COVID-19 Addendum

Since the production of the Shropshire PPOSS Assessment Report and Strategy & Action Plan documents there has been global pandemic from the spreading of COVID19 (Coronavirus). This led England to enter an unprecedented state of Lockdown from the 23rd March 2020. Lockdown required the general public to remain at home and only leave their households for food, health reasons or work (only if work cannot be carried out at home). In addition, if people are to go outside they are to remain two metres apart. This understandable has led to all sporting activities including all those covered in the Playing Pitch Strategy documents to cease until further notice.

It should be noted that both the Shropshire Assessment Report and Strategy & Action Plan were created before the pandemic and the lockdown occurred. The documents use the Sport England Playing Pitch Strategy methodology from Stage A to Stage D and therefore the supply and demand analysis for each of the sports and the strategic recommendations made are accurate based on information collated in 2019.

It is currently unknown what the future impact of COVID-19 and the lockdown will have on participation and the quality of provision for each sport referenced in the documents. Therefore, it is acknowledged that as part of the Playing Pitch Strategy Stage E process, the review of the documents should ensure that any recommendations made are still accurate based on future levels of supply and demand.

As part of Stage E, the PPOSS should be reviewed on an annual basis from the date it is formally signed off by the Steering Group. A review will help to maintain the momentum and commitment built up during its development. Given current circumstances an annual meeting, which could coincide with the annual NGB affiliation process, would be beneficial to understand what impact, COVID-19 and the Lockdown has had within Shropshire.

For more information regarding the Stage E process please see Part 8: Deliver the strategy and keep it robust and up to date or see <https://www.sportengland.org/how-we-can-help/facilities-and-planning/planning-for-sport>

PART 1: INTRODUCTION

The below document is a truncated version of the Shropshire Strategy & Action Plan, which includes purely the Action Plan component.

The site-by-site action plan seeks to address key issues identified in the Shropshire PPOSS Assessment Report. It provides recommendations based on current levels of usage, quality and future demand, as well as the potential of each site for enhancement. It should be reviewed in the light of staff and financial resources in order to prioritise support for strategically significant provision and provision that other providers are less likely to make. The Action Plan is separated by analysis area and place plan area.

The Council should make it a high priority to work with NGBs and other partners to comprise a priority list of actions based on local priorities, NGB priorities and available funding. To allow for facility developments to be programmed within a phased approach, the Council should adopt a tiered approach to the management and improvement of outdoor facility sites and associated provision.

Please see the Shropshire PPOSS Assessment Report and Shropshire PPOSS Strategy & Action Plan for further information.

PART 2: ACTION PLAN

The identification of sites in the Action Plan is based on their strategic importance within the Authority i.e. they accommodate the majority of demand, or the recommended action has the greatest anticipated impact on addressing shortfalls (identified either on a sport-by-sport basis or across the Council area as a whole).

Table 2.1: Proposed tiered site criteria

Criteria	Hub sites	Main sites	Local sites
Site location	Strategically located in the Authority. Priority sites for NGBs.	Strategically located within the analysis area.	Serves the local community.
Site layout	Accommodates three or more grass pitches, including provision of an AGP.	Accommodates two or more grass pitches.	Accommodates one or more pitches.
Type of sport	Single or multi-sport provision. Could also operate as a central venue.	Single or multi-sport provision. Could also operate as a central venue.	Single or multi-sport provision.
Management	Management control remains within the local authority/other provider or with an appropriate lease arrangement through a committee or education owned.	Management control remains within the local authority/provider or with an appropriate club on a lease arrangement.	Management control remains within the local authority/provider or with an appropriate club on a lease arrangement.
Maintenance regime	Maintenance regime aligns with NGB guidelines.	Maintenance regime aligns with NGB guidelines.	Standard maintenance regime either by the club or in house maintenance contract.
Ancillary facilities	Good quality ancillary facility on site, with sufficient changing rooms and car parking to serve the number of pitches.	Good quality ancillary facility on site, with sufficient changing rooms and car parking to serve the number of pitches.	No changing room access on site or appropriate access to accommodate both senior and junior use concurrently (if required).

Hub sites are of strategic Authority wide importance where users are willing to travel to access the range and high quality of facilities offered and are likely to be multi-sport. These have been identified on the basis of the impact that the site will have on addressing the issues identified in the assessment.

