<p>Para. 9.1.8 of the Committee report should be replaced with the following: <i><u>"In relation to the objection by the Parish Councils and the Local Member, regarding the impact the boundary of the Parishes through the Cluster, Officers' have sought advice from the Council's Solicitor. The current interpretation of this matter is that both the current adopted plan and policy maps have been through consultation and a Local Plan Examination. While reference is made to Diddlebury Parish, no reference has been made to Culmington Parish in any part of the policy or the explanatory notes. The Development Plan for an area is the development plan documents taken as a whole that have been adopted for that area. The current SAMDev policy MD1 sets out the settlement policy framework and lists community cluster settlements. These are not set out in Parishes but in settlements. The SamDev Plan policy map for the area shows the cluster settlements marked with a star. There is a star on the settlement of Seifton but does not relate to either the Diddlebury parish or Culmington Parish areas."</u></i></p>
