## Fees and Charges 2025/26

<b>Responsible Officer:</b>	James Walton		
email:	<a href="mailto:james.walton@shropshire.gov.uk">james.walton@shropshire.gov.uk</a>	Tel:	01743 258915
<b>Cabinet Member (Portfolio Holder):</b>	Cllr Gwilym Butler, Finance & Corporate Support		

### 1. Synopsis

Councils receive income from three sources: local taxation, government grants, and fees and charges received for services we provide. This report presents the budgeted income to be received and proposes the level of fees and charges to be applied by Shropshire Council in 2025/26.

### 2. Executive Summary

- 2.1. Like other councils, we receive income from three sources – local taxation, government grants, and a range of fees and charges we can levy for services we provide (e.g. in libraries or car parking). Together, this funding is used to create a budget for the Council to provide all Council services, through which we will deliver the Council's outcomes for residents. The size and scope of fees and charges across the Council is an important principle in Aligning our Resources, one of the Council's Strategic Objectives set out in The Shropshire Plan. The use of charging reflects service delivery costs and is closely regulated by Government. Application of charges can also help nudge resident behaviour in support of council objectives.
- 2.2. The need to generate funds locally, at the point of service delivery rather than from local or national taxation, is encouraged by Government. The level and scope of fees and

charges are often locally defined and are excluded from the calculation of 'Core Spending Power'.

- 2.3. The Council can raise income from several sources and this report identifies the areas for charging and includes details of the individual fees and charges proposed.
- 2.4. It is important to note that the council does not have full discretion, in many cases, over what it is able to charge. Some fees are set nationally, whilst others are governed by certain restrictions e.g. linking increases to changes in inflation.
- 2.5. This report recommends the level of fees and charges to be applied in 2025/26 and a full schedule of 2025/26 charges is contained in Appendix 3.
- 2.6. This report also recommends the approach to be followed to calculate rent levels and service charges for the Council's retained housing stock and shared ownership homes for the 2025/26 financial year. The recommendations are made in compliance with the rent standard for social housing providers that will apply to local authorities from April 2025.
- 2.7. This report should be read in conjunction with the Financial Strategy 2025/26-2029/30 report, elsewhere on this agenda.

### 3. Recommendations

Cabinet members are asked to agree and recommend to full Council the recommendations below. Subject to agreement by Cabinet, full Council are asked to approve these recommendations.

- 3.1. To note the breakdown of the total income for 2024/25 and 2025/26 and that the proposed 2025/26 charges for discretionary services represent £55.117m of the £103.858m of income derived from Fees and Charges.
- 3.2. To approve the charges for 2025/26 as detailed in Appendix 3 to be implemented from 1 April 2025.
- 3.3. To note that as previously agreed, any changes to fees and charges proposed by Shropshire Community Leisure Trust Ltd. in relation to the outsourced leisure facilities will only be referred to Cabinet and Council for approval if the proposed increases exceed Consumer Price Index (CPI) for the preceding November.
- 3.4. To note that the proposal in adult social care services for Assistive Technology and Maintenance Charges is under consultation.
- 3.5. To revise housing rents as follows (subject to restrictions or exemptions identified in the Welfare Reform and Work Bill):
  - I. Social Housing rents for 2025/26 are increased by 2.7% from 7<sup>th</sup> April 2025.
  - II. Affordable rents for 2025/26 are increased by 2.7% from 7<sup>th</sup> April 2025.
  - III. Shared Ownership rents continue to be set at 2.75% of the outstanding capital value of the home at the time of sale and thereafter increased each April in accordance with the terms specified in the lease agreements.

- IV. All accommodation charges for 2025/26 are increased by 2.7% from 7<sup>th</sup> April 2025.
- V. Service charges continue to be set based on actual cost.

## Report

### 4. Risk Assessment and Opportunities Appraisal

- 4.1. Income from fees and charges is a key part of the Council's financial strategy, and represents £100.264m of planned income in the current year and is proposed to increase to £103.858m in the coming year. At these levels the average overall increase is 4% (although actual changes will vary both across different fees and charges and depending on the overall volumes of receipts achieved). This is informed by September CPI being 1.7% and consideration of the wider impact of inflation across the Council's services, discussed more fully in the Medium Term Financial Strategy.
- 4.2. Securing additional income where appropriate across the Council's activities provides opportunities to reduce the Council's reliance on other forms of funding. This is part of our financial risk management strategy.
- 4.3. The key risks associated with income generation relate to the potential for under-recovery through several factors such as elasticity of demand, changing economic circumstances and emergence of competition.
- 4.4. Consideration of any new charges will require appropriate application of the Human Rights Act, necessary environmental appraisals, Equalities Impact Needs Assessments, and service user consultation. These are policy decisions and will require subsequent member decisions (put another way, approval of these proposed fees and charges would not be the final approval for a proposed new charge due to the considerations listed above – rather, it would be the first step toward possible adoption).
- 4.5. It is recognised that there will be instances when changes are required to the fees and charges approved as part of this report. The charging policy approved by cabinet in 2014 recommended officer delegation in consultation with the relevant portfolio holder, to allow in year changes to fees and charges to be agreed and implemented in a timely manner. The delegation is as follows;

