Internal Audit Charter

Responsible Officer:	Barry Hanson		
email:	barry.hanson@shropshire.gov.uk	Tel:	07990 086409
Cabinet Member (Portfolio Holder):	Lezley Picton, Leader of the Council Brian Williams, Chairman of the Audit Committee Gwilym Butler, Portfolio Holder – Finance and Corporate Resources		

1. Synopsis

The Charter demonstrates how Internal Audit complies with Public Sector Internal Audit Standards. The Audit Committee approves the Charter which incorporates the mission, code of ethics, definition and core principles of Internal Audit. There are no significant changes proposed in 2023.

2. Executive Summary

2.1. The Internal Audit Team works to a Charter which complies with the Public Sector Internal Audit Standards (PSIAS) as applied in the UK, based on international standards. The Charter is reviewed and considered by the Audit Committee on an annual basis. There are no significant changes.

3. Recommendations

3.1. The Committee is asked to consider and endorse, with appropriate comment, the Internal Audit Charter (**Appendix A**).

Report

4. Risk Assessment and Opportunities Appraisal

- 4.1. The Audit Committee has a key function in ensuring that effective corporate governance arrangements are maintained in the Council. The Internal Audit Charter provides evidence of such arrangements in respect of the Internal Audit function and complies with the Public Sector Internal Audit Standards.
- 4.2. The recommendations contained in this report are compatible with the provisions of the Human Rights Act 1998. There are no direct environmental, equalities, consultation or climate change consequences of this proposal.

5. Financial Implications

- 5.1. There are no direct financial implications from adopting the Charter.

6. Climate Change Appraisal

- 6.1. This report does not directly make decisions on energy and fuel consumption; renewable energy generation; carbon offsetting and mitigation; or on climate change adaption. Therefore, no effect to report.

7. Background

- 7.1. The Public Sector Internal Audit Standards (PSIAS) 2017 are mandatory for internal audit in public services, including local government. They reflect and are based upon the International Professional Practices Framework (IPPF) of the Global Institute of Internal Auditors. In addition, amendments were made to the public-sector requirements and public-sector interpretations which form part of the PSIAS. The Internal Audit Charter continues to reflect the standards.
- 7.2. The IIA and IPCPA completed a consultation on the current standards in early 2023. The CAE will advise the committee of any changes to the standards and how these will be implemented at Shropshire Council. It is envisaged that this will be late 2023 or early 2024.
- 7.3. Public Sector Internal Audit Standard 1000 requires that Purpose, Authority and Responsibility be defined in an Audit Charter. The Charter establishes Internal Audit's position within the organisation, including the nature of the Chief Audit Executive's reporting relationship with the Audit Committee; authorises access to personnel, records, and physical properties relevant to audit work; and defines the scope of internal audit activities. The senior management and board representatives for Internal Audit's client organisations is set out in **Annex B** of the Charter. Changes are shown in **bold, underlined and italic** font.

- 7.4. There is no change to the areas of potential conflict from previous years, the details of which are repeated here. The role of Head of Policy and Governance post commenced from 1 April 2023 which includes responsibility for Information Governance. A new Internal Audit Manager post was appointed to from 1 June 2023 which adds a layer of independence from the CAE in the operational management of the audit team on a day-to-day basis. This is in line with CIPFA guidance on the Role of the Head of Internal Audit¹.
- 7.5. The Internal Audit Manager has direct access to the Chief Executive, Chairman of the Audit Committee, Leader of the Council, S151 Officer and Monitoring Officer to ensure independence is maintained. In addition, the post holder is required to be CCAB qualified and therefore bound by their professional body code of ethics as well as the general requirement to adhere to the NOLAN principles on standards in public life.
- 7.6. The Internal Audit Charter refers to;
- The nature of assurance services provided to the Council.
 - Organisational independence
 - Individual objectivity
 - Impairment to independence or objectivity
 - Proficiency and due professional care
 - Continuing professional development
 - Quality assurance and improvement programme – internal and external.
- 7.7. The Charter will communicate the contribution that Internal Audit makes to the Council and includes:
- Internal Audit's mission
 - Purpose, principles and responsibilities
 - Independence and objectivity
 - Competencies and standards
 - Planning
 - Nature of work
 - Reporting
 - Quality assurance
 - Fraud and corruption
 - Rights of access.
- 7.8. Final approval of the Internal Audit Charter resides with Shropshire Council's Audit Committee.

