FINANCIAL MONITORING REPORT – QUARTER 2 2019/20

Responsible Officer James Walton

Email: james.walton@shropshire.gov.uk Tel: (01743) 255011

1. Summary

- 1.1 The report sets out the projected revenue expenditure for the whole of 2019/20 as at Quarter 2, and for capital sets out the expenditure up to the end of Quarter 2. For capital, any budget increases and decreases and any re-profiling of budgets between 2019/20 and future years are also set out for decision making.
- 1.2 The revenue monitoring within this report is based on financial information held for the first six months of the year, extrapolated to year end to produce an estimated outturn position. As the year progresses and further financial information becomes available, the quality of the estimates used are expected to increase.
- 1.3 As with the Quarter 1 report the variances in the overall projected position for the Council do not yet reflect all management action that could be taken. Management action instigated as a result of the Q2 monitoring projections identified in this report will be reflected in the projected outturn reported within the Q3 Monitoring Report. The need for management action is heightened as the financial position has deteriorated further by the end of Quarter 2.
- 1.4 The report identifies the current projections on delivery of revenue savings included within the forecast. To aid reporting of savings delivery the Council uses a RAG (Red, Amber, Green) rating to consider the delivery of savings proposals (more detail is provided in the report below). As at Quarter 2, evidence suggests that of the £18.490m of proposals to be delivered in 2019/20, £10.276m are rated as green with a high degree of certainty of being delivered.
- 1.5 The Quarter 2 monitoring position suggests that £5.463m of the £18.490m savings planned are categorised as red, and further work is required within service areas to ensure that the total value of savings proposals is fully deliverable within the financial year. Furthermore, additional ongoing service pressures totalling a net value of £8.658m are being highlighted, which service areas will need to continue to address alongside delivering their savings.
- 1.6 The projected revenue outturn is an overspend of £5.987m. Within the headline projection the following factors should be considered:

- 1.6.1 As highlighted at Quarter 1 a number of red-rated savings are not deliverable in the current year due to timing but are deliverable in the medium term. This presents a short-term issue rather than an unachievable saving, with the potential to still deliver an element of the saving within this financial year (which is not yet shown in the projections). This includes the following larger savings totalling £3.079m:
 - Public Heath Recommissioning across Adults, Children's and Public Health (H36, para 6.2 - £1.064m)
 - New Development Dividend (P72, para 6.2. £1.025m)
 - Digital Transformation (R34, para 6.2 £0.990m)
- 1.6.2 Ongoing service pressures relating to Home to School Transport (1.020m, para 6.3) and Children's Services staffing and agency costs (£0.985m, para 6.3) are under review. There is a strategy in development to transfer agency workers into permanent posts which will reduce the annual cost of these staff. Some of this cost reduction is included in the current financial position but there is still some benefit to factor in. Early analysis of Home to School Transport trends over the last five years suggests that cost increases are driven by an increase in special school pupils requiring transport as opposed to mainstream where numbers remain relatively static. Further work is required to develop a strategy for alleviating the pressure in this area.
- 1.6.3 Cabinet have taken decisions to remove approximately £1.3m savings from the 2019/20 Financial Strategy:
 - Review of Waste Services (£0.700m P04)
 - Review of Bus Subsidies (£0.285m P64)
 - Passenger Transport Commissioning Savings in Learning and Skills (£0.364m C18)
 - CCTV monitoring service (£0.225m H36)
- 1.7 If management action is identified to deal with the key issues identified in paragraph 1.6.1 to 1.6.3, this has the potential to eliminate the projected overspend.
- 1.8 The key issues highlighted by this report are that:
 - Without management action referenced in paragraphs 1.6 to 1.7 the projected revenue outturn position would be an overspend of £5.987m.
 - At this level, the projected General Fund balance as at 31 March 2020 would be £9.550m, which is significantly below the recommended level.
 - Management action across all areas of the Council is now required to attempt
 to bring the budget back into balance, as far as possible. As described below,
 the variance is currently projected within the 'red zone' and thus above what
 would be considered a 'reasonable' variance.
 - There is also a risk that savings proposals currently rated as "Amber" may be undelivered, which would have the effect of increasing any underlying overspend by £2.751m.
 - The projected capital outturn is £84.134m, in line with the current budget. This follows a net budget decrease of £3.920m in Quarter 2.
 - Current capital expenditure of £19.223m, representing 23% of the budget at Quarter 2, with 50% of the year elapsed.

Two schemes are currently forecast to outturn in excess of approved budgets.

2. Recommendations

It is recommended that Members:

- A. Note that at the end of Quarter 2 (30 September 2019), the full year revenue forecast is a potential overspend of £5.987m;
- B. Consider the impact of this on the Council's General Fund balance.
- C. Approve the Better Care Fund virement detailed in Appendix 2.

REPORT

3. Background

- 3.1 Budget monitoring reports are produced monthly for Directors, and quarterly for Cabinet, reporting on the period from June (period 2) to February (period 11) of each financial year, highlighting the anticipated year end projection.
- 3.2 The monitoring reports track progress against agreed budget decisions, consider any budget changes (including re-profiling on Capital), forecast any significant variances to the budget, and enable corrective action to be taken to attempt to ensure a balanced budget at year end.
- 3.3 Revenue variances are reported on an exception basis depending on the total variance from budget, and the percentage change in projection in any one period.

Green Variance +/- 1% (or £0.05m if budget less than £5m)

Amber Overspend between 1%-2% (or £0.05m-£0.1m if budget less than

£5m)

Red Variance over 2% (or £0.1m if budget less than £5m)

Yellow Underspend more than 1% (or £0.05m if budget less than £5m)

3.4 In addition, given the level of savings proposals identified for delivery in 2019/20, this report also includes a second RAG rating, specifically relating to the delivery of savings. The ratings are as follows:

Green – Saving identified, quantified and confirmed

Amber – Saving identified but not yet confirmed

Red – Saving not achieved or unachievable

3.5 Capital schemes are also reported on an exception basis, based on being delivered within budget and the expectation of being delivered within scheme timeframe.

