| <p>A further comment has been received which indicates: <i>The proposed site is connected to Whitchurch by 2 miles of winding single track minor road with limited stretches of clear visibility, then a reasonable B road after tilstock. Their current site is connected to Whitchurch via a major A road (the A41) including a section of dual carriageway.</i> <i>So while it is true that the proposed site is marginally closer, it still takes longer, and much more so in winter as the minor roads are not so well maintained.</i></p> <p>Officer comment.</p> <p>No further comment to that as set out in the report.</p> | | |
