play while children use the mesh wall.</p>	To be monitored