4. Revenue Monitoring 2019/20 Budget - Overall Position

4.1 The projected revenue forecast for the year at Quarter 2, shows a potential overspend of £5.987m (1.05%) on a gross budget of £568.489m (net £213.839m). The forecast year end position for the Council is revised each

Quarter (monthly for Directors) and reported using the graph below. The area of the graph banded green shows the extent of variance from the budget that would be seen as reasonable given the size and complexity of the Council's budget. However, at Quarter 2 the projected year end overspend of £5.987m still falls within the red (danger zone) banding as shown in Graph 1 below.

4.2 Management action is required in order to reduce the projected year end overspend. The effect of any management decisions taken will be reflected in future reports.

Graph 1: Projected Outturn Variance to Gross Budget

4.3 The projected overspend of £5.987m for 2019/20 is presented below and analysed in more detail within Appendix 1.

Table 1: 2019/20 Projected Budget Variations Analysed by Service Area

Service Area	Revised	Forecast	(Under) /	
	Budget	Outturn	Overspend	RAGY
	£'000	£'000	£'000	Classification
Adult Services	107,746	111,811	4,066	R
Central DSG	-	-	-	G
Children's Services	49,735	54,712	4,977	R
Corporate Budgets	(5,105)	(12,129)	(7,024)	Υ
Finance, Governance & Assurance	2,780	2,696	(84)	Υ
Legal & Democratic Services	506	724	219	R
Place	57,870	60,637	2,766	R
Strategic Management Board	(14)	(80)	(66)	Υ
Workforce & Transformation	321	1,454	1,133	R
Total	213,839	219,826	5,987	R

4.4 The table below shows the movement in the financial position between Quarter 1 and Quarter 2 and the main reasons behind the movement.

Movement between reporting Periods 2019/20

Service Area £	Variance at	Variance at	Movement on	Reasons for movements over £0.100m
Service Alea 2	Q1	Q2	Prior Quarter	Reasons for movements over 20.100m
Adult Services	927,742	4,065,527	3,137,785	2.900m increase in adults purchasing pressure
Central DSG	1,557,900	0	(1,557,900)	1.600m funding secured in Chancellor's Sept budget statement
Children's Services	2,850,005	4,977,437	2,127,432	2.00m increase in ChidIrens placement costs.
Corporate Budgets	(1,360,288)	(7,023,520)	(5,663,232)	0.610m Increases in interest receiveable and reductions in interest payable offset by reductions in income of 0.860m. Additionally one-off corporate funding from S31 grants, MRP set aside and Pension Fund Advance Payments totalling 5.170m has been applied
Finance, Governance & Assurance	(2,410)	(83,982)	(81,572)	
Legal and Democratic Services	52,944	218,692	165,748	0.189m increase in legal expenses and agency due to increased childcare cases
Place (inc Commercial Services)	2,778,976	2,766,401	(12,575)	
Strategic Management Board	(79,220)	(66,242)	12,978	
Workforce and Transformation	1,229,824	1,132,704	(97,120)	
TOTAL	7.955.473	5.987.018	(1.968.456)	

4.5 It should be noted that one-off corporate funding from MRP set aside, s31 Grant and Pension Fund advance payments totalling £5.170m has been applied to the Quarter 2 position to offset pressures arising in Adults and Children's services.

5. Update on Savings Delivery

- 5.1 The savings projections for 2019/20 have been RAG rated in order to establish the deliverability of the savings and any potential impact on the outturn projection for the 2019/20 financial year. RAG ratings have been categorised as follows:
 - Red Savings are not solved on an ongoing basis, nor have they been achieved in the current financial year. These are reflected as unachieved within this monitoring report.
 - Amber Savings have been identified on an ongoing basis in the current financial year, however there is no clear evidence to support the delivery as yet. The projected outturn within this report assumes these savings will be delivered.
 - Green Savings have been identified on an ongoing basis in the current financial year, with evidence of delivery.

The RAG ratings are updated monthly to determine progress on delivery.

Table 2: Update on Delivery of 2019/20 Savings Proposals

Service Area	Red	Amber	Green	Total Savings
	£'000	£'000	£'000	£'000
Adult Services	1,278	1,257	2,863	5,397
Central DSG	-	-	-	-
Children's Services	364	399	145	908
Corporate Budgets	-	-	4,103	4,103
Finance, Governance and Assurance	-	-	589	589
Legal and Democratic Services	20	-	45	65
Place	2,811	1,045	2,460	6,315
Strategic Management Board	-	-	-	-
Workforce and Transformation	990	50	71	1,112
Council	5,463	2,751	10,276	18,490

- 5.2 The figures presented above show that 56% of the 2019/20 savings required have been rated as green with a further 15% with plans in place to be delivered (rated amber). Paragraph 6.2 below provides further detail on the red savings.
- 5.3 Managers have provided assurance that plans are in place to deliver the savings that have been categorised as amber, however as evidence of the delivery has not yet been identified, there is still a risk that these savings could impact on the outturn position for 2019/20. As the year progresses, these amber savings should gradually turn to green as the evidence becomes available. However, if the amber rated savings are not delivered as planned, the effect on the outturn position is shown in Table 3 below.
- 5.4 Non-delivery of the amber rated savings would result in a projected outturn of £582.397m, and a total overspend of £13.908m which would leave the General Fund balance at an unsustainable level.

Table 3: Effect of Non-Delivery of Amber Savings in 2019/20

Service Area	Quarter 2 Projected	Amber Savings	Potential Outturn if
	Outturn		Amber Savings not
			Achieved
	£'000	£'000	£'000
Adult Services	4.066	1 257	E 222

Legal & Democratic Services	219	-	219
Place	2,766	1,045	3,811
Strategic Management Board	(66)	-	(66)
Workforce & Transformation	1,133	50	1,183
Total	5,987	2,751	8,738

6. Analysis of Outturn Projections including Delivery of Savings

6.1 The monitoring position detailed in Table 1 includes the current position on delivery of savings proposals for 2019/20 in addition to new monitoring pressures identified and one-off solutions to reduce the projected overspend. Table 4 provides further analysis of the projected overspends for each service area.

