LICENSING ACT SUB-COMMITTEE – LICENSING ACT HEARING PROCEDURE

Responsible Officer Mandy Beever - Transactional and Licensing Team Manager
e-mail: mandy.beever@shropshire.gov.uk Tel: 01743 251702

1. Summary

- 1.1 The purpose of this report is to seek member's approval for the proposed new procedure for the conduct of Licensing Act hearings, including the Chair's opening statement and the process to be followed during a hearing.
- 1.2 The report also seeks member's approval for a recommendation to be made to full Council that the procedure for Licensing Act hearings is removed from the Council's Constitution in order to facilitate a more flexible process which better represents the intentions of the Licensing Act 2003 (Hearings) Regulations 2005.

2. Recommendation

- 2.1 That members approve the replacement of the existing hearing procedure and Chair's statement (**Appendix A**) with the proposed new hearing procedure (**Appendix B**) and Chair's statement (**Appendix C**), including any changes deemed necessary.
- 2.2 That members recommend to full Council the removal of the hearing process from the Council's Constitution.

REPORT

3. Risk Assessment and Human Rights Act Appraisal

- 3.1 There are no specific risks associated with this report
- 3.2 The recommendations contained in this report are compatible with the provisions of the Human Rights Act 1998.

4. Financial Implications

- 4.1 There are no financial implications associated with this report.

5. Background

- 5.1 Licensing Act hearings are convened by the Council and conducted by three members of the Strategic Licensing Committee who sit as the Licensing Act Sub-Committee. A Licensing Act hearing, although similar to, is not intended to replicate a court setting and the Licensing Act 2003 (Hearings) Regulations 2005 ('the Regulations') determine that it is for Licensing Authorities to decide the process their hearings will follow.
- 5.2 Hearings are required where there have been relevant representations received to a licence application or notice which cannot be resolved within the given consultation period for the particular type of application or notice.

In the financial year 2018/19 seven hearings were held, one of which was for a new premises licence application, four were for full variations to premises licences and two were for reviews of premises licences. In the current financial year there have been three hearings to date, all of which were reviews of premises licences.

Although they are not necessarily frequent, Licensing Act hearings are resource and time intensive for all parties involved, it is therefore critical that the procedure they follow is efficient.

- 5.3 The Regulations state that hearings should take the form of a discussion led by the authority, allowing for some flexibility in proceedings and interaction between the involved parties. This approach means that hearings can be managed according to the specific application being considered, without the imposition of a rigid process which could potentially limit the usefulness of the discussions held. The intention of this approach is to provide the Sub-Committee with a well-rounded view of the issues surrounding an application before determining it.
- 5.4 It is necessary however to have at least a framework in place to direct the order of business during a hearing. This ensures that hearings focus on the licensing objectives that have given rise to the representations which have made the hearing necessary, that they do not stray into undisputed areas, that the principles of natural justice are applied and that each party has an opportunity to be fairly heard.

Whilst the Chair of a hearing does ultimately retain the discretion to determine the process of each individual hearing, having a written procedure to follow makes the process more transparent and less daunting for all parties involved.

- 5.5 It has become apparent that the current procedure for conducting Licensing Act hearings does not meet the objectives in 5.4. It is not as streamlined as it could be and does not facilitate a timely process which is logical and comprehensible for all parties involved. For these reasons the proposed new procedure and Chair's statement have been developed. The new procedure proposes a logical order of proceedings which is easy to follow for all parties and provides anyone unfamiliar with the Licensing Act Hearings with some

basic guidance on what to expect in a hearing, and what will be expected of them. This makes the process more accessible and will lead to more efficient hearings.

- 5.6 The current hearing procedure forms part of the Council’s Constitution. It is not clear at what point this became the case, there is no requirement in the Licensing Act 2003 or Hearings Regulations for the procedure to form part of the Constitution. Any change to the Constitution, including the removal of any items from the Constitution, requires approval by full Council.
- 5.7 Procedurally there does not appear to be any particular benefit, either to the Sub-Committee or to the parties involved in the hearing, in having the hearing procedure form part of the Constitution. It overly formalises a process which is clearly intended by the Regulations to be flexible and responsive according to the needs of the particular application being considered.

The setting of the procedure in the Constitution also makes it less able to be reactive to change as and when it may be required more generally, for example when the Statement of Licensing Policy is reviewed.

- 5.7 For the above reasons it is felt that a hearing process which is not set in the Council’s Constitution would be preferable, making it able to react to change and respond to procedural issues as and when they arise. Decision making regarding the hearing procedure would appear to be better placed as a matter of ordinary business for the Strategic Licensing Committee, as the members who conduct Licensing Act Sub-Committees and therefore have the experience to determine the most appropriate process and when it may need reviewing or amending.