Main sites are more community focused sites, although some are still likely to service a wider analysis area. There may be more of a focus on a specific sport.

Additionally, it is considered that some financial investment may be necessary to improve the ancillary facilities at both hub sites and Main site sites to complement the pitches in terms of access, flexibility (i.e. single-sex changing if necessary), quality and that they meet the rules and regulations of local competitions.

Local sites refer to those sites offering minimal provision or that are of minimal value to the wider community. Primarily they are sites with one facility or a low number of facilities that service just one or two sports. The level of priority attached to them for external investment may be relatively low.

For local authority sites, consideration should be given, on a site-by-site basis, to the feasibility of a club taking on a long-term lease (if not already present), in order that external funding can be sought. Such sites will require some level of investment, either to the outdoor sport facilities or ancillary facilities, and is it anticipated that one of the conditions of offering a hire/lease is that the Club would be in a position to source external funding to improve/extend the provision.

Other sites considered in this tier may be primary school sites or secondary school sites that are not widely used by the community or that do not offer community availability.

Some local sites are suitable for rationalisation providing that capital receipts are allocated to replace the lost provision at larger, multi-pitch sites.

Management and development

The following issues should be considered when undertaking sports related site development or enhancement:

- ◀ Financial viability.
- ◀ Security of tenure.
- ◀ Planning permission requirements and any foreseen difficulties in securing permission.
- ◀ Adequacy of existing finances to maintain existing sites.
- ◀ Business Plan/Masterplan – including financial package for creation of new provision where need has been identified.
- ◀ Analysis of the possibility of shared site management opportunities.
- ◀ The availability of opportunities to lease sites to external organisations.
- ◀ Options to assist community groups to gain funding to enhance existing provision.
- ◀ Negotiation with landowners to increase access to private hub sites.
- ◀ Football investment programme/3G pitch development with the FA and Football Foundation

Partners

The column indicating partners refers to the main organisations that the Council would look to work with to support delivery of the actions. Given the extent of potential actions it is reasonable to assume that partners will not necessarily be able to support all of the actions identified but where the action is a priority and resource is available the partner will endeavour to provide support.

Priority

Although hub sites are mostly likely to have a **high** priority level as they have wide importance, high priority sites have been identified on the basis of the impact that the site will have on addressing the key issues identified in the assessment. Therefore, some Main sites and local sites are also identified as having a high priority level. It is these projects/sites which should generally, if possible, be addressed within the short term (1-2 years).

The majority of Main sites are a **medium** priority, have analysis area importance and have been identified on the basis of the impact that the site will have on addressing the issues identified in the assessment.

The **low** priority sites tend to be single pitch or single sport sites and often club or education sites with local specific importance but that may also contribute to addressing the issues identified in the assessment for specific users.

Costs

The strategic actions have also been ranked as low, medium or high based on cost. The brackets are:

- ◀ (L) -Low - less than £50k;
- ◀ (M) -Medium - £50k-£250k;
- ◀ (H) -High £250k and above.

These are based on Sport England's estimated facility costs which can be found at:
<https://www.sportengland.org/facilities-planning/design-and-cost-guidance/cost-guidance/>

Timescales

The Action Plan has been created to be delivered over a ten-year period. The information within the Assessment Report, Strategy and Action Plan will require updating as developments occur.

The indicative timescales relate to delivery times and are not priority based:

- ◀ (S) -Short (1-2 years);
- ◀ (M) - Medium (3-5 years);
- ◀ (L) - Long (6+ years).

Aim

Each action seeks to meet at least one of the three aims of the Strategy; **Enhance, Provide, Protect.**

CENTRAL ANALYSIS AREA

Key recommendations for Pontesbury & Minsterley

- ◀ To meet the future shortfalls, improve poor quality football pitches through enhanced levels of maintenance.
- ◀ Assist clubs in ancillary provision improvements where require
- ◀ Examine securing tenure for clubs where not already apparent
- ◀ Explore the feasibility in providing a second square at Pontesbury Playing Fields for the use of Pontesbury CC and the development of its Women and Junior section.