Workforce and Transformation	to Face Review	Historic unachieved saving	500,000
TOTAL	To accome the way	storie anacine ved saving	
IVIAL			8,659,473

Significant further work is required within service areas to find an ongoing basis for managing and funding these pressures so that further growth is not required within the Financial Strategy, leading to an increase in the funding gap.

7. General Fund Balance

- 7.1. The effect on the Council's reserves of the outturn forecast is detailed below. The Council's policy on reserve balances is to have a General Fund balance (excluding schools balances) of between 0.5% and 2% of the gross revenue budget. For 2019/20 the minimum balance required would therefore be £2.842m, although this is no longer considered to be an acceptable guide.
- 7.2. The more appropriate risk based target balance for the General Fund, as calculated in the Robustness of Estimates and Adequacy of Reserves 2018-24, reported to Council on 28th February 2019, is £20.400m in 2019/20, rising to £34.700m by 2023/24. These figures were significantly increased within the review, reflecting the remaining funding gap in these years as set out in the Financial Strategy, and the significant level of risk associated with the uncertainty over local government funding.
- 7.3. Based on the current monitoring position, the General Fund balance will reduce significantly at year-end, as shown in table 5 below. The projected balance will be significantly below the required risk assessed target.

Table 5: Projected General Fund Balance as at 31 March 2020

General Fund Balance as at 31 March 2019	£'000 15,537
This Report – Projected Outturn Under/(Over)spend	(5,987)
Projected Balance at 31 March 2020	9,550

8. Movement in Capital Programme for 2019/20

8.1 The capital budget for 2019/20 is continuously being monitored and changed to reflect the nature of capital projects which can be profiled for delivery over a number of years. In Quarter 2 there has been a net budget decrease of £3.920m for 2019/20, compared to the position reported at Quarter 1 2019/20. Table 6 summarises the overall movement, between that already approved, changes for Quarter 2 and the programme financing.

Table 6: Revised Capital Programme Quarter 2 2019/20

Detail	Agreed Capital	Slippage &	Quarter 2 Budget	Revised 2019/20
	Programme -	Budget Changes	Changes to be	Capital
	Council 28/02/19	Approved To	Approved	Programme
		Quarter 1 2019/20		Quarter 2
	£		£	£
General Fund				
Place	37,276,536	9,719,041	(4,580,634)	42,414,943
Adult Services	3,600,000	4,517,481	(1,590,905)	6,526,576
Public Health	230,000	118,636	-	348,636
Childrens Services	14,628,959	2,261,390	1,683,552	18,573,901
Resources & Support	5,000,000	531,578	-	5,531,578
Total General Fund	60,735,495	17,148,127	(4,487,987)	73,395,635
Housing Revenue Account	7,600,950	2,569,707	567,812	10,738,469
Total Approved Budget	68,336,445	19,717,834	(3,920,175)	84,134,104
Financing				
Self Financed Prudential Borrowing *	4,252,000	2,065,709	1,100,000	7,417,709
Government Grants	38,254,230	6,377,828	(1,263,109)	43,368,949
Other Grants	50,040	892,245	-	942,285
Other Contributions	2,899,459	913,234	(15,423)	3,797,270
Revenue Contributions to Capital	4,214,293	315,178	(22,189)	4,507,282
Major Repairs Allowance	3,900,950	2,109,449	(130,800)	5,879,599
Corporate Resources (expectation - Capital	14,765,473	7,044,191	(3,588,654)	
Receipts only)				18,221,010
Total Confirmed Funding	68,336,445	19,717,834	(3,920,175)	84,134,104

- Within the financing of the Capital Programme, £4.507m is funded from revenue contributions. The major areas of revenue contributions to capital are £0.432m approved towards essential repairs in relation to the Corporate Landlord estate and £4.111m in ringfenced HRA monies to new build schemes (£3.200m) and the major repairs programme (£0.911m).
- 8.3 Full details of all budget changes are provided in Appendix 3 to this report. Significant budget changes across the life of the programme in Quarter 2 are:

Budget Increases

- Announcement of Department of Transport Incentive Fund grant of £2.765m.
- Approved budget of £1.100m for the acquisition phase of the Children's Residential Homes scheme to be financed through Prudential Borrowing.
- Announcement of Department for Transport Pothole Action Fund grant of £0.908m.
- Notification of 2019/20 Department for Education Devolved Formula Capital grant funding of £1.993m; a budget increase of 0.462m.
- Contribution of £0.430m from the Major Repairs Allowance for the 2019/20 HRA Housing Repair Programme.
- £0.281m capital receipts from the sale of HRA Right to Buy properties.
- Increase of £0.125m in revenue contributions to capital funding.
- Notification of 2019/20 Department for Education Special Provision Fund grant award of £0.123m.

Budget Decreases

- Reduction in BDUK grant of £2.984m following confirmation of closure of Phase 1 funding by March 2020.
- Reduction in revenue contributions of £0.568m to fund the Corporate Landlord agreed 2019/20 programme of works.

- Reduction in Major Repairs Allowance contributions of £0.140m for the 2019/20 HRA Housing Repair Programme to reflect budget requirements.
- Reduction of £0.003m in capital receipts funding HRA new build schemes as schemes now completed.

Budget Re-profiling

- **Place:** re-profiling of £4.822m to future years for the Broadband project to reflect expected completion date, expected expenditure and scheme delivery plan.
- Adult Services: re-profiling to 2019/20 of £1.597m HOLD grant unallocated budget which will not be required in 2019/20.

