## PROGRESS UPDATE

**Responsible Officer** Graham Chidlow  
e-mail: [graham.chidlow@shropshire.gov.uk](mailto:graham.chidlow@shropshire.gov.uk)

Tel: (01743) 252072 Fax (01743) 252184

## Summary

The report provides the Committee with details of the progress made on the issues raised at the previous meeting.

## Recommendations

The Committee are asked to note and comment on the progress made. A summary of the key issues raised and the work undertaken to date is attached at **Appendices A and B**.

## REPORT

1. Local Joint Committees have been established across Shropshire. Representatives from Shropshire Council and Shrewsbury Town Council are represented on the Committee for the Meole, Column and Sutton area.
2. At the first meeting of the Local Joint Committee for the Meole, Column and Sutton area a workshop exercise was conducted to identify key local issues. Appendix A highlights the highways issues raised, progress made and responses obtained following the meeting. An officer from Shropshire Council Highways Department will attend the meeting to respond to the highways issues raised at the last meeting.
3. Attendees at the first meeting were asked to highlight positive aspects of living in the area. Residents felt there were many positives including living in proximity to the Reabrook Valley, the work of the Meole Estate Community Action (MECA) and the involvement of Severnside Housing in the community. These are highlighted in Appendix B together with any non highways related issues that were raised at the meeting.

**List of Background Papers (This MUST be completed for all reports, but does not include items containing exempt or confidential information)**

N/A
