REVENUE OUTTURN 2013/14

Responsible Officer James Walton

Email: james.walton@shropshire.gov.uk Tel: (01743) 255011

1. Summary

- 1.1 This report provides details of the revenue outturn position for Shropshire Council for 2013/14 and provides a summary of:
 - The revenue outturn for each service area with a commentary on the main variations and an outline of how the position has changed since Period 11.
 - The movements in the Council's general balance.
 - The Council's reserves and provisions.
- 1.2 The Council's financial position for 2013/14 has improved by £0.978m when compared to projections made at Period 11 resulting in a net underspend of £0.390m.

2. Recommendations

- 2.1 Members are asked to:
 - A. Note that the Outturn for the Revenue Budget for 2013/14 is an underspend of £0.390m, this represents 0.06% of the original gross budget of £639m.
 - B. Note that the level of general balance stands at £14.497m, which is above the anticipated level included within the Financial Strategy.
 - C. Note that the level of school balances stand at £5.855m (2012/13 £4.953m).
 - D. Note that the Outturn for the Housing Revenue Account for 2013/14 is an underspend of £1.426m and the level of the Housing Revenue Account reserve stands at £2.542m (2012/13 £1.041m).

REPORT

3. Risk Assessment and Opportunities Appraisal

3.1 Details of the potential risks affecting the balances and financial health of the Council are detailed within the report. Each variation from budget is also RAG rated to confirm the level of risk to the Council's balances.

4. Financial Implications

4.1 This report is based on the financial outturn of the Council's budget for 2013/14 and therefore considers the effect that the underspend has on the Council's balances.

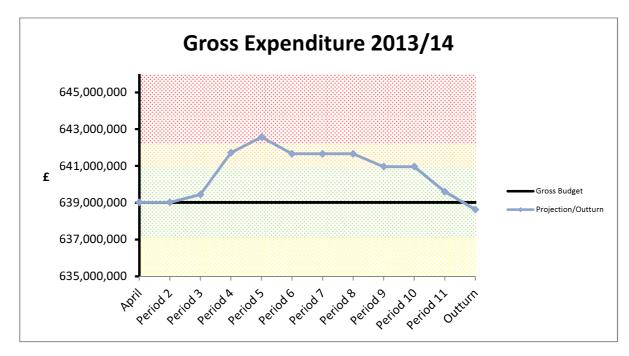

5. Background

5.1 Cabinet has received monthly monitoring reports on the revenue budget during the course of the year. This has meant that Service Areas have identified problem areas as they have arisen and management have been able to take the action necessary to deal with the issues arising.

6. Overall Position

6.1 The final outturn for 2013/14 shows overall net revenue expenditure of £231.142m and an underspend of £0.390m. The overall position for Service areas and Schools' balances is detailed below:

	£000
Original Budget	231,532
Outturn for 2013/14	231,142
Underspend for 2013/14	(390)

6.2 The underspend of £0.390m for 2013/14 is presented below by Service Area (shaded column). End of year entries include items of non-controllable spend (e.g. depreciation) that are not included within service projections throughout the year. To enable comparison with previous monitoring reports, the non-controllable element of spend has been separately identified within this report where relevant. This allows a direct comparison to be made between controllable spend at year end, and projections made throughout the year.

Table 1: 2013/14 Budget Variations Analysed by Service Area (£'000)

Service Area	Revised Budget	Outturn	(Under) / Overspend	Non - Controllable (Under)/Overs		Controllable (Under)/Over spend
	£'000	£'000	£'000	pend £'000		£'000
Commissioning	94,862	96,142	1,280	2,153	Y	(873)
Adults Services	69,355	72,190	2,835	(1,179)	R	4,014
Children's Services	60,709	59,493	(1,216)	(632)	Υ	(584)
Public Health	1,545	1,214	(331)	(57)	Y	(274)
Resources & Support	5,061	2,103	(2,958)	(285)	Y	(2,673)
TOTAL	231,532	231,142	(390)	0		(390)

6.3. The outturn position has improved by £0.978m since Period 11 as a result of further underspends achieved within Resources & Support. The housing benefit overpayments original anticipated to be over the lower threshold, was kept below the threshold and so this cost pressure was not realised. Additional income and further savings within Resources & Support budgets also delivered further savings. Further analysis of the variations to budgets for all service areas is provided within Appendix 1.

