Suggested conditions that could be added to the licence to remedy your representation or other suggestions you would like the Licensing Sub Committee to take into account. Please use separate sheets where necessary - refer to checklist.

LIMITING THE SCALE, FREQUENCY AND DURATION OF EVENTS

Generally, if there is to be a hearing to determine the premises licence application, the sub-committee will only be able to consider matters that have been previously disclosed. No new evidence can be introduced at the hearing. It is therefore imperative that you detail all matters that you wish to be considered on this initial representation. Please attach additional sheets if necessary.

If you do make a representation you will be expected to attend the Licensing Sub Committee and any subsequent appeal process. All representations in their entirety, including your name and address, will be disclosed to the applicant for the premises licence and any other interested parties. If all parties agree, the application can be dealt with without holding a hearing.

Prevention of harm to children

Immediately adjacent to the rugby club is the riverside park, playground and football pitch. It is used by families, children and young people. The availability and consumption of alcohol nearby will have a detrimental impact.

Prevent public nuisance

Within the conservation area there will be significantly increased noise and light pollution until late. Noise will come from the entertainment from inside the clubhouse but also from outside and with from public leaving the venue late at night. It will also have negative impact on the Bowls, Tennis and Croquet clubs.

Prevent crime and disorder

There likely to be an increase in antisocial behaviour resulting from extended hours and the frequency of events. Young people will be attracted to a venue with accessibility to loud music and alcohol, which may spread outside the club and its premises. There is no CCTV in the area to monitor behaviour; it is highly unlikely that there will be greater police presence.

Public safety

Linney is a narrow road which already suffers from increasing traffic use from cars, lorries, cyclists and pedestrians. Much of the road is not wide enough for two way traffic. Increase the number of vehicles and pedestrians will have a significant impact on safety. The Spring festival will increase the footfall (upto six thousand people per day for 3 days). There will also be vehicles servicing events and shuttling visitors from parking areas. This will have a significant impact on safety.