9. Actual versus Planned Expenditure to Date

- 9.1. The actual capital expenditure at Quarter 2 is £19.223m, which represents 23% of the revised capital budget at Quarter 2, 50% of the year. This is slightly low in comparison to the total budget, but in line with the average expenditure percentage at this period in previous years. All budgets are fully allocated to projects and will be monitored for levels of spend throughout the remainder of the year. Based on recent years, the capital programme has out-turned at around 85% of the outturn budget, which on average has been around 20% lower than the budget at this point in the year, due to further re-profiling later in the year.
- 9.2. The level of spend is slightly low across the programme in some areas, but equal to the level of spend in the previous year at this period. In terms of the major areas the spend position is as follows: Place 24% (budget £42.391m), Adult Social Care 19% (budget £6.526m), Public Health 23% (budget £0.349m), Resources & Support 31% (budget £5.532m), Children's Services 21% (budget £18.598m), HRA Major Repairs & New Build Programme 20% (budget £10.738m).

10. Schemes Forecast Outturn & Delivery

10.1. Capital schemes within the capital programme are not only continually monitored in terms of current year actual expenditure against budget but also in terms of scheme forecast outturn compared to budget and scheme delivery against profile. This is achieved by RAG rating each scheme as follows:

RAG Rating	Scheme Projected Outturn	Scheme Projected Delivery
Red	Schemes with a forecast outturn in excess of 10% of the current scheme budget.	Scheme significantly below profile at current period and not expected to deliver as original profile.
Amber	Schemes with a forecast outturn in excess of 5% of the current scheme budget.	Scheme below profile at current period and will not deliver as original profile.
Green	Schemes with a forecast	Scheme on profile at current

outturn of less than or equal to the current scheme budget.	period and expected to be delivered as original profile.
_	

10.2. For most schemes, forecast outturn against budget and scheme delivery against profile at Quarter 2 are within acceptable limits, however, currently one scheme is rated red in relation to both forecast outturn and scheme delivery and another scheme is rated red in relation to forecast outturn. These schemes are discussed in detail below.

Ludlow Assembly Rooms - Refurbishment Works

The scheme budget totals £2.086m and forecast outturn is currently £3.028m; a potential scheme overspend of £0.942m. Additionally, the scheme is currently projected to be 31 weeks behind schedule. The potential overspend and scheme overrun have been reported and discussed by the Project Board. The majority of the overspend and overrun have arisen due to unforeseen works requirements relating to the condition of the building. The Board is currently reviewing the project in detail and considering options to rectify the position of the scheme.

The Tannery Development

The scheme budget totals £9.020m and forecast outturn is currently £9.288m; a potential scheme overspend of £0.268m. This potential overspend has been reported and discussed by the Project Board. The Board is currently considering implementation of a recovery plan, to include a review of all anticipated future expenditure, in order to bring the scheme back within the approved budget.

10.3. The position of these schemes will continue to be closely monitored and reported in subsequent monitoring reports

11. Capital Receipts Position

11.1 The current capital programme is heavily reliant on the Council generating capital receipts to finance the capital programme. There is a high level of risk in these projections as they are subject to changes in property and land values, the actions of potential buyers and being granted planning permission on sites. Table 7 below, summarises the current allocated and projected capital receipt position across 2019/20 to 2022/23. A RAG analysis has been included for capital receipts projected, based on the current likelihood of generating them by the end of each financial year. Those marked as green are where they are highly likely to be completed by the end of the financial year, amber are where they are achievable but challenging and thus there is a risk of slippage, and red are highly unlikely to complete in year and thus there is a high risk of slippage. However, no receipts are guaranteed to complete in this financial year as there may be delays between exchanging contracts and completing.

Table 7: Projected capital receipts position

Detail	2019/20	2020/21	2021/22	2022/23

Brought Forward in hand	20,478,421	(698,095)	(6,981,917)	(6,981,917)
Generated 2019/20 YTD	3,264,111	-	-	-
Projected - 'Green'	3,285,407	1,617,500	-	-
Total in hand/projected	27,027,939	919,405	(6,981,917)	(6,981,917)
Shortfall to be financed from Prudential	698,095	6,981,917	6,981,917	6,981,917
Borrowing / (Surplus) to carry forward				
Further Assets Being Considered for	3,574,025	18,156,820	7,353,404	-
Disposal				

- 11.2 Capital receipts of £20.478m were brought forward from 2018/19 and £3.264m has been generated to date in 2019/20. A further £3.285m is currently projected as 'Green' for 2019/20, which mainly relates to the sale of Shrewsbury Golf Course Pitch & Putt (£3.000m) and £0.293m from the sale of HRA Right to Buy properties.
- 11.3 Based on the current programme and capital receipts in hand and projected as Green, there are insufficient receipts generated to finance the capital programme for 2019/20; the shortfall being £0.698m which may need to be financed from Prudential Borrowing if it cannot be addressed in year.
- 11.4 In 2020/21 there is currently a projected shortfall of capital receipts of £6.982m, which may need to be financed from Prudential Borrowing if they cannot be addressed by progressing the disposals programmed for future years. There is an urgent pressure to progress the disposals programmed for future years, to ensure they are realised, together with realising the revenue running cost savings from some of the properties. Considerable work is required to realise these receipts, with generally a lead in time of at least 12 to 18 months on larger disposals. In addition to the current expenditure commitments, the programme will also grow as new schemes are approved through the Capital Investment Board or if the Council further utilises the new flexibilities around the use of capital receipts for transformational revenue.
- 11.5 It is important that work progresses, to minimise the funding shortfall. Failure to generate the required level of capital receipts will result in the need to further reduce or re-profile the capital programme, some of which will occur naturally as part of the review of the delivery of schemes; or undertake prudential borrowing, which will incur future year revenue costs that are not budgeted for in the revenue financial strategy.

	Portfolio Holder Adult				
Adult Services Business	Social Services and				
Support and Development	Climate Change	3,415,650	3,377,189	(38,461)	Υ

There is an expected underspend within Business Support and Development of (£0.38m) which is largely due to a number of managed vacancies across the service. The vacancies are not sustainable beyond the short-term, but are not expected to impact on service delivery in 2019/20. A summary of the major variances are as follows:

- (£0.077m) projected underspend on Business Support staffing and costs associated with the posts, due to delays in appointing to vacant posts and staff movements within the service.
- £0.038 projected overspend on Joint Training and the Professional Development Unit which relates to increased service delivery costs and under achievement of income/loss of grants, some of this being due to increased savings targets in year.