INTERNAL AUDIT CHARTER

INTRODUCTION

1. This charter defines for the Council and the community Internal Audit's activities, purpose, authority and responsibilities consistent with the requirements of the Public Sector Internal Audit Standards (PSIAS)². It establishes Internal Audit's position within the Council, including functional reporting relationships with the Audit Committee³, authority to access personnel, records, and physical properties relevant to the undertaking of its engagements⁴; and defines the scope of the Internal Audit activity. Final approval of this Charter rests with the Audit Committee⁵.
2. The PSIAS which encompasses the mandatory elements of the Institute of Internal Auditors (IIA) define Internal Audit as follows: *"Internal Audit is an assurance function that provides an independent and objective opinion to the organisation on the control environment, by evaluating its effectiveness in achieving the organisation's objectives. It objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper economic, efficient and effective use of resource."*
3. The basis of internal financial administration within the Council lies in the Financial Rules contained in the Council's Constitution. This Charter should be read in conjunction with the relevant sections of these Financial Rules.
4. The authority and requirement for an internal audit function derives from two pieces of legislation: *Section 151 of the Local Government Act 1972*, requires that authorities 'make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has responsibility for the administration of those affairs'. The *Accounts and Audit Regulations 2015* require that a relevant body must 'evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance'. Any officer or member of a relevant body shall if the body requires—make available such documents, records and information and explanations as are considered necessary by the internal auditors.
5. The Financial Rules (Part 4, Appendix C2) state the Section 151 Officer has a 'statutory responsibility for the overall financial administration of the Council's affairs and is responsible for maintaining an adequate and effective internal audit'.

² PSIAS apply the IIA International Standards to the UK Public Sector and have been endorsed as proper practices by CIPFA, the internal audit standard setters for Local Government.

³ See glossary for translation of the terms used in the Public Sector Internal Audit Standards in respect of Shropshire Council's Internal Audit activity and those of its external clients.

⁴ Engagement is the term in the PSIAS used to represent audit work.

⁵ The Audit Committee is referenced in the PSIAS as the Board.

6. In accordance with good practice, The Audit Committee will review this Charter annually after consultation with senior management⁶.

INTERNAL AUDIT PURPOSE AND RESPONSIBILITIES

Purpose

7. Internal Audit led by the Chief Audit Executive (CAE)⁷ is ‘an independent, objective assurance and consulting activity designed to add value and improve an organisation’s operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluating and improving the effectiveness of risk management, control and governance processes.’⁸

8. **Internal Audit risk based planning is aligned with the strategic objectives of the Council as set out in the Shropshire Plan⁹. The Internal Audit team supports the Council in achieving its vision through the delivery of the Internal Audit plans and consultancy activities.**

Principles

9. Internal Audit, the auditors and the internal audit activity, comply with the following principles in delivering and achieving internal audit’s mission:
- Demonstrates integrity.
 - Demonstrates competence and due professional care.
 - Is objective and free from undue influence (independent).
 - Aligns with the strategies, objectives, and risks of the organisation.
 - Is positioned appropriately and resourced adequately.
 - Demonstrates quality and continuous improvement.
 - Communicates effectively.
 - Provides risk-based assurance¹⁰.
 - Is insightful, proactive, and future-focused.
 - Promotes organisational improvement.

Objectives

10. Internal Audit’s objective is to give assurance and an opinion to the Section 151 Officer, Audit Committee and the Council, on the adequacy of the Council’s risk management, governance and control environment and the extent to which it can be relied upon, in line with the Accounts and Audit (England) Regulations 2015.

Responsibilities

11. Internal Audit is responsible for conducting an independent appraisal of all the Council’s (and that of its external clients) activities, financial or otherwise, including services provided in partnership or under contract with external organisations. It provides this service to the Council and all levels of management.

⁶ Senior management comprises of the Head of the Paid Service, Monitoring Officer, Section 151 Officer and directors.

⁷ The ***Head of Policy and Governance*** is the Council’s Chief Audit Executive as defined in the PSIAS.

⁸ Source Public Sector Internal Audit Standards April 1st, 2017.

