1.0 Summary

1.1 This paper presents the Place Overview Committee’s proposed work programme for the 2021-2022 municipal year.

2.0 Recommendations

2.1 Committee members to:

- agree the proposed committee work programme attached as **appendix 1**.
- suggest changes to the committee work programme and
- recommend other topics to consider.

3.0 Background

3.1 The work programme provides the opportunity for the committee to plan its work for the next twelve months. In planning its work, it should aim to produce a programme that features a combination of:

- scrutiny of council priorities, through its corporate plan (The Shropshire Plan)
- forthcoming policy proposals, as listed in the Forward Plan and from discussions with officers and administration members.
- community priorities that the public bring to the attention of elected members.
- priorities for action resulting from the council’s financial and capital strategies.
- the work of our partners, for example the Marches Local Enterprise partnership or
- following up on previous recommendations from the committee.

3.2 Shropshire Council’s overarching corporate plan, The Shropshire Plan, is currently in draft stage and has yet to be approved by Council. The Plan, when approved, will contain:

- Corporate priorities which the Place directorate will be responsible for delivering;

- Plans and policies which together will deliver the priorities of the corporate plan; and
- A suite of performance management information that will allow elected members to scrutinise both the delivery of plans and policies, but also to determine whether those plans and policies had resulted in the expected change in performance.
