THE PREVENTION OF CRIME AND DISORDER

I am concerned about the very realistic potential increase of foot traffic (specifically inebriated customers) coming down St. Mary's Water Lane late at night after the bar's closing hours or any time after drinking and eating at the venue. The Blackfriars garage area is in St. Mary's Water Lane. The reason I am so concerned is that there has been quite a bit of trouble there over the last year or so. This trouble involved drugs – discarded needles-syringes and empty alcohol bottles, defecating and urinating, and individuals loitering in the area. The Blackfriars garage area is particularly secluded and private which is most likely why it attracts individuals to "hang out". I have a garage there and over the last couple of years I have been fearful to go there as I have seen various individuals (not residents) loitering and as previously stated have seen broken glass bottles, discarded needles, syringes, and human waste in the area. I have contacted Shropshire Council regarding this and there are plenty of emails between myself and Chris Westwood at Shropshire Council on the matter. I have been advised that a CCTV camera will be installed nearby but after almost a year there is still no date for installation. With or without the CCTV, it is still very much a concern. I worry that this may lead to further crime-drugs and anti-social behaviour in the area.

PUBLIC SAFETY

As above

THE PREVENTION OF PUBLIC NUISANCE

Whilst I enjoy music, both live and recorded, I do not want to be disturbed by it to the point that I cannot sleep. I have no objection to recorded music or live music indoors but I do have serious objection to the hours listed on this application and the fact that it may be outdoors.

I emphasize: if the music was only indoors with the doors closed, I would not have any objection at all. If the original times and days as stated in the Temporary Pop Up were adhered to, I would not be so concerned if it was outside either. The hours originally were till 10:00 PM except on Sunday when it was 6:00 PM. However, this new application indicates midnight every night and even 2:00 AM on special days.

I am a light sleeper with a health condition requiring me to get adequate rest and sleep. In fact, lack of sleep sets off episodes which are detrimental to my health. I live close to the venue and any music played outdoors at the Parade car park I can hear as evidenced during a music festival held there last year. It is especially apparent during the summer months when the windows are open. I am aware that quiet hours in the UK are between 11:00 PM and 7:00 AM. The hours on this application are beyond that time.

THE PROTECTION OF CHILDREN FROM HARM

Suggested conditions that could be added to the licence to remedy your representation or other suggestions you would like the Licensing Sub Committee to take into account. Please use separate sheets where necessary.

I would like to emphasize again that I have no objection to this restaurant opening at the location providing there is some extra security in the area around the venue including St. Mary's Water Lane. I do, however, have objections to the late hours and the fact that music would be outdoors during those late hours.

- Generally, if there is to be a hearing to determine the premises licence application, the Licensing Sub Committee will only be able to consider matters that have been previously disclosed. No new evidence can be introduced at the hearing. It is therefore imperative that you detail all matters that you wish to be considered on this initial representation. Please attach additional sheet if necessary.
- If you make a representation, you will be expected to attend the Licensing Sub Committee hearing and any subsequent appeal process. **All representations in their entirety, including your name, address and contact details will be disclosed to the applicant for the premises licence and their agent.**
- If limited or withheld personal details are redacted from representations, where notice of a hearing is given to an applicant, the licensing authority is required under the Licensing Act 2003 (Hearings) Regulations 2005 to provide the applicant with copies of the relevant representations that have been made.

I/We fully understand that this representation will be made available to the applicant and included in the Sub Committee's Hearing papers which are publicly accessible documents, and any subsequent appeal court proceedings.