Adult Services Management	Portfolio Holder Adult Social Services and Climate Change	2,653,490	2.661,921	8.431	G
Management	Cilliate Charige	2,055,490	2,001,921	0,431	G

	Portfolio Holder Adult				
	Social Services and				
Provider Services	Climate Change	3,330,430	3,214,909	(115,521)	Υ

There is a projected underspend within Provider Services of (£0.115m). The major variances are as follows:

- (£0.261m) projected underspend on preventative services contracts. This is a one-off saving in year.
- (£0.073m) projected underspend across all Day Services. (£0.068m) is due to in year staffing vacancies and (£0.005m) is due to overachievement of day centre income.
- £0.090m projected historic overspend relating to Four Rivers Nursing Home, due to higher than budgeted staff costs, including agency of £0.083m and projected income showing an under achievement of £0.007m.
- £0.129m projected overspend relating to the START teams, this is due to the growth of the service to take over cases previously dealt with by external providers. Budget will be moved from social care operations to mirror this strategy as the corresponding underspend is currently in that area.

	Portfolio Holder Housing				
Housing Services	and Strategic Planning	2,895,100	2,881,260	(13,840)	Υ
Minor variation from budget a	s at period 6.				
	Portfolio Holder Adult				
	Social Services and				
Social Care Operations	Climate Change	90,897,730	94,122,523	3,224,793	R

An overspend of £3.225m is forecast within the Social Care Operations section of Adult Services. The major variances are as follows:

- £3.786m projected overspend within the purchasing budget. At this point in the year the committed expenditure has exceeded the growth allocation for 2019/20. We have therefore revisited the likely future growth in new purchasing costs between now and the end of the year which has led to the £3.786m overspend reported in this area. The new estimate is based on the trend in growth in the latter part of 2018/19. This is a very volatile budget area so this could still be subject to change. The service is reviewing future growth requirements and the reasons behind the increase over and above previous modelling exercises.
- (£0.202m) projected underspend on all operational social work staffing due to delays in appointing to a number of staff vacancies
- £0.180m projected overspend within maintenance costs across social care operations mainly with regards to occupational therapy equipment and supported living properties.
- (£0.540m) projected underspend due to DFG capital budget picking up the costs of the occupational therapy equipment.

	Deputy Portfolio Holder				
Bereavement Services	Public Health	(217,880)	(260,236)	(42,356)	Υ

Overall an underspend of (£0.042m) is projected as work on grounds maintenance has improved the cemetery areas and resulted in a greater number of burial plots available for sale, increasing Council revenues.

and and annual results and and and and				,	
	Portfolio Holder				
	Communities, Place				
	Planning and Regulatory				
Regulatory Services	Services	3,061,800	2,965,100	(96,700)	Υ

An underspend of (£0.097m) is projected due to a number of vacant posts within the service and the long term secondment of a Team Manager; plans are in place to appoint to the vacant posts and the budget for the Team Manager is required to be held substantively, therefore the underspend variance is not sustainable beyond the short term.

	Portfolio Holder Communities, Place				
Trading Standards and	Planning and Regulatory				1
Licensing	Services	960,050	843,080	(116,970)	Υ

An underspend of (£0.117m) is projected for the service; (£0.080m) of this variance is as a result of a detailed review of Penalty Charge Notice income trends over the past two years which has highlighted an expected overperformance for the year compared to the annual target set. Penalty Charge Notice income generated as a result of Parking Enforcement activities are performed on a cost recovery basis and therefore any surplus is reinvested into the delivery of the services. The remaining underspend variance of (£0.037m) is due to a number of vacant posts within the service and long term absences; plans are in place to appoint to the vacant posts and therefore this underspend variance is not sustainable beyond the short term.

Registrars and Coroners Public Health 795,530 750,447 (45,083) Y		Deputy Portfolio Holder Public Health	795,530	750,447	(45,083)	Υ
--	--	--	---------	---------	----------	---

An underspend of (£0.045m) is projected due to lower than expected Coroner fees and the anticipation of higher than budgeted Registration Fee income. The Registration service continues to operate commercially in order to maximise income and control its costs and has delivered £0.040m of savings in 2019/20.

Non Ring Fenced Public	Deputy Portfolio Holder				
Health Services	Public Health	(73,610)	243,436	317,046	R

Public Health services funded from Council budgets have been reviewed and savings have been made through the decommissioning of non-mandatory services and staffing restructures. The intention to close the Shrewsbury CCTV monitoring service as a saving has now been rescinded and therefore the operating costs of this service are a £0.225m cost pressure to the Council, this includes previously unachieved savings of £0.113m on the CCTV budget; discussions are ongoing with partner organisations in order to identify potential funding streams to offset annual operating costs, however it is anticipated that any operating cost savings will not impact until 2020/21. In addition to this, a number of savings are not fully achievable in 2019/20 as they are subject to statutory time scales, such as 45 day consultation periods in relation to staffing restructures, leading to a delay in achievement.

Therefore, non Ring Fenced Public Health services are projecting an overspend of £0.317m in 2019/20.

Ring Fenced Public Health	Deputy Portfolio Holder				
Services	Public Health	27,680	1,011,870	984,190	R

Services funded from the Ring Fenced Public Health grant have been reviewed and savings have been made through the decommissioning of non-mandatory services and from the realisation of synergies as Public Health has been subsumed within the Adult Services Directorate from 1st April 2019.

A number of savings from the Ring Fenced funded services have been delayed and are therefore not fully achievable in 2019/20 as they are subject to statutory time scales, such as 45 day consultation periods in relation to staffing restructures. Therefore the Ring Fenced services are projecting an overspend of £0.984m in 2019/20. A restructuring of the Substance Misuse team to work more closely with the Adult Social Care commissioning team has been implemented on 1st October 2019, resulting in redundancies from the existing Public Health team.

Further savings achieved include the decommissioning of non-mandated services provided by Help2Change; this has resulted in staff redundancies and a reduction in services from 1st September 2019.