Key recommendations for Shrewsbury

- ◀ To meet the future shortfalls, improve poor quality football pitches through enhanced levels of maintenance in addition to securing access to education sites or pitch reconfiguration.
- ◀ Refurbish the hockey suitable AGP at Roman Road Sports Centre and retain as a hockey suitable surface.
- ◀ In addition, explore the feasibility of developing three full size floodlit 3G FA approved pitch to accommodate both competitive and training demand.
- ◀ Ensure future demand for cricket can be met whether this is through creation of an NTP, additional wickets on site, access to secondary site with capacity or creation of new provision.
- ◀ Explore the feasibility in providing an additional either onsite or in the locality of Shrewsbury Cricket Club for the use of Shrewsbury CC.
- ◀ Ensure sites which are located in Flood Zones have access to flood relief funds when required in addition to preparing on site provision for the possibility of flooding.
- ◀ Assist in alleviating overplay at Shrewsbury Rugby Club where possible.
- ◀ Assist clubs in securing long term tenure where required particularly for cricket clubs to access relevant funding
- ◀ Assist in club's ambitions to improve ancillary provision where deemed necessary.

NORTH EAST ANALYSIS AREA

Key recommendations for Market Drayton

- ◀ To meet the existing and future football shortfalls secure access to educational sites through CUAs in addition to improve poor pitch quality through enhanced levels of maintenance.
- ◀ Relocation plans for Greenfields Sports Ground to also consider the potential to accommodate an AGP to meet exported demand by Market Drayton HC and a 3G pitch to meet demand identified in the area.
- ◀ Address cricket overplay through a combination of quality improvements, greater use of NTPs and additional wickets.
- ◀ Work to improve the quality of bowling greens and to maximise membership to create future sustainability.
- ◀ Consider options for funding to establish changing provision at Hinstock Recreation Ground.
- ◀ Use future S106/CIL monies from Clive Barracks to alleviate existing and future sporting shortfalls either onsite or offsite.

Key recommendations for Wem

- ◀ To meet the existing and future football shortfalls secure access to educational sites through CUAs in addition to improve poor pitch quality through enhanced levels of maintenance.
- ◀ Support Shawbury Football Club in its aspirations to develop a new site and when considering its feasibility explore options for a full size 3G pitch to meet demand identified in the area.
- ◀ For cricket, improve quality in order to create future capacity and secure tenure. In addition, explore enhancing cricket provision at Thomas Adams Sports Centre to create additional capacity for Wem CC.
- ◀ Address quality for all other sports.

Key recommendations for Whitchurch

- ◀ To meet the existing and future football shortfalls secure access to educational sites through CUAs in addition to improve poor pitch quality through enhanced levels of maintenance.
- ◀ For cricket, improve quality in order to create future capacity and secure tenure. Explore opportunities to create additional provision for Whitchurch CC on adjacent land to Heath Round Ground.
- ◀ Refurbish the AGP at Whitchurch Sports & Leisure Centre as a priority in order to ensure the continued use of the site for hockey.
- ◀ Address quality for all other sports.

356	Ironbridge Power Station	TF8 7BL	Football (disused) Cricket (disused)	Private	The site currently has a disused sports field that previously hosted two adult football pitches and a five wicket grass cricket square in addition to a poor quality clubhouse. The Haworth Group reports this area is proposed to be retained as part of the above mentioned masterplan. The site is also located on a flood zone.	Population growth from housing developments at the Ironbridge Power Station indicates there is a need for a youth football pitch. In order to meet this demand, it is recommended that the disused sports field is brought back into use. Not only should the previous football pitches be reinstated, but also the cricket provision and ancillary provision on the site. This is due to there being substantial levels of demand from both Shropshire and Telford & Wrekin for such provision in addition to a lack of capacity in Much Wenlock. Consideration should be taken regarding the site's location on a flood zone.	Private Council SFA FF ECB SCB	Main site	M-H	S-L	M-H	Provide

APPENDIX ONE: FUNDING PLAN

Funding opportunities

Please note that due to the ongoing COVID-19 Pandemic (2020) the below funding opportunities may alter or become less prevalent in the forthcoming years as NGBs prioritise new methods of funding as a reaction to the developing situation.

In order to deliver much of the Action Plan, it is recognised that external partner funding will need to be sought. Although seeking developer contributions in applicable situations and other local funding/community schemes could go some way towards meeting deficiencies and/or improving provision, other potential/match sources of funding should be investigated. Below is a list of current funding sources that are relevant for community improvement projects involving sports facilities.