Where, in exceptional circumstances, it is necessary to amend fees and charges within a year from that agreed by full Council and any such amendments follow the principles set out in the approved charging policy, Executive Directors in consultation with the appropriate Portfolio Holder for the service where fees and charges are being amended will have delegated authority to agree these changes subject to any changes to the levels of fees and charge including the introduction of new charges resulting in a budget adjustment must be approved in line with the Council's Virement rules (financial size).

- 4.6. Preparation of the proposed fees and charges schedule for 2025/26 is informed by current performance against the targets set for this year (2024/25). We monitor

delivery of fees and charges income and performance against budget is set out in the Finance Monitoring report. Triangulating proposed income with current levels of receipts helps mitigate the risk of underachievement of planned income, and helps inform decisions on pricing and fee levels.

## 5. Financial Implications

- 5.1. Shropshire Council is currently managing an unprecedented financial position as budgeted for within the Medium Term Financial Strategy approved by Council on 29 February 2024 and detailed in our monitoring position presented to Cabinet on a monthly basis. This demonstrates that significant management action is required over the remainder of the financial year to ensure the Council's financial survival. While all Cabinet Reports provide the financial implications of decisions being taken, this may change as officers review the overall financial situation and make decisions aligned to financial survivability. Where non-essential spend is identified within the Council, this will be reduced. This may involve
- scaling down initiatives,
  - changing the scope,
  - delaying implementation, or
  - extending delivery timescales.
- 5.2. The Council's proposed 2025/26 gross revenue budget includes £477.534m of income. Much of this income is specific grants (£323.387m) and the amount to be received in the year is generally known and fixed. The balance, which for the Council is £154.147m, can vary significantly and requires careful management and monitoring throughout the year. Variations in income can significantly affect the Council's financial position. By detailed consideration of income streams and factors which affect the levels of income the Council receives, the risk of significant budget variations caused by a shortfall in income levels will be reduced.
- 5.3. In common with other councils, the overall number of fees and charges at this council is substantial (they are set out in appendix 3, covering over 50 pages).
- 5.4. The budget saving proposals in the Medium Term Financial Strategy include several savings proposals in relation to fees and charges. These savings proposals are included in the income budgets detailed in this report.

## 6. Climate Change Appraisal

- 6.1. There is a potential to promote positive changes in resident behaviour through the application of fees and charges. This approach can be an influential factor in making meaningful changes towards the impact of climate change.
- 6.2. Strategic alignment around the Corporate Climate Strategy and the creation of effective strategies towards this is an area being progressed across the Council. Service areas currently consider the impact on Climate Change when Fees and Charges are reviewed, and new charges set.

## 7. Background

- 7.1. The financial landscape for local authorities continues to be very challenging as we look towards 2025/26. To meet the challenges of reduced government funding and additional service pressures the Council needs to continue to explore all options to reduce net expenditure, by both reducing gross expenditure and/or increasing income. Increases in charges may deliver savings or may only be an approach to offset existing service pressures.
- 7.2. The Council has the power to charge for some services under various legislation dating back many years e.g. 1949 Prevention of Damage by Pests Act. The Local Government Act 2003 provides clarity over charging powers and is clear that a local authority can charge for discretionary services based on recovering the full costs of providing the service but that it should not make a profit year on year. The same Act also covers a local authority's power to trade whereby a profit/surplus can be made if trading is carried out through a company. This report concentrates on charging for discretionary services. A key point is that charges should be set at the right level to balance the subsidy between service user and taxpayer.

## 8. Additional Information

- 8.1. The Council's proposed gross revenue budget for 2025/26 is £766.120m. This budget is part funded by government grants and other income such as fees and charges to give the Council's net budget of £288.586m which is funded by revenue support grant, non domestic rates and council tax. A large proportion of funding of the Council's gross budget comes from national government in the form of specific and/or ringfenced grants. This report looks at the remaining income figures with a view to understanding how this figure is made up and how much control the Council has over this figure in terms of seeking to increase it.
- 8.2. In September, we engaged an organisation called Human Engine to conduct a review, comparing the Council's fees and charges to others in the region. This review identified gaps in the Council's current offerings and areas where the Council's charging levels were below the comparative market. Human Engine provided a detailed review of the Council's income generation currently achieved through fees and charges activities. The review had a particular focus on actionable recommendations to enhance income generation efficiency and effectiveness within the next 12 months.