⁹ [The Shropshire Plan 2022-2025 | Shropshire Council](#)

¹⁰ Assurance opinions and recommendation categories are defined in Annex A

12. Internal Audit complies with the requirements of the Public Sector Internal Audit Standards (PSIAS) including the Definition of Internal Auditing, the Principles and the Code of Ethics (see **Annex A**) and other relevant guidance; including those issued by individual auditors' professional bodies.
13. The scope of internal audit includes:
 - reviewing, appraising and reporting on the following;
 - the soundness, adequacy and application of internal controls;
 - the extent to which the Council's assets are accounted for and safeguarded from losses of all kinds arising from fraud and other offences, waste, extravagance, inefficient administration, poor value for money or other causes;
 - the suitability and reliability of financial and other management data developed within the Council;
 - conducting selected value for money reviews of the efficiency and economy of the planning and operation of the Council's functions;
 - providing a responsive, challenging and informative internal advice and consultancy service for committees and services;
 - undertaking any non-recurring studies as directed by the Section 151 Officer;
 - advising on or undertaking fraud investigation work, except for benefit fraud, in accordance with the Council's Fraud Investigation procedure, prosecutions policy and the disciplinary guide;
 - participating in the National Fraud Initiative; and
 - Periodically undertaking an audit needs assessment taking into consideration the authority's risk management process.
14. Internal Audit also conduct special reviews or assignments where requested by management, which fall outside the approved work plan and for which a contingency is included in the audit plan.

INDEPENDENCE AND OBJECTIVITY

15. Independence is the freedom from conditions that threaten the ability of the internal audit activity to carry out their responsibilities in an unbiased manner.
16. **The role of Head of Policy and Governance post commenced from 1 April 2023 which includes responsibility for Information Governance. A new Internal Audit Manager post was appointed to from 1 June 2023 which adds a layer of independence from the CAE in the operational management of the audit team on a day-to-day basis.**
17. Objectivity is an unbiased mental attitude that allows internal auditors to perform audit reviews in such a manner that they believe in their work product and that no quality compromises are made. Objectivity requires that internal auditors do not allow their judgement on audit matters to be influenced, distorted, or subordinated by others.
18. Threats to objectivity and independence must be managed at the individual auditor, audit, functional and organisational levels.

19. Internal Audit has no executive responsibilities and is independent of the activities that it audits to enable Auditors to provide impartial and unbiased professional evaluations, opinions and recommendations. Internal Audit is free to plan, undertake and report on its work as the CAE deems appropriate, in consultation with relevant managers. Counter fraud is a responsibility of the CAE but remains independent of the services from where counter fraud controls are operating.
20. The CAE has direct access to the Section 151 Officer, the External Auditor, senior managers, the Leader, Audit Committee and other members as required.
21. The CAE fosters constructive working relationships and mutual understanding with management, external auditors and with other review agencies.
22. Constructive working relationships make it more likely that internal audit work will be accepted and acted upon, although the internal auditor does not allow their objectivity or impartiality to be impaired.
23. Internal auditors are required to have an impartial, unbiased attitude characterised by integrity and objectivity in their approach to work. They avoid conflicts of interest and a register of interests is maintained. Audit reviews are planned to ensure potential conflicts are avoided. To ensure integrity and objectivity are not impaired, auditors will not audit areas of previous responsibility for a period of at least twelve months after the responsibility ended. Auditors should not allow external factors to compromise their professional judgement and must maintain confidentiality in their work.
24. The CAE cannot give total assurance that control weaknesses or irregularities do not exist. Managers are fully responsible for the quality of internal control within their area of responsibility. They should ensure that appropriate and adequate risk management processes, control systems, accounting records, financial processes and governance arrangements i.e. the control environment, exist without depending on internal audit activity to identify weaknesses.
25. The CAE is to be consulted about significant proposed changes in the internal control system and the implementation of new systems and shall make recommendations on the standards of control to be applied.
26. This need not prejudice the audit objectivity when reviewing the systems later.

COMPETENCIES AND STANDARDS

27. Audits must be performed with proficiency and due professional care. Internal auditors must possess the knowledge, skills and other competencies needed to perform their individual responsibilities.
28. The CAE holds a relevant professional accountancy/audit qualification and is suitably experienced. In addition, the CAE must maintain a team of staff who are properly trained to fulfil all their responsibilities and continue to enhance their knowledge, skills and competencies through continuing professional development.

29. Internal auditors are expected to:
- exercise due professional care based upon appropriate experience, training, ability, integrity and objectivity;
 - apply confidentiality as required by law and best practice and
 - obtain and record sufficient audit evidence to support their findings and recommendations.