Awarding body	Description
Big Lottery Fund http://www.biglotteryfund.org.uk/	<p>The Big Lottery Fund distributes over £500m a year to communities across the UK, raised by players of The National Lottery.</p> <p>Awards for All – this fund offers National Lottery grants between £300 and £10,000. Applications can be made by: voluntary or community organisations, registered charities, constituted groups or clubs, not-for-profit companies or community interest companies, social enterprises, schools and statutory bodies (including town, parish and community councils). To receive funding, the applicant must meet at least one of the funding priorities listed for these grants. The funding priorities are:</p> <ul style="list-style-type: none"> Bringing people together and building strong relationships in and across communities. Improving the places and spaces that matter to communities. Enabling more people to fulfil their potential by working to address issues at the earliest possible stage. <p>Reaching Communities England – this programme provides flexible funding over £10,000 for up to five years to organisations in England who want to act on the issues that matter to people and communities. Grants will be awarded to voluntary and community organisations or social enterprises to fund project activities, operating costs, organisational development and capital costs. Ideas must meet one or more of the following funding priorities:</p> <ul style="list-style-type: none"> Bringing people together and building strong relationships in and across communities. Improving the places and spaces that matter to communities. Enabling more people to fulfil their potential by working to address issues at the earliest possible stage.
Sport England The current funding streams may change so refer to the website for the latest information: https://www.sportengland.org/funding/	<p>Sport England's vision is that everyone in England feels able to take part in sport or activity, regardless of age, background or ability.</p> <p>Small Grants – this programme offers funding to projects involving adults and young people aged 14 or over which meet one or more of the aims of their 'Towards an Active Nation' strategy. These aims are: get inactive people more active, develop lasting sporting habits, engender more positive attitudes among young people, develop more diverse volunteers and to improve progression and inclusion among</p>

Flooding Funding

Sport England also offers various funding options for clubs that have been affected by flooding such as the Community Asset Fund³⁷. These are typically separated into three criteria: small scale investment (£1,000 - £15,000), medium scale investment (£15,000 - £50,000) and large scale investment (£50,000 - £150,000). The Community Asset Fund was designed to help communities respond quickly to emergencies or unexpected events that stop people from being active.

Protecting Playing Fields

Sport England's Strategy: Towards an Active Nation (2016-2021) will simplify the funding reducing the number of investment programmes from 30 to 7:

- ❖ Tackling Inactivity
- ❖ Children and Young People
- ❖ Volunteering
- ❖ Taking sport and activity into the mass market
- ❖ Supporting sports core markets
- ❖ Local delivery
- ❖ Creating welcoming sports facilities

The current funding streams listed below will remain operational during 2016/17 but will be phased out and replaced by one or more of the seven listed above.

³⁷ <https://www.sportengland.org/how-we-can-help/our-funds/community-asset-fund>

It launched Protecting Playing Fields (PPF) as part of its Places People Play Olympic legacy mass participation programme and is investing £10 million of National Lottery funding in community sports projects.

The programme is being delivered via five funding rounds (with up to £2 million being awarded to projects in each round). Its focus is on protecting and improving playing fields and developing community sport. It will fund capital projects that create, develop and improve playing fields for sporting and community use and offer long-term protection of the site for sport. Projects are likely to involve the construction of new pitches or improvement of existing ones that need levelling or drainage works.

Sport England's Community Asset Fund³⁸ programme will be delivered via funding rounds and replaced its previous Inspired Facilities Fund. The Community Asset Fund opened in late January 2017 with an annual budget of £15 million, anticipating funding applications to range anywhere from £1000 to £150,000.

A key difference of the new programme is that it not only aims to support improvement of facilities within traditional sports clubs and recreational or sporting environments, but seeks explore new ways to invest in communities where improvement of facilities can offer wider benefit for not just sporting groups but other physical activities and local organisations which use or could use the site. The change in approach reflects the Towards an Active Nation Strategy and a contribution to delivering the five outcomes: physical wellbeing, mental wellbeing, individual development, social and community development and economic development.