Licensing Act Sub-Committee – procedure for Licensing Act 2003 hearings

General

The below procedure outlines the process that will ordinarily be followed during a Licensing Act Sub-Committee hearing. The Sub-Committee will seek to focus the hearing on the licensing objectives that have given rise to the representations which have made the hearing necessary. They will aim to ensure that the hearing stays on track and does not stray into undisputed areas. A Licensing Act Sub-Committee hearing is not a court and in general a less formal, discussion based approach will be taken. The below procedure provides a framework for this to ensure the principles of natural justice are applied, and that each party has an opportunity to be fairly heard.

It will ultimately be for the Chair of the hearing to determine proceedings using their discretion, whilst ensuring compliance with the Licensing Act 2003 (Hearings) Regulations 2005 (SI 2005/44).

Licensing Act Sub-Committees are meetings held in public and not public meetings, therefore only persons who have made valid representations (or their representative) will be permitted to speak.

Any person who disrupts a hearing may be required to leave. It is for the Chair to decide if a person's behaviour is considered disruptive and if they will be permitted to return to the hearing, which will be subject to such conditions as the Committee deem necessary.

1. Legal officer requests nominations for appointment of the Chair

For each Licensing Act Sub Committee hearing a Chair must be appointed to oversee the proceedings. A nomination for Chair from the Committee will be requested and agreed at the beginning of the hearing.

2. Committee declarations of interest

It is important that hearings are conducted in a fair and open way, and that no member of the Committee has an interest in the premises, or relationship with any person making a representation which might influence their decision making. Members of the Strategic Licensing Committee cannot sit on Licensing Act Sub Committees if they are the elected member for that area, or if they have another particular interest in the premises/area. However, there may be unforeseen circumstances which are appropriate to be declared as an interest at the start of a hearing. If, following the declaration of an interest, any party feels a Member's decision making may be prejudiced they should make it known. The hearing may then need to be adjourned so the Committee can be re-appointed.

3. Introductions

The Committee will introduce themselves and the Chair will invite all those around the table to introduce themselves.

4. Chair's statement

The Chair of the Committee will read a statement which briefly explains the process the hearing will follow and what will be expected of each party. Parties will also be invited to present any witnesses and additional evidence at this point.

5. Licensing Officer presents report

The Licensing Officer's report is a summary of the application and any representations received. The report informs the Committee, and others present, what must be taken into consideration as part of the Committee's decision making, and details what decisions the Committee is able to make for the particular application being considered.

6. Questions for the Licensing Officer

Each party will be given an opportunity in turn to ask any relevant questions of the Licensing Officer about their report, or ask for any points of clarification, in the below order.

Responsible Authorities
Other persons
Applicant
Committee

It is for the Chair to decide when a question has been adequately answered, or if a question is not appropriate.

7. Applicant presents their case

This is the opportunity for the applicant to summarise their case. For new premises licence applications, variations to premises licence applications, temporary event notices or personal licences the applicant should cover what their application is for and why they do not feel the application presents a risk in terms of undermining the licensing objectives.

Applicants for a review of a premises licence should use this opportunity to explain why they felt a review was necessary and any steps they feel need to be taken to ensure the premises does not undermine the licensing objectives.

Any additional relevant points can be made at this stage, but no new evidence should be introduced.

8. Questions for the Applicant

Each party will be given an opportunity in turn to ask any relevant questions of the applicant about their presentation, or ask for any points of clarification, in the below order.

Licensing Officer
Responsible Authorities
Other persons
Committee

It is for the Chair to decide when a question has been adequately answered, or if a question is not appropriate.

9. Responsible Authorities present their case

Any responsible authority who has made a representation to the application will be given an opportunity to outline their case and the reasons they made a representation.

Presentations will take place in the following order, dependent on which Responsible Authorities are present:

Police
Fire Service
Environmental Health
Planning
Trading Standards
Children's Services
Public Health
Home Office
The Canal and River Trust
Licensing Authority

Any additional relevant points can be made at this stage, but no new evidence should be introduced.

10. Questions of the Responsible Authorities

After each presentation from a Responsible Authority there will be the opportunity for each party in turn to ask any relevant questions of the Responsible Authority about their presentation, or ask for any points of clarification, in the below order.

Licensing Officer
Other persons
Applicant
Committee

It is for the Chair to decide when a question has been adequately answered, or if a question is not appropriate.

11. Other persons who have made a representation present their case

Any other person who has made a representation to the application will be given an opportunity to outline their case and the reasons they made a representation.

Any additional relevant points can be made at this stage, but no new evidence should be introduced.

12. Questions of other persons

Each party will be given an opportunity in turn to ask any relevant questions of the applicant about their presentation, or ask for any points of clarification, in the below order.