Following the review, work was undertaken with services to implement fee increases within the current year where possible and plan for the implementation of new fees and charges either within the current year or for the 2025/26 period - for example, new charges for crane, oversailing, Cherry Picker, MEWP application/licences within Streetworks. A working group has been established to deliver Telecare Charging from September 2025.

Moving forward, work will continue with services that were unable to implement in year adjustments to increase fees and charges in line with the review findings.

- 8.3. The total gross income for the Council is shown in Table 1 below.

- 8.4. The income figure shown above for fees and charges can be further categorised into income arising from fees and charges for the provision of services which can be set at the discretion of the Council (discretionary) and income where the levels are set by statute or restricted by regulations or guidance. The latter includes planning fees, which are set at a statutory level and other fees, the level of which must follow statutory guidance (for example charges within Adult Social Care which are governed by Department of Health and Social Care guidelines).
- 8.5. The report, although detailing all fees and charges in Appendix 3, concentrates on discretionary income where there is a decision to be made by the Council on the level of charge.

### **2025/26 Fees and Charges Analysis**

- 8.6. The latest budget for fees and charges income for 2024/25 is £100.264m and the proposed budget for 2025/26 is £103.858m. Table 2 below provides details of this income by Directorate and details the breakdown of the proposed 2025/26 income figure as discretionary and non-discretionary income.

**Table 2: Analysis of 2024/25 and 2025/26 proposed Income by Service Area**

- 8.7. Further detail on individual services provided under the heading discretionary income, totalling £55.117m, is provided in Appendix 1.
- 8.8. The Council does not have discretion to set fees for all the income it receives. Further details of the non-discretionary income figure is provided in Appendix 2.
- 8.9. Appendix 3 provides details of the recommended charges for 2025/26.

### **Housing Revenue Account Rent Levels**

- 8.10. The Housing Revenue Account (HRA) is a ring fenced account separate from the General Fund that records the financial transactions relating to the management and maintenance of the Council's retained housing stock, and the primary source of income (approximately 98%) comes from tenants' housing rent.
- 8.11. Over recent years the Government's policy regarding the level of rent for social housing has been subject to significant changes, the most recent being those introduced by the Welfare Reform and Work Act 2016 and the Government announcement in October 2017 that from April 2020 local authority rent would be subject to the rent standard for social housing providers. More detail on this is provided in Appendix 4 with recommendations at section 3.

<b>Total Discretionary Income</b>	<b>£2.376</b>	<b>£2.821</b>

- 1.5 The Discretionary income within Planning Services mainly relates to Pre-planning advice, Planning Performance Agreements and Section 38 Inspection Fees. Details on specific fees and charges can be found in appendix 3.
- 1.6 The Discretionary income within Public Health- Ringfenced is from Social Prescribing Services provided to GP surgeries. This income is budgeted to be £1.000m for 2025/26.

## People

- 1.7 The total Fees and Charges for the People Directorate proposed for 2025/26 are £47.104m of which £11.960m is discretionary. Total discretionary income has increased by £1.191m from 2024/25.
- 1.8 Discretionary income is made up of charges for the following services;

<b>Service</b>	<b>Discretionary Income 2024/25 £m</b>	<b>Discretionary Income 2025/26 £m</b>
Shire Services	£5.926	£5.926
Work Placement	£2.855	£3.293
Shropshire Music & Library Service	£0.973	£1.035
Education Support Services	£0.521	£0.694

Joint Training to Care Providers	£0.124	£0.124
Day Care	£0.097	£0.097
Public Transport	£0.050	£0.031
<b>Total Discretionary Income</b>	<b>£10.770</b>	<b>£11.960</b>

- 1.9 The discretionary income within Education Support Services relate to services which are traded with academy schools and are subject to annual service level agreements (SLAs).
- 1.10 Shropshire Music & Library Service income has discretion to determine the fees and charges schedule for services provided and sets these fees in relation to music tuition and instrument hire charges in order to recover the costs of the service. Fees and charges are set on an academic year basis.
- 1.11 Work Placement income relates to contacts with external clients.
- 1.12 The Shires Services discretionary income of £5.926m is for fees charged to Schools, Colleges and Academies outside of Shropshire Council's control. The fees shown for Shire Services are 2024/25 latest estimates. As in previous years, the level of charges for Shires Services will be set to ensure a break-even position for 2025/26.
- 1.13 Further details on specific fees and charges can be found in appendix 3.

## Place

- 1.14 The total Fees and Charges for Place proposed for 2025/26 are £39.438m of which £36.777m is discretionary.
- 1.15 The majority of the Council's total discretionary income received is by services within the Place directorate. In summary, the main areas of discretionary income are Corporate Landlord (£10.020m), Car Parking (£6.995m), Theatre Services (£6.337m), Waste Management (£5.901m), and Streetworks (£2.654m).
- 1.16 Total discretionary income has decreased by £0.348m from 2024/25, which is mainly due to reduced income in Corporate Landlord as a result of no longer providing student accommodation and reduced income within Partnerships & Economic Development due to no longer providing services to the Marches LEP.
- 1.17 Further details on specific fees and charges can be found in appendix 3.