INTERNAL AUDIT PLANNING

30. The CAE produces the Council's annual risk-based audit plan, in consultation with the Section 151 Officer, to establish priorities, achieve objectives and ensure the efficient and effective use of audit resources. The plan considers the Accounts and Audit (England) Regulations 2015, the management of risk, previous internal/external audit work, discussions with the Head of the Paid Service and senior managers, external networking intelligence, local and national risks, comments from the Audit Committee and any requirements of the External Auditor.
31. The Plan is subject to regular reviews and revisions as required to reflect changes to the risk environment and these changes are approved when significant. The Plan includes an element of contingency to allow Internal Audit to be responsive to changing risks and requests for assistance from managers. It is the responsibility of the Section 151 Officer to ensure that the budget¹¹ and resources allocated to Internal Audit are sufficient to ensure delivery of the plan and to report any concerns to the Audit Committee. The Audit Committee agree the annual risk based plan and any significant change to the plan during the year.
32. The Internal Audit team has retained a suitable mix of skills in finance, information technology, contract management, governance, establishments, systems, counter fraud, investigations and project management. To help supplement the internal resources and respond to demand during periods of change, additional audit time will be purchased from external contractors to deliver the plan.

NATURE OF WORK

33. The internal audit activity must evaluate and contribute to the improvement of governance, risk management and control processes using a systematic and disciplined approach.

Governance

34. The internal audit activity must assess and make appropriate recommendations for improving the governance process in its accomplishment of the following objectives:
- promoting appropriate ethics and values within the organisation;
 - ensuring effective organisational performance management and accountability;
 - communicating risk and control information to appropriate areas of the organisation;
 - coordinating the activities of, and communicating information among, the audit committee, external and internal auditors and management;

¹¹ The budget, including the remuneration the Audit Service Manager is approved by Council.

- the internal audit activity must assess whether the information technology governance of the organisation supports the organisation's strategies and objectives.

Risk Management

35. Determining whether risk management processes are effective is a judgment resulting from the internal auditor's assessment that:
- organisational objectives support and align with the organisation's mission;
 - significant risks are identified and assessed;
 - appropriate risk responses are selected that align risks and their mitigation with the organisation's risk appetite;
 - relevant risk information is captured and communicated in a timely manner across the organisation, enabling staff, management and the board to carry out their responsibilities.
36. The internal audit activity must evaluate the potential for the occurrence of fraud and how the organisation manages fraud risk.
37. When assisting management in establishing or improving risk management processes, internal auditors must refrain from assuming any management responsibility by managing risks.

Control

38. The internal audit activity must evaluate the adequacy and effectiveness of controls in responding to risks within the organisation's governance operations and information systems regarding the:
- achievement of the organisation's strategic objectives;
 - reliability and integrity of financial and operational information;
 - effectiveness and efficiency of operations and programmes;
 - safeguarding of assets; and
 - compliance with laws, regulations, policies, procedures and contracts.
39. In accordance with the PSIAS, most individual audits are undertaken using the risk-based systems audit approach, the key elements of which are listed below:
- identify and record the objectives, risks and controls;
 - establish the extent to which the objectives of the system are consistent with higher level corporate objectives;
 - evaluate the controls in principle to decide if they are appropriate and can be reasonably relied upon to achieve their purpose;
 - identify any instances of over and under control;
 - determine an appropriate strategy to test the effectiveness of controls, i.e. through compliance and/or substantive testing;
 - arrive at conclusions and produce a report, leading to management actions as necessary and providing an opinion on the effectiveness of the control environment.

40. To reduce duplication of effort Internal Audit will work in partnership to identify and place reliance on assurance work completed elsewhere in the Council. A computerised audit management system, supported by working papers, is used to streamline working practices. This reflects best professional practice.