7. General Fund Balance

7.1 The effect on the Council's Reserves is detailed below. The Council's policy on balances is to have a general fund balance (excluding schools balances) of between ½% and 2% of the gross revenue budget. For 2013/14 the minimum balance required is £3.27m. The general fund balance as at 31st March 2014 is shown in Table 2 below:

Table 2: General Fund Balance As At 31st March 2014 (£'000)

Table 2. General i und Dalance AS At 31 March 2014 (2	000)
General Fund Balances as at 1 April 2013	6,820
Budgeted contribution to General Fund Balance Repayment of Overspend (County Training Yr3) Repayment of Redundancies provided for in 2012/13	5,909 418 3
Release of earmarked reserves Over-recovery of Insurance costs Release of surplus grant balances	864 68 25
2013/14 Revenue Outturn	390
General Fund Balance at 31 March 2014	14,497

- 7.2 The General Fund Balance at 31 March is above the level anticipated within the Financial Strategy, however it still lies below the risk based target for 2013/14 which stands at £15.547m.
- 7.3 The council's policy is to hold general fund balances of between ½ and 2% of the gross revenue budget, however the balance of £14.497m now falls above this policy level. This is considered appropriate given the significant increase in the risk based general fund calculation for 2014/15 to £18.513m (as agreed by Council in February 2014) and the significant level of savings required in the budget strategy for 2014/15. The expectation is that the level of general fund balance will be brought in line with the risk based calculation over years 2 and 3 of the Council's Medium Term Financial Plan, on the basis that all savings targets are achieved. Unlike year 1, the risk based calculations in years 2 and 3 are in line with the Council's policy to hold between 0.5% and 2% of gross revenue budget.

8. School Balances

8.1 The movement in schools' balances is as follows:

	2012/13 £000	2013/14 £000	Increase/ (Decrease) £000
Schools:			
- Revenue Balances	2,789	3,927	1,138
- Invested Balances	1,630	1,550	(80)
- Extended Schools Grant Balance	534	378	(156)
Total	4,953	5,855	902

- 8.2 Schools' balances have to be ringfenced for use by schools and schools have the right to spend those balances at their discretion. The Council does employ a policy of clawback for school balances where the balance is greater than 8% of the schools' funding for primary and special schools, and 5% for secondary schools. It has not been necessary to clawback any balances in 2013/14. Of the 152 schools, 129 schools have surplus balances, 14 have deficit balances, and 9 have zero balances due to the school converting to Academy or Free status.
- 8.3 The Extended Schools Grant allocations for schools are paid over during 2013/14, however as the balance will not be fully committed until the end of the school academic year, these balances have been ringfenced to each individual school within School Balances.
- 8.4 Following consultation with the school's forum and head teachers, the school balances have been used to purchase IT equipment for schools, the cost of this equipment is then recharged to schools over the life of that equipment, effectively operating as an internal leasing arrangement. At the end of 2013/14 £214,960 of the £5,855,000 was being used in this way.
- 8.5 School balances have also been used to fund carbon efficiency measures within schools. At the end of 2013/14, £117,336 of the £5,855,000 was used for this purpose.

9. Housing Revenue Account (Appendix 2)

- 9.1 The Housing Revenue Account (HRA) outturn for 2013/14 shows an underspend of £1.426m against gross turnover (8.6%) which has mainly arisen due to increased rent income from faster turnaround on voids, reduction in corporate recharges to the HRA and less revenue contributions to capital due to slippage in the capital programme.
- 9.2 The underspend takes the closing balance on the HRA Reserve to £2.542m which represents a contingency of £618 per home.