Licensing Officer
Responsible Authorities
Applicant
Committee

It is for the Chair to decide when a question has been adequately answered, or if a question is not appropriate.

13. Closing remarks from each party

In the following order:

Licensing Officer
Responsible Authorities
Other persons
Applicant

Each party will be permitted a brief opportunity to make any closing remarks. This should not be a repeat of the case already made or discussions during the questions, but a party may have some points to clarify or additional comments as a result of the questions and discussion. If a party has nothing further to say they do not have to speak.

14. Any necessary comments/clarification from Legal Officer

Throughout the course of the hearing there may have been legal points raised or specific issues which require clarification from a legal perspective. The Legal Officer will provide that advice at this time.

15. Chair sums up and explains process for deliberation

The Chair will make a summarising statement and explain the process for deliberation. If it is clear a decision will not be made on the same day, the Chair will explain that at this point. If it is likely a decision will be made on the same day, parties may wait outside and will be called back in to hear the decision. There is no requirement for parties to stay and hear the decision. In all circumstances the decision will also be sent in writing within 5 working days.

16. Chair presents decision

Parties will be called back in and the Chair will present the Committee's decision and explain the reasons for the decision reached. There will be no further opportunity for parties to comment on or discuss this. The Chair will explain the process for making appeals. If, during the course of their deliberation, the Committee decide that they need more time to deliberate and come to a decision, they will call the parties back in and inform them that their decision will be sent in writing within 5 working days.

What happens after a hearing?

Once the Committee have reached a decision all parties present at the hearing, and anyone who made a representation but did not attend the hearing, will be notified of the decision in writing (either by post or email) within 5 working days of the last day of the hearing.

Any party who feels aggrieved by the decision of the Committee has the right to appeal to the Magistrates' Court. This appeal must be made in writing, within 21 days of the notice being received, to:

Stafford Magistrates Court
The Combined Court Centre
Victoria Square
Stafford
Staffordshire
ST16 2QQ

Chair's Statement

The Committee has read and considered the representations and evidence submitted by all parties in relation to the application. Therefore, presentations should be succinct and kept to a brief summary of key points. There is no need to read out written representations or re-iterate the details of written representations at great length. The Chair will intervene if it is felt that presentations are becoming overly long, are going off track or do not relate to the application being considered.

The procedure for the hearing is provided on the tables for you, in general we will aim to keep to this order of business to ensure the timely and fair conduct of the hearing for all parties. If it is felt necessary during the course of the hearing, the Committee may make the decision to deviate from the procedure. This is at the Committee's discretion.

There are opportunities throughout the hearing for each party to ask questions of others following their presentations. Please ensure that you use this opportunity to ask questions only, and not to make any further points or statements. It is for the Chair to decide if questions are appropriate and relate to the matter in hand. Any behaviour considered to be disruptive by the Chair may lead to parties being asked to leave the hearing.

Does anybody have any questions regarding the hearing process or how the hearing will be conducted?

(Question for the Licensing Officer)

Have any of the representations made been withdrawn?

If yes, these representations need to be withdrawn from consideration, if the person who made the representation is present they will not be able to present that representation.

(Question for all parties)

Would any party present like to withdraw their representation?

If yes, these representations need to be withdrawn from consideration, the person present who is withdrawing will not be able to speak.

(Question for all parties)

Does any party have any evidence not already submitted which they would like to put forward for consideration? Please be aware that this can only be done with the agreement of all other parties present and the Sub-Committee and may necessitate the hearing being adjourned so it can be properly considered by all parties and the Sub-Committee.

If yes, the party should be given an opportunity to explain what their evidence is and why they were not able to submit it prior to the hearing. All other parties will need to be consulted to see if they agree to the evidence being submitted. If any party disagrees it cannot be submitted. Committee also need to decide if they agree, if not it cannot be submitted.

(Question for all parties)

Does any party have any witnesses they wish to call?

If yes, party needs to introduce witness and give a brief summary of the purpose of calling the witness/the points they will make. Committee then need to decide if the witness is relevant and will be permitted.

LICENSING FEES AND CHARGES 2019-2020

Responsible Officer Mandy Beever, Transactional and Licensing Team Manager
e-mail: mandy.beever@shropshire.gov.uk Tel: 01743 251702

1. Summary

1.1 This report proposes revised fees for the period 1 April 2020¹ to 31 March 2021 for licences and licensing related activities where the authority has the discretion to determine the relevant fees and relates to:

- hackney carriage and private hire vehicles and drivers;
- private hire operators;
- public health (acupuncture, tattooing, semi-permanent skin colouring, cosmetic piercing, electrolysis);
- animals (hiring out horses, providing day care for dogs, boarding for cats, home boarding, kennel boarding, breeding for dogs, selling animals as pets, keeping or training animals for exhibition, dangerous wild animals and zoos);
- scrap metal;
- sex establishments;
- street trading;
- explosives and fireworks;
- distribution of free printed matter; and
- pleasure boats and vessels.