Further pressures on the Public Health budget include unachievable savings which have been committed in prior financial years, however, the cost pressures remain in the service and impact on the level of savings that can be achieved; this includes pathology services, FP10 prescribing, inpatient beds and Children and Young People's hubs. In addition, cost pressures remain due to; increasing costs and expenditure on prescribing (a nationally identified budget pressure) which is expected to exceed budgeted levels, and the out of hours call monitoring contract which is resulting in an overspend as the financial resources allocated have been removed as savings. Work continues to review services and budgets in order to identify opportunities to reduce the overspend in Public Health services.

Central DSG	Deputy Portfolio Holder Education	1	1	-	G

CHILDREN'S SERVICES		RAGY		
	Budget £	Forecast £	Variance £	
Total	49,734,740	54,712,177	4,977,437	R

Children's Social Care and	Portfolio Holder Children's					
Safeguarding	Services	30,331,460	33,728,117	3,396,657	R	

Although there are no unachieved savings targets in Children's Social Care and Safeguarding in 2019/20 the service continues to experience ongoing budget pressures which reflects the national picture.

The largest budget pressure being reported as at the end of Quarter 2 is a projected overspend of £1.291m caused by agency staffing costs in the social work teams. This pressure has continued from previous years. It is necessary to ensure that children who are looked after, on a Child Protection Plan or children in need of a plan are adequately supported in line with statutory timescales and this will dictate that sickness, maternity or temporary vacancy must be covered in the interim through agency staff. There is also a heavy reliance on agency social workers due to the number of social worker vacancies and the challenges in recruiting to vacant posts. The service remains focused on recruitment and retention with the identification of a dedicated HR worker to support with the timely recruitment of social workers. The recruitment campaign for children's services has been reviewed and updated and we are part of two graduate programmes for social work including Frontline and Step Up. The service is also working to develop 8-10 social work apprentices. A retention payment has been made available to retain social workers in the teams that are hardest to recruit. This strategy in itself has lead to a further one-off budget pressure of £0.145m on staffing but this strategy should reduce costs over the longer term. There has been some success in recruiting to a number of social worker posts in the latest round of recruitment, however as a number of the new starters are inexperienced, agency workers will be required to stay in post for a limited time to support these new social workers until such time that they are able to take on full caseloads. Due to increasing caseloads as a result of increasing Looked-after-children (LAC) numbers in 2018-19 there are currently a number of additional capacity agency social workers who are not covering vacant posts but taking on additional caseloads or supporting ASYE's with their caseloads. It is estimated that £0.496m of the £1.291m projected overspend relates to these additional capacity agency workers. This budget pressure is anticipated to reduce throughout the year.

There is a highly complex financial position across Children's Placements in 2019/20. In the summer of 2018 a detailed Children's Placements growth modelling exercise was undertaken to understand the budget required for Children's placements for 2019/20 and ongoing taking account of a projected increase in Looked-after-children (LAC) numbers, contributions towards these placements from other partners and existing strategies to manage the budget pressures e.g. growth of internal residential homes. The result of this exercise was to build £2.294m expenditure growth into the Children's Placements budget for 2019/20 with this growth allocated across both residential and fostering placements as forecast in the growth modelling exercise. Due to this growth in budget there is a relatively small budget pressure of £0.281m on external residential placements and both internal and external fostering budgets. The financial position in this area is volatile and can swing significantly from period to period if a child's needs change or a new residential placement is required. This position assumes no future growth in placement numbers over the remainder of the financial year. A commissioning and contracts manager was appointed earlier in the financial year to scrutinise high cost resdential placements with private providers where the Council is incurring additional costs relating to the child, which may include 1:1 or 2:1 levels of care, therapeutic intervention and education provision. By providing monitoring of these placements to provide assurance of value for money and challenge as to whether the increased levels of support often provided at a start of a placement could be reduced, it is assumed that any growth in high cost placements can be offset by reduction in costs relating to this additional levels of support.

At the end of the 2018/19 financial year, the Council embarked on a strategy to develop additional in-house internal residential provision. There has been capital investment of £0.710m to acquire 2 properties with the aim that these 2 children's homes will deliver revenue savings through supporting a few of the most complex children at a lower cost than the market rate. The two properties will be renovated and an Ofsted registration application will be prepared and submitted. The homes are anticipated to open in early 2020, once Ofsted have inspected and assessed the homes and staff have been recruited to. In the meantime, there is a projected overspend of £0.436m from the work required in this interim period until these new homes are open, however this is being categorised as a one-off pressure as the homes should generate savings on external placements once fully operational.

Children's Safeguarding are committed to increasing foster placement sufficiency so that the Council can care for more looked after children within a family environment. This is not only in the best interests of the majority of looked after children but will lead to significant financial savings. The aim is to increase the pool of foster carers and look to identify and support foster carers with looking after more complex children. This will reduce demand for expensive residential provision. An ongoing monitoring pressure of £0.266m relates to increased capacity built into the Children's Placement Service to enable the recruitment of more carers and retain and support current carers. A business case was approved to permit this.

Elsewhere, there is also an ongoing budget monitoring pressure of £0.267m being reported in the Adoption Service. This relates specifically to Special Guardianship Allowances. No growth was built into the budget for 2019/20, however we have continued to see an increase in Special Guardianship Orders issued. These are less costly options than residential or fostering placements and give a child more permanence than a regular fostering arrangement. The increase in SGOs mirrors the national trend where there has been a steep increase in the number of SGOs over the past 8 years.

There is an ongoing pressure of £0.124m against the Leaving Care Team. Following changes in statutory guidance that mean that; Personal Advisors are now required to offer support to all care leavers up until the age of 25 years (an increase from the previous age of 21 years), this means that young people will be remaining in the service for longer increasing capacity issues within the team. As a result of this and recommendations from a Department for Education National Advisor on Care Leavers and a "requires improvement" Ofsted judgement, a number of strategies have been put in place to address this. One such strategy that was agreed via a business case was to increase the number of Personal Advisors in the team and to enhance the offer available to care leavers.

