ANNUAL TREASURY REPORT 2021/22

Responsible Officer

James Walton

e-mail: James.Walton@shropshire.gov.uk Tel: (01743) 258915

1. Synopsis

As at 31 March 2022, the Council held £164m in investments and had £292m of borrowing. This report shows the borrowing & investment strategy for 2021/22 and outturn position for the financial year. It also shows the investment performance of the internal treasury team over 2021/22 and the last 3 financial years and confirms activities align with the Council's approved Treasury Management Strategy.

2. Executive Summary

- 2.1. The report informs members of treasury activities for Shropshire Council for 2021/22, including the investment performance of the internal treasury team to 31 March 2022. The internal treasury team outperformed their investment benchmark by 0.24% in 2021/22 and performance for the last three years is 0.38% per annum above benchmark. Treasury activities during the year have been within approved prudential and treasury indicators set and have complied with the Treasury Strategy.
- 2.2. During 2021/22 the performance of the Treasury Team delivered an under spend of £2.195 million compared to budget as highlighted in paragraph 5.2 of this report. This was mainly due to Minimum Revenue Provision (MRP) savings of £1.163m, net total savings of £0.573m in relation to interest payable, interest receivable and other financing arrangements, net overachievement on contributions from other local authorities and public sector organisations of £0.302m.
- 2.3. The Council is required through regulations issued under the Local Government Act 2003 to produce an annual treasury report reviewing treasury management activities and the actual prudential and treasury indicators for 2021/22. This report meets the requirements of both the CIPFA Code of Practice on Treasury

Management and the CIPFA Prudential Code for Capital Finance in Local Authorities.

3. Recommendations

- 3.1. Members are asked to accept the position as set out in the report.

REPORT

4. Risk Assessment and Opportunities Appraisal

- 4.1. The recommendations contained in this report are compatible with the provisions of the Human Rights Act 1998.
- 4.2. There are no direct environmental, equalities or climate change consequences arising from this report.
- 4.3. Compliance with the CIPFA Code of Practice on Treasury Management, the Council's Treasury Policy Statement and Treasury Management Practices and the Prudential Code for Capital Finance together with the rigorous internal controls will enable the Council to manage the risk associated with Treasury Management activities and the potential for financial loss.
- 4.4. The Council's Audit Committee is the committee responsible for ensuring effective consideration of the Council's Treasury Management Strategy and policies. The Audit Committee will consider the report and appendices on 15 September before approval is sought at Full Council on 22 September.

5. Financial Implications

- 5.1. The Council makes assumptions about the levels of borrowing and investment income over the financial year. Reduced borrowing as a result of capital receipt generation or delays in delivery of the capital programme will both have a positive impact of the council's cash position. Similarly, higher than benchmarked returns on available cash will also help the Council's financial position. For monitoring purposes, assumptions are made early in year about borrowing and returns based on the strategies agreed by Council in the preceding February. Performance outside of these assumptions results in increased or reduced income for the Council.
- 5.2. The 2021/22 performance is above benchmark for the reasons outlined in paragraph 2.2 of this report and has delivered additional income of £2.195 million which has been reflected in the final Revenue Monitor report for 2021/22.

6. Climate Change Appraisal

- 6.1. The Council's Financial Strategy includes proposals to deliver a reduced carbon footprint for the Council therefore the Treasury Team is working with the Council in order to achieve this. There are no climate change impacts arising from this report. Shropshire Council's investment portfolio has no level 1, 2 or 3 emissions. It comprises of straightforward cash deposits with financial institutions and other Local Authorities.

7. Background

- 7.1. The Council defines its treasury management activities as "the management of the authority's investments and cash flows, its banking, money market and capital market transactions, the effective control of the risks associated with those activities, and the pursuit of optimum performance consistent with those risks".
- 7.2. The Council is required through regulations issued under the Local Government Act 2003 to produce an annual treasury report reviewing treasury management activities and the actual prudential and treasury indicators for 2021/22. This report meets the requirements of both the CIPFA Code of Practice on Treasury Management and the CIPFA Prudential Code for Capital Finance in Local Authorities.
- 7.3. Changes in the regulatory environment place a much greater onus on members for the review and scrutiny of treasury management policy and activities. Minimum reporting requirements are that the Council should receive the following reports:
- An annual treasury strategy in advance of the year.
 - A mid-year treasury update report.
 - An annual report following the year describing the activity compared to the strategy.
- 7.4. The CIPFA Code of Practice on Treasury Management states that these reports should be scrutinised by a nominated committee. These reports were scrutinised by the Audit Committee before they were reported to full Council for approval. The Audit Committee has received two training sessions during the year from Link in 2021/22 and the internal Treasury team 2022/23, which is a requirement to fulfil their duties under the CIPFA Code of Practice on Treasury Management.
- 7.5. In addition to the minimum reporting requirements, the Executive Director's and Cabinet also receive quarterly treasury management update reports for information.
- 7.6. The Treasury Strategy for 2021/22 was approved by Council in February 2021, the mid-year treasury update report was approved by Council in December 2021. This Annual Report sets out our actual treasury performance for the year and shows how the

actual treasury performance varied from our estimates and planning assumptions.

8. Borrowing Strategy and Outturn for 2021/22

8.1. The Council's Borrowing Strategy and Outturn position for 2021/22 can be found in Appendix C.

9. Debt rescheduling

9.1. No debt restructuring was undertaken during 2021/22. Further information is included within Appendix C.

10. Investment Strategy & Outturn for 2021/22

10.1. The Council's Investment Strategy and Outturn position for 2021/22 can be found in Appendix C.

11. Compliance with Treasury Limits and Prudential Indicators

11.1 Compliance with the Council's Treasury Limits and Prudential Indicators can be found in Appendix B & C.
