

COMMENTS, QUESTIONS AND SUGGESTIONS from 1 February 2011**Shifnal and Sheriffhales Local Joint Committee**

Ref	Comments/Questions/Suggestions	Response From	Response/Action
1	Invite Gavin Wong and contractors regarding flooding.	David L Edwards Flood and Water Manager	<p>We have a programme of flood forums across Shropshire. The aim of these forums is to talk openly, with all stakeholders, about drainage and flooding issues in the area. Town and Parish Councils are invited to attend and are encourage to be active members. So far, we've had positive feedback from those who have attended the flood forum meetings, though we are always looking to increase the number of councils who show an interest in this area.</p> <p>The Shifnal and Sheriffhales LJC area falls within the Shifnal and Albrighton Flood Forum boundary. The last meeting of this forum was in November. The next meeting of the Shifnal and Albrighton Flood Forum is on Tuesday the 7 June at 2pm. The meeting will be held at Shifnal Village Hall. I would ask that the town/parish councils concerned come along to the meeting to discuss any issues. We will be on hand, as will the Environment Agency and Severn Trent Water to answer any questions.</p>