There is a new budget pressure of £0.053m being reported in the Joint Adoption Service. The Joint Adoption Service is a joint service with Telford and Wrekin Council. This overspend is explained by a budget pressure in intra-agency placements where more children have been placed outside of Shropshire and Telford, than have been placed in Shropshire and Telford by outside voluntary adoption agencies or other Local Authorities.

There is a one-off pressure of £0.210m in the Disabled Children's Team. The majority of this relates to an increase in Disabled Children's Team Direct Payments and prevention and support payments.

The remaining £0.324m forecast overspend relates to one-off monitoring pressures on non-staffing budgets such as transport recharges and interpreting fees across several social work teams.

Learning and Skills	Deputy Portfolio Holder Education	17,039,730	18,621,128	1,581,398	R

The latest position reflects unachieved savings within Home to School Transport. On 22nd May 2019, a paper was presented to Cabinet on the discretionary areas of School and College Transport comprising; Nursery SEND pupil transport, SEND post 16 students and post 16 mainstream students. This paper followed an extensive seven week consultation process and recommended a number of revised policy changes to these discretionary areas to deliver savings taking account of concerns raised by parents and carers within the consultation process. The revised recommendations that were approved by Cabinet will deliver £0.110m of the original £0.203m proposed savings that were consulted on. To address this shortfall the Passenger Transport team will continue to develop other innovative savings strategies such as Personal Transport Budgets, Independent Travel Training, and reducing costs in areas such as single occupancy taxis, TMBSS and Exclusion Transport. As some of these strategies can only be implemented from the start of the new academic year, it is estimated that £0.353m of the total £0.717m savings target will be delivered with £0.364m unachieved in year.

As well as unachieved savings targets, Learning and Skills' projected overspend results from reductions in Central Government grants, specifically the loss of Dedicated Schools Grant funding. This was a direct result of a baselining exercise undertaken by the Department for Education to remove any Dedicated Schools Grant funding that did not meet strict criteria that constitutes a historic spending commitment, but that fund statutory functions that the Council is required to undertake. The pressure which has continued from 2018/19 is £0.194m.

There is also a budget pressure of £0.049m in Governor Services. A redesign of Governor Services has already been implemented and the consequence of this has been a reduction in the size of the team with the Casual Governor Services Clerks ceasing to be employed by the Council from 1st April 2019, now employed directly by schools/MATs. The revised model of a Governor advisory service has not delivered the level of buyback income from schools to cover its costs. This service will cease to operate at the end of the financial year, and as such is a one off pressure.

Additionally, there is a forecast overspend of £1.020m in Home to School Transport largely as a consequence of an increase in the Special Education Needs cohort. SEN passenger numbers have increased from 690 in September 2015 to 767 in September 2017 and are projected to continue to increase 5-7% a year.

The cost pressures above are partially offset by one-off underspends totalling £0.046m.

	Portfolio Holder Finance				
Corporate Budgets	and Corporate Support	(5,105,380)	(12,128,900)	(7,023,520)	Υ

Savings have been confirmed in year from MRP of (£0.621m), and savings of £0.610m against the expected interest receivable and payable budgets. Additionally, an early review of funds held corporately for corporate inflation has identified a one-off in year saving of (£0.424m).

Additionally a saving of (£0.268m) has been identified relating to reduced expenditure on staffing and subscriptions, and (£0.023m) against external audit expenditure, which offsets a small overspend against non-distributable costs of £0.013m, and a reduction in profit share in relation to WME £0.086m.

Further one-off corporate funding from MRP set aside, s31 Grant and Pension Fund advance payments totalling £5.170m has been applied to the Period 6 position to offset pressures arising in Adults and Childrens services. The availability of Corporate Funds to address any future issues arising is now extremely limited.

No variation from budget at quarter 2.										
	Portfolio Holder Finance									

There is a forecast deficit on the housing benefit subsidy which has been estimated at £0.397m. This estimated loss is consistent with last years and reflects a position which has worsened year on year for the last several years. Actions to reduce this loss will require addressing the growing level of homelessness and reducing the reliance on bed and breakfast accommodation. This projected loss has in part been offset by efficiencies in the service area, staffing is forecast at (£0.213m) under budget, software costs at (£0.030m) under budget, and external income of (£0.025m) over budget.

	Deputy Leader and Portfolio Holder Assets,				
Head of Commercial	Economic Growth and				
Services	Regeneration	(232,500)	377,699	610,199	R

Savings targets related to housing commercial activity total £1.075m, none of which will be achieved in this financial year. The first two housing development sites are anticipated to be delivered in Q3 2020/21. Decision reports will be taken to Cabinet and Council for land transfers and to approve the secured loan facility in Q3 2019/20. Initial development appraisals show the sites to be profitable with the potential for a dividend to be paid to the council along with interest on the council loan. The timeline of the council's current and future investments and commercial projects should also bring returns in from the next financial year. These unachieved savings have been partially offset by projected staffing savings totalling (£0.465m), a one-off benefit for this financial year.

	Deputy Leader and Portfolio Holder Assets, Economic Growth and				
Corporate Landlord	Regeneration	1,458,710	1,681,137	222,427	R

There exists a number of corresponding variances within the service area that contribute to the projected overspend of £0.222m. The Tannery and Mardol House are currently projected as £0.257m over budget, this is primarily due to an income shortfall due to unfilled rooms and retail space currently unable to be leased out. This position will improve in the next twelve months when building works are completed at The Tannery and as student numbers continue to increase. Smallholdings are forecast at £0.066m over budget, a number of urgent and unavoidable maintenance issues are being addressed on the estate this year, relating to fire safety compliance and other health and safety measures. In future years the position should improve as the majority of these works are seen to be one-off. Gypsy & Traveller Sites are a forecast £0.035m over budget, new electricity meters totalling £0.020m have been purchased, which should generate savings in the longer term, water charges are also £0.010m over budget due to leaking and drainage issues, although these have now been addressed. Museums & Culture are projected to overspend by £0.027m and Libraries by £0.021m, in both cases loss of rental income has created the forecast overspend, through tenants negotiating favourable deals, or leaving at lease expiry.