INTERNAL AUDIT REPORTING

41. Internal Audit findings are reported in writing to appropriate managers against four assurance opinions (good, reasonable, limited and unsatisfactory). The CAE sets standards for reporting, review and approval before issue. The reports:
- prompt management action to implement recommendations for change, leading to improvement in performance and control;
 - provide a formal record of points arising from the assignment, and where appropriate, of agreements reached with management;
 - state scope, purpose and extent of conclusions;
 - make recommendations relative to the risk which are appropriate, relevant and flow from the conclusions;
 - acknowledge the action taken or proposed by management; and
 - ensure that appropriate risk-based arrangements are made to determine whether action has been taken on internal audit recommendations, or that management has understood and assumed the risk of not acting.
42. The CAE reports regularly to the Section 151 Officer and at least three times a year to the Council's Audit Committee on progress against the annual audit plan and other issues of concern in respect of the control environment and emerging issues. The Audit Committee meet at least four times per year and they have a detailed work plan agreed for the year. In addition, the CAE produces an annual report to the Section 151 Officer and Audit Committee on the main issues raised by Internal Audit during the year and on the performance of Internal Audit. The annual report:
- includes an opinion on the overall adequacy and effectiveness of the Council's control environment (definitions in Annex A);
 - discloses any qualifications to that opinion, together with the reasons for the qualification;
 - presents a summary of the audit work undertaken to formulate the opinion, including reliance placed on work by other assurance bodies;
 - draws attention to any issues the CAE considers particularly relevant to the preparation of the Annual Governance Statement;
 - compares the work undertaken with the work as planned and summarises the performance of the Internal Audit function against its performance measures and criteria;
 - comments on compliance with these standards and communicates the results of the Internal Audit quality assurance and improvement programme.

QUALITY ASSURANCE

43. To ensure Internal Audit independence, the audit of any areas managed by the CAE will be conducted by an appropriate auditor and reviewed by an audit senior. The

CAE will take no part in the audit or review process other than in the role of auditee. The final report will be issued to the Section 151 Officer **and the Assistant Director, Legal and Governance (Monitoring Officer)** as the CAE's line manager.

44. The CAE will develop and maintain a quality assurance and improvement programme covering all aspects of the internal audit activity and conforming to the relevant standards. This will include an on-going internal assessment covering adequate supervision of work performed, an internal review process and the retention of appropriate evidence. In addition, at least once every five years, an external assessment of Internal Audit by an appropriate person¹² external to the Council will be conducted. The timing, form of the assessment, qualifications of any external assessor, results and any improvement plans will be agreed with and reported to the Audit Committee in the annual report¹³. Significant deviations will be considered for inclusion in the Annual Governance Statement.
45. The CAE develops and maintains a set of performance measures which are reported to the Section 151 Officer and Audit Committee. **These are also documented within the service plan and within individual Performance Development Plan (PDP) documents for all members of the team.**

FRAUD AND CORRUPTION

46. The Internal Audit Service is not responsible within services for the prevention or detection of fraud and corruption. Managing the risk of fraud and corruption is the responsibility of management.
47. The CAE should be informed of all suspected or detected fraud, corruption or impropriety and will consider the implications when giving an opinion on the adequacy and effectiveness of the relevant controls, and the overall internal control environment.

RIGHTS OF ACCESS

48. Under the Council's Financial Rules, internal auditors have the authority to:
- access at reasonable times, premises or land used by the Council;
 - access all assets, records, documents, correspondence and control systems except for those from which they are statutorily prevented;
 - require and receive any information and explanation considered necessary concerning any matter under consideration;
 - require any employee of the Council to account for cash, stores or any other Council property under his/her control and produce supporting evidence and assets for inspection if required;
 - access records belonging to third parties, such as contractors, when required.

Reviewed November 2023

¹² Qualified independent assessor or assessment team

¹³ For both internal and external reviews

Public Sector Internal Audit Standards

The definition of Internal Auditing within the Standards is: Internal Auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation’s operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

Overall Assurance Opinion

Overall Assurance Opinion is provided on the organisation's risk management, governance and internal control processes to confirm that they are operating effectively. Opinions consider the expectations of senior managers, the board and other stakeholders and are supported by appropriate, reliable and useful information.

Overall Assurance Opinion	Indication of when this type of opinion may be given**	Traditional Opinion
Substantial	Limited number of medium risk related weaknesses identified but generally only low risk rated weaknesses have been found in individual assignments/ observations. No one area is classified as high or/ critical risk	Unqualified
Reasonable	Medium risk rated weakness identified in individual assignments/ observations that are not significant in aggregate to the system of governance, risk management or control. High risk rated weaknesses identified in individual assignments/ observations that are isolated to specific systems, processes and services. None of the individual assignment reports/ observations have an overall high or critical risk	
Limited	Medium risk related weaknesses identified in individual assignments that are significant in aggregate but discrete parts of the system of internal control remain unaffected and/or High risk rated weaknesses identified in individual assignments/ observations that are significant in aggregate but discrete parts of the system of internal control remain unaffected, and/or Critical risk rated weaknesses identified in individual assignments/ observations that are not widespread to the system of internal control, and More than a minority of the individual assignment reports/ observations may have an overall report classification or rating of high or critical risk	

