What inequalities does this paper address?	As Inequalities is a priority of SHIPP, the Board and its programmes work to reduce inequalities and health inequalities in Shropshire. The key areas of focus for this paper include CYP mental health, Personalised Care and SHIPP Metrics. The Metrics work has been done in collaboration with the Shropshire Inequalities Plan to ensure that we are working to understand how we are reducing inequalities.			

1. Executive Summary

As a reminder, the purpose of Shropshire Integrated Place Partnership (SHIPP) is to act as a partnership board of commissioners, providers of health and social care and involvement leads, in Shropshire, to ensure that the system level outcomes and priorities agreed at ICS and Programme boards are implemented at place level in Shropshire. The Board will take into account the communities and people we work with, the individuals/ citizens (including carers) that we serve, the different delivery models needed, and our focus on reducing inequalities.

SHIPP has adopted the key priorities of the HWBB as well as place-based priorities of the ICS. They are:

- Children's and Young People's Strategy
- Prevention/Healthy Lifestyles/Healthy Weight
- Mental Health, Workforce
- Community Capacity & Resilience with the VCSE
- Local Care and Personalisation (incl. involvement)
- Supporting Primary Care Networks
- Integration and One Public Estate
- Tackling health inequalities

This paper presents an overview of the Shropshire Integrated Place Partnership (SHIPP) Board meetings held in September and October and includes Chairs reports with actions.

2. Recommendations

This report is for information. The Health and Wellbeing Board is asked to recognise the work underway to address the key priorities of SHIPP, as well as the risks in the system, highlighted by the Board.

3. Report

This paper presents the Chairs reports for the Shropshire Integrated Place Partnership (SHIPP) Board held in September and October 2022 and highlights the work programme development of 2023.

The September and October 2022 meetings reported on progress and actions on the following:
(Action logs can be seen in appendix A)

- Local Care Transformation Programme
- Hospital Transformation Programme
- Vaccination Programme
- Primary Care and the Fuller Report
- Personalised Care

The Board also received updates (and agreed actions) from:

- Healthwatch Shropshire
- Shropshire Inequalities Plan
- Drugs and Alcohol planning and delivery
- System Quality and Governance

Agenda items for November include Children and Young People, Working with the Voluntary and Community Sector, the Joint Strategic Needs Assessment, Local Care, and Healthy Weight Strategy.

The Board is recognised as a very positive forum to connect and progress work programmes and has demonstrated good progress against priorities.

Following the joint Health and Wellbeing Board and SHIPP workshop key development areas for 2023 will include a renewed Terms of Reference and Action Plan.

Risk assessment and opportunities appraisal

(NB This will include the following: Risk Management, Human Rights, Equalities, Community, Environmental consequences and other Consultation)

The work of SHIPP aims to reduce inequalities found in our community and to address variation in care across our services.

SHIPP highlights key risks for system as discussed at the Board. These include:

- Risk associated with lack of communication, involvement and co-production in the local care and hospital transformation programmes currently underway, particularly with Primary Care and Shropshire Citizens.
- Risk associated with access and support for Primary Care. Primary Care highlighted that new intermediate services could not be fulfilled by Primary Care.
- Risk to residents due to inadequate falls response, actions above highlighted to improve situation

Financial implications

(Any financial implications of note)

There are no direct financial implications as a result of this report.

Climate Change Appraisal as applicable

Working to support people in local communities, reducing the need to travel is very important to the work and priorities of SHIPP.
