**Member Questions and Responses**

**From: Councillor Rob Wilson**

Active Travel England is conducting a series of regional engagement sessions (termed roadshows) with officers and stakeholders across the country. When is the session for the West Midlands, who from Shropshire Council is attending, and does Shropshire Council know which local stakeholders are also attending?

Response:

At the time of this response, Shropshire Council has not yet been informed of the planned dates for the regional engagement sessions to be held by Active Travel England, nor of the wider stakeholder invite list. We can confirm however that key members of the Councils Active Travel and Transport Planning Team will be in attendance once these sessions are confirmed. The Portfolio Holder will also attend.