Overall Assurance Opinion	Indication of when this type of opinion may be given**	Traditional Opinion
No Assurance	<p>High risk rated weaknesses identified in individual assignments/ observations that in aggregate are widespread to the system of internal control and/or</p> <p>Critical risk rated weaknesses identified in individual assignments/ observations that are widespread to the system of internal control or</p> <p>More than a minority of the individual assignment reports/ observations have an overall report classification of either high or critical risk.</p> <p>Lack of management action to deliver improvements, may be identified by repeating recommendations of a high or critical risk</p>	Qualified
Disclaimer	<p>An opinion cannot be issued because insufficient internal audit work has been completed due to either:</p> <ul style="list-style-type: none"> -restrictions in the agreed audit programme, which means that audit work would not provide sufficient evidence to conclude on the adequacy and effectiveness of governance, risk management and control, or - unable to complete enough reviews and gather sufficient evidence to conclude on the adequacy of arrangements for governance, risk management and control 	Qualified

Audit assurance opinions for engagements are awarded on completion of audit reviews reflecting the efficiency and effectiveness of the controls in place and consideration of the engagement results and their significance.

Audit assurance Opinions for engagements are graded as follows:

Good	Evaluation and testing of the controls that are in place confirmed that, in the areas examined, there is a sound system of control in place which is designed to address relevant risks, with controls being consistently applied.
Reasonable	Evaluation and testing of the controls that are in place confirmed that, in the areas examined, there is generally a sound system of control but there is evidence of non-compliance with some of the controls.
Limited	Evaluation and testing of the controls that are in place performed in the areas examined identified that, whilst there is basically a sound system of control, there are weaknesses in the system that leaves some risks not addressed and there is evidence of non-compliance with some key controls.
Unsatisfactory	Evaluation and testing of the controls that are in place identified that the system of control is weak and there is evidence of non-compliance with the controls that do exist. This exposes the Council to high risks that should have been managed.

Audit recommendation categories are an indicator of the effectiveness of the Council's internal control environment and are rated according to their priority.

Best Practice (BP)	Proposed improvement, rather than addressing a risk.
Requires Attention (RA)	Addressing a minor control weakness or housekeeping issue.
Significant (S)	Addressing a significant control weakness where the system may be working but errors may go undetected.
Fundamental (F)	Immediate action required to address major control weakness that, if not addressed, could lead to material loss.

Consultancy Activity

Audit can, where resources and skills exist, provide independent and objective consultancy services, which apply the professional skills of Internal Audit through a systematic and disciplined approach, and may contribute to the opinion that Internal Audit provides on the control environment.

Consultancy comprises the range of services, which may go beyond Internal Audit's usual assurance roles, provided to assist management in meeting the objectives of the Council.

The nature and scope of the work may include:

- Facilitation;
- Process and/or control design;
- Training;
- Advisory services and
- Risk assessment support.

As with any piece of work, it is important to clearly define the terms of reference for the involvement of Audit in any consultancy activities, so that both the client and the auditor know what is expected from the involvement of Audit.

Any auditor asked to provide consultancy services or undertake a consultancy-style activity should consult their manager or the CAE before agreeing to provide such services. For any significant additional consulting services not already included in the plan, approval will be sought from the Audit Committee prior to accepting the engagement.'

Code of Ethics

Internal auditors in UK public sector organisations must conform to the Code of Ethics within the Standards. If individual internal auditors have membership of another professional body then he or she must also comply with the relevant requirements of that organisation.

There are four principles in the code of ethics:

1. **Integrity** – The integrity of internal auditors establishes trust and thus provides the basis for reliance on their judgement.
2. **Objectivity** – Internal auditors exhibit the highest level of professional objectivity in gathering, evaluating and communicating information about the activity or process

being examined. Internal auditors make a balanced assessment of all the relevant circumstances and are not unduly influenced by their own interests or by others in forming judgements.

3. **Confidentiality** – Internal auditors respect the value and ownership of information they receive and do not disclose information without appropriate authority unless there is a legal or professional obligation to do so.
4. **Competency** – Internal auditors apply the knowledge, skills and experience needed in the performance of internal audit services.

Internal auditors who work in the public sector must also have regard to the Committee on Standards of Public Life's Seven Principles of Public Life.¹⁴