10. Reserves and Provisions (Appendix 4)

- 10.1 The Council has created a number of specific reserves and provisions to provide for known or anticipated future liabilities and to assist in protecting essential services. Earmarked reserves are balances held for specific items that will occur in the future. Provisions are held to meet expenses that will occur as a result of past events and where a reliable estimate can be made of the obligation.
- 10.2 The overall position for reserves and provisions is set out in the Statement of Accounts 2013/14, an extract from the Statement of Accounts is contained at Appendix 4, with an explanation of each reserve and provision. These figures may be subject to change before the Council's final Statement of Accounts is produced. The change in revenue reserves and provisions is as follows:

Balance of Reserves and Provisions					
As at 31 March 2013	62,547				
As at 31 March 2014	51,955				
Increase/(Decrease)	(10,592)

Property Services had a £0.45m savings target which they did not achieve. This was partially offset by voluntary redundancy savings of £0.289m in the service. Other overspends were realised on Shirehall running costs. A further pressure of £0.2m was incurred in relation to accommodation rationalisation which cannot be achieved in 2013/14. Following final capital works, income has reduced by £0.03m within Design and £0.15m on Surveyors. Savings have been identified on building maintenance costs.						
Customer Involvement	2,051,480	599,084	(1,452,396)	(6,719)	(1,445,677)	Υ
The underspend within Customer Involvement has arisen primarily within Benefits, where there was an underspend on the subsidy return and benefit overpayments remained within the Government thresholds and so the service had a further underspend at outturn. Also discretionary relief on Non Domestic Rates is now a collection fund cost rather than a charge to the general fund, therefore a saving has been realised within Customer Involvement of £0.341m. Savings have been realised on staffing in Customer Care of £0.198m (unfilled vacancies and VR), Business Design of £0.041m, Communications of £0.018m and £0.043m from the Web Team due to the VR programme. Other small savings across all teams on general items such as travel and equipment Overspend on Print Unit reduced due to service restructure which was £0.179m.There is an overspend within IT due to the agreement to provide funding for one year to offset the costs of the schools broadband service (£0.25m), additional spend on Microsoft licences (£0.189m) Citrix Renewal (£0.07m) and						
Finance, Governance &	2,174,520	1,276,634	(897,886)	(169,668)	(728,218)	Y
Staffing and voluntary redundancy savings of £0.433m have been delivered across Finance, Procurement, Audit and the PA Team. Staff transferred from Customer Involvement had not previously been projected within this service and show an additional spend of £0.1m in Finance, Governance and Assurance and an equivalent saving in Customer Involvement. Additional income has been received over that projected for recovery of costs in Revenues.						
Human Resources &	(23,380)	(249,380)	(226,000)	(12,144)	(213,856)	Υ
Staffing savings have been achieved which includes those from the voluntary redundancy programme and a restructure of HR services. Spending freeze implementation has delivered additional saving from across all the budgets. Schools income is less than expected due to reduced buyback of services, but this has been offset by additional savings in corporate training, postage costs, and additional voluntary redundancies.

Public Health Reserve	This reserve includes balances committed to specific public health projects.	793	(178)	615	1,230
Redundancy	Required to meet one-off costs arising from approved staffing reductions, allowing the full approved savings in salaries or wages to reach the revenue account.	465	(11,429)	23,902	12,938
Resources Efficiency	Established for investment in new developments, particularly information technology, that service area would not be expected to meet from their internal service level agreements for support services.	834	(314)	81	601
Revenue Commitments for Future Capital Expenditure	Comprises of underspends against budgeted revenue contributions available for capital schemes. The underspends have arisen due to slippage in capital schemes or because other funding streams were utilised during the year so as to maximise time limited grants.	2,211	(1,719)	53	545
Revenue Commitments from Unringfenced Revenue Grants	Established from unapplied unringfenced Grant balances. Commitments have been made against these balances in 2014/15.	3,394	(2,192)	1,684	2,886
Schools Building Maintenance Insurance	The schools building maintenance insurance scheme is a service provided by Property Services for schools. In return for an annual sum all structural repairs and maintenance responsibilities previously identified as the "authority's responsibility" are carried out at no additional charge to the school.	1,323	(221)	342	1,444
Severe Weather	Required to meet unbudgeted costs arising from the damage caused by severe weather. The policy of the Council is to budget for an average year's expenditure in the revenue accounts and transfer any underspend to the reserve or fund any overspend from the reserve. Includes additional grant received for recent storm damage.	710	0	2,129	2,839
Shire Catering and Cleaning Efficiency	Built up from trading surpluses to invest in new initiatives, to meet exceptional unbudgeted costs or cover any trading deficits.	143	(12)	0	131