The four main aims of the Community Asset Fund programme are:

- ❖ Improve and protect existing sports facilities that support the needs of local communities
- ❖ Invest in new and different places that meet the needs of local communities, which include our target audiences
- ❖ Ensure our capital investment reaches organisations who have not accessed our funding before
- ❖ Create a more resilient, sustainable, less grant dependent sport sector

Strategic Facilities Fund

Facilities are fundamental in providing more people with the opportunity to play sport. The supply of the right facilities in the right areas is key to getting more people to play sport. Sport England recognises the considerable financial pressures that local authorities are currently under and the need to strategically review and rationalise leisure stock so that cost effective and financially sustainable provision is available in the long-term. Sport England has a key role to play in the sector, from influencing the local strategic planning and review of sports facility provision to investing in major capital projects of strategic importance.

The Strategic Facilities Fund will direct capital investment into a number of key local authority projects that are identified through a strategic needs assessment and that have maximum impact on growing and sustaining community sport participation. These projects will be promoted as best practice in the delivery of quality and affordable facilities, whilst demonstrating long-term operational efficiencies. The fund will support projects that bring together multiple partners, including input from the public and private sectors and national governing bodies of sport (NGBs). The fund is also designed to encourage applicants and their partners to invest further capital and revenue funding to ensure sustainability. Sport England has allocated a budget of circa £30m of Lottery funding to award through this fund (2013-17).

³⁸ <https://www.sportengland.org/media/11425/community-asset-fund-guide-january-2017.pdf>

Key features which applications must demonstrate are:

- ◀ A robust needs and evidence base which illustrates the need for the project and the proposed facility mix
- ◀ Strong partnerships which will last beyond the initial development of the project and underpin the long-term sustainability of the facility
- ◀ Multi-sport provision and activity that demonstrates delivery against NGB local priorities
- ◀ A robust project plan from inception to completion with achievable milestones and timescales.

Lottery applications will be invited on a solicited-only basis and grants of between £500,000 and £2,000,000 will be considered.

The Strategic Facilities Fund will prioritise projects that:

- ◀ Are large-scale capital developments identified as part of a local authority sports facility strategic needs assessment/rationalisation programme and that will drive a significant increase in community sports participation
- ◀ Demonstrate consultation/support from two or more NGBs and delivery against their local priorities
- ◀ Are multi-sport facilities providing opportunities to drive high participant numbers
- ◀ Are a mix of facility provision (indoor and/or outdoor) to encourage regular and sustained use by a large number of people
- ◀ Offer an enhancement, through modernisation, to existing provision and/or new build facilities
- ◀ Have a long-term sustainable business plan attracting public and private investment
- ◀ Show quality in design, but are fit for purpose to serve the community need
- ◀ Have effective and efficient operating models, combined with a commitment to development programmes which will increase participation and provide talent pathways.

Projects will need to demonstrate how the grant will deliver against Sport England's strategic priorities. The funding available is for the development of the capital infrastructure, which can contribute to the costs of new build, modernisation or refurbishment and purchasing of major fixed equipment as part of the facility development.

Funder's requirements

Below is a list of funding requirements that can typically be expected to be provided as part of a funding bid, some of which will fall directly out of the Playing Pitch Strategy:

- ◀ Identify need (i.e., why the Project is needed) and how the Project will address it.
- ◀ Articulate what difference the Project will make.
- ◀ Identify benefits, value for money and/or added value.
- ◀ Provide baseline information (i.e., the current situation).
- ◀ Articulate how the Project is consistent with local, regional and national policy.
- ◀ Financial need and project cost.
- ◀ Funding profile (i.e., Who's providing what? Unit and overall costs).
- ◀ Technical information and requirements (e.g., planning permission).
- ◀ Targets, outputs and/or outcomes (i.e., the situation after the Project/what the Project will achieve)
- ◀ Evidence of support from partners and stakeholders.
- ◀ Background/essential documentation (e.g., community use agreement).
- ◀ Assessment of risk.

Indicative costs

The indicative costs of implementing key elements of the Action Plan can be found on the Sport England website:

<https://www.sportengland.org/facilities-planning/design-and-cost-guidance/cost-guidance/>

The costs are for the development of community sports facilities and are based on providing good quality sports facility based on the last quarter. The Facilities Costs are updated on the Sport England website every quarter. These rounded costs are based on schemes most recently funded through the Lottery (and therefore based on economies of scale), updated to reflect current forecast price indices provided by the Building Cost Information Service (BCIS), prepared by Technical Team Lead of Sport England.
