<p>I have read your Report to Committee and am disturbed to note your lack of understanding what impact this Development will have on the Higher Heath Community. And your hiding behind National guidelines.</p> <p>A further disturbing element is that should God forbid that Committee follow your recommendation is that we have no right of Appeal and with restrictions in place to limit our ability to express our views properly and in greater detail as you have.</p> <p>This is inequitable and undemocratic in this contentious case.</p> <p>I feel sure the Courts will agree.</p> <p>With your concern about costs consider a reassessment of our rateable bandings by an independent valuer. Our trust in Shropshire Council has gone.</p> <p>In view of this ongoing saga maybe a Judicial Review of Planning is now appropriate with the ticking box era clearly not working and that common sense is given priority.</p>

<p>It is acknowledged by Officers that this site is located within two Parish Council administrative wards namely Baschurch and Bomere Heath and the application planning records indicate that both Parish Councils were consulted on the plans as originally submitted for this application as well as the amended plans received. This has been confirmed by both Parish Council's as being correct.</p>