Adult Social Care properties are forecast at (£0.080m) under budget, a review of the supported living properties has revealed a number of expired leases and subsequent spare budget, it is likely this will be required in future years however due to the continuous rising demand on social care in the county. Youth Centres & Community buildings are forecast at (£0.046m) under budget, as one site was leased out by Community Asset Transfer, this has created an ongoing saving on business rates for the property, as well as a one-off saving through a rates rebate for last financial year. Car Parks are also projected to underspend, (£0.039m), due to rental income at one of the car parks being billed, this has been backdated for several years creating a considerable one-off benefit. This has countered a steep rise in business rates on the car parks, with these being £0.057m over budget.

	Deputy Leader and				
	Portfolio Holder Assets,				
	Economic Growth and				
Facilities Management	Regeneration	26,730	54,310	27,580	G

There exists a projected overspend on staffing of £0.031m, there has historically been a budget pressure in this area but this has been exacerbated in this financial year by a necessity for greater levels of overtime as well as increased use of casual staff, for both sickness cover and out of hours working.

	Deputy Leader and Portfolio Holder Assets,				
	Economic Growth and				
Property Services Group	Regeneration	(35,380)	127,983	163,363	R

There is currently an anticipated income shortfall of £0.156m, primarily due to a reduced capital planned programme of repairs and maintenance works. Work continues on building up the services' external client base to counter this projected deficit.

	Deputy Leader and				
	Portfolio Holder Assets,				
Strategic Asset	Economic Growth and				
Management	Regeneration	201,090	441,055	239,965	R

£0.100m of the projected over-spend relates to an unachieved saving around improving energy efficiency in the council's properties. A project board has been set up, external funding obtained and a priority list established to progress this. Savings will not be achieved but not in the immediate term. In addition to this there is a projected staffing pressure of £0.107m as the service area seeks to restructure and provide additional resilience, however in the interim some agency and short term staff have been recruited. A £0.020m pressure relates to unbudgeted emergency maintenance of solar panels and a further one off pressure of £0.034m as a result of having undertaken additional surveys.

Planning Services	Portfolio Holder Housing and Strategic Planning	1,573,850	1,726,714	152,864	R

There continues to be a large number of Building Control enforcement cases requiring officer time to investigate, resulting in additional costs of the Council funded element of this service. In addition, the number of Land Charges/Searches remains lower than its peak a couple of years ago, resulting in income lower than the current budget. These additional costs are somewhat mitigated by staffing vacancies within Development Management and the Natural and Historic Environment teams.

	Deputy Leader and Portfolio Holder Assets, Economic Growth and				
Economic Growth	Regeneration	1,192,720	1,088,129	(104,591)	Y

Highways and Transport	Portfolio Holder Highways and Car Parking	16,320,990	16,208,779	(112,211)	Y

There is an anticipated overspend of £0.116m in relation to Street Lighting energy, as electricity costs continue to increase. In addition, following consultation on the savings proposals around subsidies for Public Transport and Concessionary Fares, the initial savings will not be implemented, however, any efficiencies that have been identified will still be delivered. These additional costs are offset by additional income forecast to be generated by the Streetworks team and vacancies within the service area (this will offset the variance on the Head of Infrastructure and Communities below).

	Portfolio Holder Culture,							
	Leisure, Waste and							
Waste Management	Communications	28,962,900	29,814,250	851.350	R			

Savings of £1.500m are required from a review of waste collection and recycling services in 2019/20, as per the Financial Strategy. Of this figure, £0.800m has been achieved through removing bring bank facilities, and removing surplus landfill budget, as the annual volume of waste sent to landfill is significantly below the contracted level. £0.700m savings remain to be achieved. There are no plans at present to achieve this saving. The forecast cost of this year's landfill tonnage is revised monthly as tonnage data is received. There is likely to be a one-off budget pressure this year due to a planned Energy Recovery Facility outtage.

	Portfolio Holder Culture,				
Culture and Heritage	Leisure, Waste and				
Manager	Communications	131,500	268,587	137,087	R

Some of the overspend is offset by the underspend in Outdoor Partnerships in relation to a vacant post. £0.075m is part of an unachievable saving target relating to moving the Council's heritage assets into a trust model. A project board has been set up to discuss the options for this but the required saving will not be achieved in full in this financial year. It is likely that the saving will be re-scoped to achieve additional income through development across our cultural assets.

	Deputy Leader and Portfolio Holder Assets,				
Head of Infrastructure and	Economic Growth and				
Communities	Regeneration	169,920	290,965	121,045	R

The pressure in this area relates to ongoing management changes, this is partially offset by an underspend in Highways & Transport as shown above.

Details of virements over £140,000 and below £500,000, reported to Cabinet for information

Quarter 1:

• A budget virement of £0.403m has taken place at Quarter 1 to allocate pay award funding that had not been distributed at budget setting, due to the review of grades 1-8 pay scales and SPB grades not having been completed at that time.

- £0.196m has been vired from Place to Children's Services as responsibility for Youth Commissioning has transferred between the directorates.
- Of the £0.300m contract management saving in 2019/20, £0.016m has been retained within Finance, Governance and Assurance, and £0.284m has been allocated across Adult Services, Children's Services, Place and Workforce and Transformation, and therefore a budget virement has taken place accordingly.

Quarter 2:

- A budget virement of £0.317m has taken place at Quarter 2 to facilitate the phased delivery of savings targets within Revenues & Benefits.
- A budget virement of £0.200m has been actioned in order to move the Shrewsbury Town Council Horticultural Contract budget to the directorates that manage the respective elements of the contract.
- A budget virement of £0.200m has taken place at Quarter 2 to facilitate the phased delivery of savings targets within Finance.

Proposed virements between £500,000 and £1m for Cabinet approval

Quarter 1:

None.

Quarter 2:

 Following the completion of the annual exercise to plan how the CCG will contribute to Council services via the Better Care Fund a budget virement is now required to align the income budget to the agreed expenditure areas. This will result in some areas seeing a budget change in excess of £0.500m. The full virement required is shown below:
