10 Cornovii Developments Limited Overview - Presentation

The Managing Director gave a presentation which provided an overview of Cornovii

Developments Limited, explaining its purpose, governance structure, and the roles of the Housing Supervisory Board, CDL board, and CDL team.

In response to questions the Managing Director confirmed that:

- The Housing Supervisory Board was responsible for appointing the chairman of CDL and explained that the process involved.
- The lettings policy and key contacts for CDL would be circulated to members after the meeting.
- CDL was exploring innovative housing solutions, such as launching a "help to own" product in partnership with private investors and a nationwide lender, allowing tenants to save for a deposit and purchase a property after three years, with mortgage costs aligned to current rent payments.
- Most properties were built using a timber frame to allow for future adaptations such as hoists and were therefore "homes for life".
- A timeline of CDL's company history, including board appointments, setup, first house sale, and site completions, would be shared after the meeting.
- CDL had built 124 homes to date and currently had 84 homes under construction at the London Road site, with additional planning applications for 386 homes and about 220 more in the pipeline.
- The completed homes included a mix of open market, private rented, and affordable units and development was focussed on challenging regeneration sites that often required external intervention and funding.
- A dedicated member briefing to allow board members to ask detailed questions and gain a deeper understanding of CDL's operations, history, and financials would be arranged before the next scheduled meeting.
- CDL started with an original £14 million loan at the beginning of the company, which later became a revolving loan facility with a 10-year timeframe.
- CDL operated with a very small team, currently about 4.5 full-time equivalent staff, which meant overheads were kept low. It was agreed that the latest operating costs would be provided after the meeting.

RESOLVED: That the presentation be noted.

11 Cornovii Developments Limited - Update Report