1.2 The report also proposes revised fees under the Gambling Act 2005 in relation to gambling activities where the authority has the discretion to determine fees up to legally set statutory maximums.

1.4 The statutory fees that must be charged for specific licences, permits and registrations under the Licensing Act 2003, the Gambling Act 2005 and explosives and fireworks legislation are also set out within the report.

1.5 Those licensed activities for which no fees may be set are also highlighted.

2. Recommendations

¹ The fees applicable to hackney carriage, private hire vehicle and operator licences may become effective on a date prior to the 1 April 2020. This is because the Council must follow the process prescribed by Section 70 of the Local Government (Miscellaneous Provisions) Act 1976 to vary these fees and the actual date that the fees become legally effective is dependent on whether or not objections are made as part of the prescribed process. Whilst not legally required to do so, the Council has historically applied the same process to hackney carriage and private hire vehicle drivers licences.

- 2.1 That the Committee notes the statutory fees that Shropshire Council is required to charge in accordance with the Licensing Act 2003 as set out in **Appendix A**, in accordance with the Gambling Act 2005 as set out in **Appendix B** and in accordance with explosives and fireworks legislation as set out in **Appendix C** and recommends that the authority implements these fees (or if subject to statutory amendment, the relevant amended fees) on the 1 April 2020 and instructs the Trading Standards and Licensing Operations Manager to arrange for the fees to be included in the 2020/21 annual fees and charges reports that are presented to Cabinet and Council and further instructs the Trading Standards and Licensing Operations Manager to implement, as appropriate, any other statutory fees that may be brought into force during the 2020/21 financial year and to publish all relevant statutory fees on the licensing pages of the Council's website as soon as is practicable.
- 2.2 That the Committee implements, with any necessary modification and with effect from 1 April 2020, the proposed fees as set out in **Appendices D, E, F, G and H** that relate to those licences and licensing related activities where the authority has the discretion to determine the fees and instructs the Trading Standards and Licensing Operations Manager to arrange for the fees to be included in the 2020/21 annual fees and charges reports that are presented to Cabinet and Council and further instructs the Trading Standards and Licensing Operations Manager to publish the fees on the licensing pages of the Council's website as soon as is practicable.
- 2.3 That the Committee proposes to vary the fees relevant to driver, hackney carriage, private hire vehicle and operator licences as set out in **Appendix F**, with any necessary modification, and instructs the Trading Standards and Licensing Operations Manager, in accordance with the provisions of Section 70 of the Local Government (Miscellaneous Provisions) Act 1976 to undertake the necessary work to consult and implement the fees.
- 2.5 That the Committee instructs the Trading Standards and Licensing Operations Manager to arrange for the proposed fees as set out in **Appendix F**, with any necessary modification, to be included in the 2020/21 annual fees and charges reports that are presented to Cabinet and Council and, where necessary, in respect of those fees a note is recorded in the said annual reports stating '*Provisional fees under consultation fees to be confirmed by the Strategic Licensing Committee*'.

REPORT

3. Risk Assessment and Opportunities Appraisal

- 3.1 The Council makes every effort to recover regulatory and enforcement costs from those who are licensed. However, it is acknowledged that the Council's licensing fees and charges may be challenged through a number of routes, including service complaints to the Local Government Ombudsman and judicial review; hence, the importance of undertaking robust processes to set discretionary fees and charges.
- 3.2 The Council is permitted to include costs for clerical and administrative aspects when determining licence fees but these must be reasonable and proportionate to the actual costs of the procedures. The costs of regulatory and enforcement activities, including enforcement to address unlicensed activity, can also be

included. Only successful applicants can be required to make a contribution towards the regulatory and enforcement costs.

- 3.3 Where the Council intends to recover regulatory and enforcement costs, it cannot include these costs in the fee that is payable at the time any application is submitted. Such costs are only payable after the decision has been taken to grant or renew a licence. This means that for those licences that incur post application regulatory and enforcement costs, the fees are charged in two parts:
- (a) the first part is payable at the time an application is submitted and aims to recover the costs associated with the administrative procedures and formalities of the application process (this includes the costs of undertaking all the required checks relevant to each licence type); and
 - (b) the second part is payable by the applicant only once the licence is granted or renewed and aims to recover the costs associated with the ongoing regulation and enforcement of the licencing regimes.
- 3.4 There are a number of licences that do not incur post application regulatory and enforcement costs. This is because the work undertaken as part of the application process is deemed to be proportionate to the level of risk associated with the activity that is controlled by these particular licence types. For these licences, there is only one fee payable and this is at the point of application.
- 3.5 The two-part fee is not applicable to hackney carriage, private hire and gambling related licences; consequently, for these licence types a single fee is payable at the point of application. The same is applicable to all statutory fees.
- 3.6 To reduce the risk of challenge to the Council, a financial modelling tool was introduced in 2013 to calculate licensing fees from 2014/15 onwards. This continues to be updated, modified and refined to take account of amendments to the law, changes made by licensing officers, recommendations from the Council's finance officers and to reflect ongoing changes to the way in which the licensing function is resourced.
- 3.7 Overall, the tool draws together detailed information regarding the costs associated with undertaking the administrative procedures and formalities associated with all licensing procedures, including the costs of investigating the background and suitability of applicants for licences together with the cost of monitoring the compliance of those who are licensed against the conditions of their licences. It also aims to demonstrate that the cost of enforcing the licensing regime against unlicensed operators has been considered and is included in licence fees. Enforcement costs are not included for joint hackney and private hire drivers' licenses in line with specific provisions of the Local Government (Miscellaneous Provisions) Act 1976. Fees are compared on an ongoing rolling basis.
- 3.8 An Equality and Social Inclusion Impact Assessment has not been undertaken as the report does not concern the implementation of a new policy; the focus of the report is the review of licensing costs to ensure the Council is in a position to recoup its costs on a cost recovery basis in line with current legislative requirements.
- 3.9 There is no anticipated environmental impact associated with the recommendations in this report.

- 3.10 The recommendations are not at variance with the Human Rights Act 1998 and are unlikely to result in any adverse Human Rights Act implications. The recommendations are in line with current legal procedures laid down in domestic licensing legislation and takes into consideration relevant European provisions and case law.
- 3.11 There is no statutory duty on the Council to consult when setting or revising licensing fees with the exception of those fees relating to hackney carriage, private hire vehicles and operators' licences under Section 70 of the Local Government (Miscellaneous Provisions) Act 1976. This duty is reflected in the recommendation set out at paragraph 2.4 above. Historically, the Council has also consulted on driver licence fees and consequently it is recommended that this practice continues. In relation to hackney carriages, the fees for each zone are considered separately. With respect to the remaining discretionary fees, it is suggested that publishing the Council's intentions, prior to the fees coming into force, is sufficient and this reflects previous practice.
- 3.12 The Committee's legal authority to agree the recommendations is based within a range of specific licensing legislation together with the delegated functions set out in the Council's Constitution. Extracts from the relevant legislation are provided in **Appendix J**. Due consideration has also been given to relevant European legislation.

4. Financial Implications

- 4.1 The total cost to the Council of delivering the licensing service in 2018/19 was calculated to be £760,520 and the income received was £727,820. There was an overall deficit of £32,701 with specific surpluses and deficits relating to each licence type calculated separately – see **Appendix I**. Steps have been, and continue to be taken, to improve cost recovery across all appropriate licence types in order to reduce the overall deficit and to redistribute, return and recoup fees in relation to each licence type as appropriate.
- 4.2 The proposed fees are based on undertaking the administrative procedures and formalities associated with the relevant licencing procedures, including the costs of investigating the background and suitability of applicants for licences together with the cost of monitoring the compliance of those who are licensed against the conditions of their licences and enforcement for unlicensed activities where it is permitted. Where relevant, the fees have been split into two parts. The recovery of the deficits and the return of the surpluses as set out in **Appendix I** have been included in the fee calculations for 2020/21. As a result of this work, the proposed fees have been calculated and are set out in **Appendices D to H**.
- 4.3 Costs can be recovered over a period of time allowing surpluses to be returned to licensees and deficits to be recouped by the Council. This does not mean that fees have to be adjusted every year to reflect immediately previous deficits or surpluses, although this is the approach that is currently adopted. In any case, it must be demonstrable over a period of time that only legitimately incurred costs are recovered. Costs associated with enforcing unlicensed operators/businesses are recoverable by the Council but these costs are excluded from the calculation for the joint hackney and private hire drivers' licences in line with provisions in the Local

Government (Miscellaneous Provisions) Act 1976. In addition, costs of providing advice to those who may consider applying for a licence in the future are included.

4.4 The surpluses and deficits for hackney carriage and private hire licence fees are set out in **Appendix I (Table 2)** and have been incorporated into the revised fees as set out **Appendix F**. Where a surplus has been generated in 2018/19 but a cumulative deficit position exists from 2014/15 to 2018/19, licence fees have not been reduced. A summary of those fees where a variation is proposed are listed below. It is proposed that all other hackney carriage and private hire related fees remain the same.

- Renewal hackney carriage and private hire joint drivers licence increased by 2%
- Renewal joint drivers badge (inc. DVLA and DBS check) increased by 9.2%
- Renewal joint drivers badge (inc. DVLA, DBS check and safeguarding course) increased by 7.1%
- Driver training assessment increased by 67.6% (an increase in the fee charged by the driving assessors to undertake assessments on behalf of the Council has been included in the revised fee)
- Renewal standard private hire vehicle increased by 11.3%
- Renewal executive private hire vehicle increased by 35.3%
- Renewal hackney carriage vehicle increased by 6.3%
- New large operators increased by 4.3%
- Renewal small operator increased by 16.6%
- Renewal large operator increased by 12.5%

The proposed fees have been broken down into different categories which include standard private hire vehicles, novelty private hire vehicles and executive private hire vehicles. There are now two hackney carriage and private hire joint drivers licence fees the first one is a direct comparison to the fee which has been previously set. The second includes an additional fee for the safeguarding awareness course, this has been calculated at a reduced rate compared to renewing a hackney carriage and private hire joint driver's licence and booking a separate safeguarding training course. The fees have been set out in this way to provide choice and greater transparency for the hackney carriage and private hire trade.

4.5 The fees under the Licensing Act 2003 are statutory fees that the Council cannot change. **Appendix I (Table 1)** shows a fee surplus of £111,609 was generated. This is largely due to the requirement for licensed premises to pay an annual fee to maintain their licence. The process of offsetting the overall licensing deficit using Licensing Act fees is permissible; however, this is only because the Licensing Act fees are statutory. Where the Council has the authority to set specific discretionary fees, these fees must be used only for the purposes of funding those specific licences.

4.6 Public health licences are issued indefinitely; hence, there is no opportunity to recoup deficits or return surpluses through a renewal process. Fee payments are entirely reliant on new applicants. The number of applicants is difficult to forecast, although there currently appears to be an upward trend. The administration and enforcement of the public health licences has, and continues to be, reviewed and efficiencies identified. However, the applications received still contributed to a

£2,425 deficit across the public health licences in 2018/19. To attempt to reduce the risk of further deficits, it is proposed to increase the existing fee. A summary of those fees where a variation is proposed are listed below.

- acupuncture person increased by 1.9%
- electrolysis person increased by 1.9%
- cosmetic piercing – person and variation increased by 1.9%
- tattooing person increased by 1.9%

- 4.7 The work that has been undertaken to recover the deficits associated with animal licences from 2014/15 to date has not been fully effective. The cumulative deficit has increased with a further £30,714 incurred in 2018/19. This is principally due to the increased staffing resource required to carry out inspections, particularly to address the increasing risk to animal welfare as a result of importation and over-breeding. The administration and enforcement of the animal health licences has, and continues to be, reviewed and efficiencies identified.
- 4.8 On the 1 October 2018 the Animal Welfare (Licensing of Activities Involving Animals) (England) Regulations 2018 come into effect. This provides for the licensing of providing day care for dogs, breeding for dogs, boarding for cats, kennel boarding, home boarding, selling animals as pets, keeping or training animals for exhibition and hiring out horses. The new regulations do not include zoos and dangerous wild animals, the issuing of these licenses remain under the existing legislative requirements.
- 4.9 All licences subject to the Regulations are given a star rating (with the exception of Keeping or Training Animals for Exhibition Licences, which replaced Performing Animals Certificates and are subject to an automatic three year licence which is not star rated). The purpose of the star rating system is to ensure consistency in the implementation and operation of the licensing system, and to ensure that consumers can clearly see the star rating a business has received and therefore the risk level and standards of animal welfare they have. The star rating is determined by a scoring matrix set out in the Regulations. In order to calculate the star rating the results of an inspection of a premises and an assessment of the level of risk a business poses are combined to produce a rating between one and five stars. The higher the star rating is the better the standard of the business. The star rating also determines the length of time a licence lasts. One and two star licences last for one year, three and four star licences last for two years and five star licences last for three years.
- 4.10 The introduction of the star rating and different length licences makes it challenging to forecast annual income in relation to animal licences, this is due to the fact that under the new regime the number of licences issued in one financial year does not reflect the number that will be due for renewal in the following financial year. There are also a number of other variables which may affect when, or if, a licence is renewed, including:

- Surrender or non-renewal of a licence – there has been an increase in this since the new Regulations came into force as they are more difficult to comply with and some business have chosen not to continue operating.
 - A licence not being granted, or an application being withdrawn after the initial application and inspection phase (and therefore not paying the second part of the fee) because the business is not able to comply with the Regulations – instances of this have also increased due to some businesses finding it hard to comply with the new Regulations.
 - A business requesting a re-rating inspection mid-licence because they have carried out work identified as needed at the initial inspection and are now able to reach a higher standard. The star rating and therefore the length of the licence would increase as a result, changing the original renewal date.
 - A businesses star rating being downgraded following an unannounced inspection (either the mandatory unannounced inspection carried out during the course of the licence as required by the Regulations or as the result of a complaint), resulting in the licence lasting for a shorter period of time than originally issued, changing the original renewal date.
 - A business deciding not to continue with one activity where they carry out more than one or deciding to add a new activity. For example, a business which was a kennel and a cattery deciding not to offer cat boarding but continuing with kennel boarding when they come to renew their licence, reducing the renewal fee due.
- 4.11 Under the previous regimes the majority of licences lasted for one year, there were no star ratings and the regimes were less rigorous, so there were relatively fewer variables which could impact on the likelihood of when and if a licence was renewed. It was therefore possible to forecast expected income from animal licences in year more accurately.
- 4.12 A list of the fees under the new regulations is set out at **Appendix H**. The fees have been calculated to include recovery of the deficit associated with the animal licences issued previously due to the fact that the majority of licence holders will still be the same individuals/businesses who were previously licenced.
- 4.13 Explosives and fireworks licence and registration fees are all statutory fees (with the exception of those discretionary fees listed in **Appendix D**), which cannot be changed by the Council. **Appendix I (Table 1)** shows a deficit of £15,410, which will only be able to be reduced through making efficiency improvements across the administration and enforcement processes. The service is continuing to review how these efficiencies can be achieved. It should be noted that the activities to which the discretionary fees relate are little used in practice and were not used at all during 2018/19; hence there being no opportunity to generate additional discretionary income in order to recover the deficit incurred.

- 4.14 The work that has been undertaken to recover the deficit associated with scrap metal licences from 2014/15 to date has been partially effective. However, the cumulative deficit has increased with a further £8,012 deficit incurred in 2018/19. Due to the small number of licences issued this deficit is anticipated to worsen, particularly given that there is an increased staffing resource required to carry out inspections to address the recognised criminal risks associated with scrap metal dealing. The administration and enforcement of scrap metal licences has and continues to be reviewed and efficiencies identified. However, to reduce the risk of incurring further deficits, it is proposed to increase the new site licence fee by 4.9%, the collector to site variation fee by 3.7% and retain the existing fee for renewal applicants in an attempt to recover the deficit from applicants who are due to renew their licences over the next three years as set out in **Appendix G**.
- 4.15 The licences that are grouped as miscellaneous include those for caravan sites, sex establishments, free printed matter, street collections, house to house collections, street trading and pleasure boats and vessels as listed in **Appendix G**. Work that has been undertaken to recover the deficit associated with these licences from 2014/15 to date has not been effective with the cumulative deficit increasing with a further £18,824 incurred in 2018/19. A proportion of these costs are not recoverable and will always be borne by the local taxpayer as there are certain licences where the Council is unable to charge fees, e.g. licensing house to house collections, street collections and non-residential caravan sites. In addition, work has yet to be undertaken to develop a policy under which the Council will be able to charge for the licensing of residential caravan sites. The administration and enforcement of these licences has and continues to be reviewed and efficiencies identified. This has led to a range of reductions in the basic costs of administering these types of licences. However, to reduce the risk of incurring further deficits, it is proposed to retain the existing discretionary fees, rather than to reduce them in line with processing costs.
- 4.16 The Gambling Act 2005 provides for licences, permits, notices and registrations. The Council has the discretion to set the fees for licences and notices up to certain statutory maximums. The fees for permits and registrations are statutory and the Council has no authority to change these.
- 4.17 The majority of the Gambling Act work undertaken relates to the administration and enforcement of permits and registrations, which are the subject of statutory fees. There is a clear indication that these statutory fees are insufficient to cover the cost of the work associated with the administration and enforcement of the permits, e.g. basic administrative costs are at least 20% more than the statutory fee payable and there are a considerable number where the overall costs are significantly more. Processes continue to be reviewed and refined to ensure efficiencies wherever practicable.
- 4.18 The Council has the authority to set the licence fees under the Gambling Act (up to certain statutory maximums). The proposed fees, which directly reflect the calculations to recover the costs incurred, or the statutory maximum depending on which of the two is lower, are set out in **Appendix E**. As with explosives licences referred to above, the activities to which the discretionary fees relate are little used in practice; hence there being no opportunity to generate additional discretionary income in order to recover the deficit incurred.

- 4.19 An assumption has been made about the number of renewals that will take place in 2020/21 in order to recover or redistribute the deficits and surpluses. Until the end of the 2020/21 financial year it will not be known whether the assumptions about the number of renewals were accurate or not. The activity in 2019/20 will again change the cumulative position and further adjustments will be required in this rolling annual process. The adjustments to correct any material discrepancy in the recovery or redistribution of the deficits and surpluses will be made against 2021/22 fees and so on until the recovery of the surplus or deficit reaches a satisfactory position.
- 4.20 Where licenses have a renewal period of greater than one year, the recovery or redistribution calculation is spread across the same period.
- 4.21 The setting of licensing fees and charges for the 2020/21 includes:
- A 2% nationally agreed pay award for local government staff this was agreed following several years of pay restraint. It took effect on 1st April 2018 and a further 2% was implemented on 1st April 2019.
 - The local pay structure for Shropshire Council staff was restored to national levels on 1st October 2018, an increase of 5.4%.
 - Local senior manager pay review agreed by Shropshire Council took effect on 1st October 2018.
- 4.22 Where legislation allows the Council to recover licensing costs, it is important that this is undertaken effectively. Losses that are not funded by other means, including being subsidised by council tax payers, may result in a reduction in the Council's ability to effectively deliver the overall licensing regime in the Shropshire Council area. However, it is recognised that not all licensing costs are recoverable.

5. Background

- 5.1 The principle of cost recovery under licensing legislation applies to the licensing of hackney carriages and private hire vehicles, operators and drivers. It also extends to sex establishments, street trading, acupuncture, tattooing, semi-permanent skin colouring, cosmetic piercing, electrolysis, zoos, providing day care for dogs, breeding for dogs, boarding for cats, kennel boarding, home boarding, selling animals as pets, keeping or training animals for exhibition, hiring out horses, dangerous wild animals, scrap metal dealers, pleasure boats/vessels, distribution of free printed matter, residential caravan sites, some explosives and fireworks licences, together with the issuing of various licences under the Gambling Act 2005.
- 5.2 Caravan sites are currently licensed by the Council under the Caravan Sites and Control of Development Act 1960, as amended by the Mobile Homes Act 2013. The amendment to the 1960 Act permits the Council to charge fees for the licensing of residential caravan sites; however, the Council is required to publish a fees policy prior to setting fees. The Council has not yet adopted a policy; consequently, fees are not yet included in the proposals.

- 5.3 The financial modelling tool, referred to in paragraph 3.6, has been set up to allow residential caravan site and Licensing Act 2003 fees to be incorporated and calculated as and when the Council is in a position to do so both from a policy and a legislative perspective.
- 5.4 The government has previously consulted on its intention to move from centrally set to locally set licence fees under the Licensing Act 2003 but has yet to take this forward. As a result, the nationally determined statutory fees are retained and the Licensing Act 2003 fees are included in **Appendix A**. There are no discretionary Licensing Act 2003 fees proposed other than for providing a copy of information contained in an entry in the public register; this is reflected in **Appendix G**.
- 5.5 The costs associated with the licensing procedures that the Council may legally recover in fees consists of administrative costs, the costs of investigating the background and suitability of applicants for licences and the costs of monitoring the compliance of those with licences with their terms. Where applicable the cost of enforcement against unlicensed operators is also included in the fee. These will certainly include the costs that are directly attributable to licensing procedures and a proportion of indirect costs. The Council must be in a position to demonstrate that the costs included in any fees calculations are reasonable and proportionate to the cost of the licensing procedures.
- 5.6 Fees cannot exceed the cost of the licensing procedures and cannot be used to finance the delivery of other Council services.
- 5.7 To aid the Council to properly recover relevant licensing costs all licensing procedures have been considered and reviewed in detail; this work continues to evolve through an iterative process to further develop, improve and refine the processes involved. Managers, licensing officers and finance officers have collaborated in this work. The licensing procedures are considered from receipt of application to the issue of the final licence, permit, notice or registration with both variable and fixed costs being considered. These costs include officer, management and member time, including running of relevant Committees and the Licensing Panel, to administer and monitor compliance of both those already licensed and those who are unlicensed but exclude time spent enforcing matters that relate to joint hackney and private hire drivers' licences. In addition, a proportion of all indirect costs that can reasonably be attributed to licensing procedures have been included; for example, office accommodation, ICT, travelling, advertising, postage & printing, subscriptions, telephone costs, training and all other relevant internal market recharges and supplies and services costs.

6. Additional Information

- 6.1 In respect of the discretionary fees proposed in **Appendix F**, namely the setting of fees for hackney carriages, private hire vehicles and operators' licences, statutory procedures must be followed. Consequently to vary the fees from those currently set, the Council is required to follow specific procedures that allow for objections to be made and considered by the Committee.
- 6.2 The process that has been undertaken to determine the fees for 2020/21 is an extension of the process that commenced in 2013. This process will continue

annually with amendments being made to take account of changes in the law and Council procedures and costs.