## Resources

- 1.18 The total Fees and Charges for Resources proposed for 2025/26 are £6.237m of which £3.502m is discretionary. Total discretionary income has increased by £0.023m from 2024/25.
- 1.19 Discretionary income of is made up of charges for the following;

Service	Discretionary Income 2024/25 £m	Discretionary Income 2025/26 £m
Finance & Technology	£1.777	£1.748
Registrars and Coroners	£1.001	£1.052
Workforce and Improvement	£0.558	£0.558
Legal and Governance	£0.123	£0.123
Pensions	£0.021	£0.021
<b>Total Discretionary Income</b>	<b>£3.479</b>	<b>£3.502</b>

- 1.20 The discretionary income within Legal and Governance includes income from external organisations for services such as Audit and the provision of legal advice. Details of fees charged by Legal Services are provided in Appendix 3.
- 1.21 The discretionary income within Workforce and Improvement includes income from Town Councils, charities, academies and other external organisations for services such as payroll provision and human resources services which are covered by annual contracts and charges for First Aid and Occupational Health Services.
- 1.22 The discretionary income within Finance & Technology includes income from external organisations for the provision of finance and ICT services which are covered by annual contracts.

## Appendix 2

**NON-DISCRETIONARY INCOME – SERVICE SUMMARIES**

2.1 The table below provides a summary of the non-discretionary Fees and Charges income for the Council by Directorate

<b>Service Area</b>	<b>2025/26 Budget £m</b>	<b>Non-Discretionary Income - Statutory £m</b>	<b>Non-Discretionary Income - Other £m</b>
Corporate	2.645	-	2.645
Health Wellbeing & Prevention	5.557	4.627	0.930
People	35.144	34.554	0.590
Place	2.661	2.661	-
Resources	2.735	0.135	2.600
Strategic Management Board	-	-	-
<b>Total</b>	<b>48.742</b>	<b>41.977</b>	<b>6.765</b>

2.2 The non-discretionary statutory income figure in People mainly relates to charges to service users that are set by individual assessments and are governed by Department of Health and Social Care guidelines. The Council's policies for charging, the 'Adult Social Care Charging And Financial Assessment for non-residential care' and the 'Adult Social Care Charging And Financial Assessment for residential care', are updated annually and is contingent upon information from the Department of Health and Social Care, which has not yet been circulated.

2.3 The non-residential policy includes the Council's Minimum Income Guarantee, which is the amount that a recipient of Adult Social Care must be left with to pay for everyday living costs when a financial assessment for non-residential services is made. From April 2015 the minimum level of Minimum Income Guarantee has been determined by Government statute. The statutorily required Minimum Income Guarantee for 2025/26 is yet to be announced by the Department of Health and Social Care, but, historically it is usually published in late February or early March. The DHSC circular also determines the Personal Expenses Allowance for service users in a residential care setting, and the capital threshold that determines whether the Council is required to assist in funding a service user's care and support. Following its publication, the Council will be in a position to determine its Minimum Income Guarantee for 2025/26, and the Adult Social Care Charging And Financial Assessment Policy will be updated accordingly.

2.4 The non-discretionary statutory income within Health Wellbeing & Prevention relates to Planning Services and Business and Consumer Protection (Licencing).

2.5 The non-discretionary statutory income within Place relates to Highways Streetworks Enforcement and Permits. The non-discretionary income for Corporate Services is

interest, including interest earned on the Council's investments and loans awarded to third parties.

- 2.6 Within Resources non-discretionary Other Income relates to recovery of Housing Benefit overpayments.

<u><b>GAMBLING ACT 2005 POLICY STATEMENT 2016 TO 2019 PARAGRAPHS 36.1 AND 36.2</b></u>						
<i>36.1 The Council has not passed a resolution not to issue casino premises licences under Section 166 (1) of the Act. Should the Council decide to do so in the future details of the resolution will be included in this Policy, including the date on which such a resolution will take effect.</i>						
<i>36.2 Despite the fact that the Council has not passed such a resolution, the Council is currently not enabled by the Secretary of State (in accordance with regulations made under Section 175 of the Act) to grant a premises licence for a small or large casino. In practice, this means that the Council cannot grant such a licence.</i>

<i>The S184 application fees are set to reflect the location, size, layout and vehicular use of the access, taking into account the assessment and supervision required by the Highway Authority. The Authority reserves the right to assess "special situations", i.e. where the level of resource required from the Highway Authority differs greatly from the norm. In these instances applications will be assessed on an individual basis, and the fee will be adjusted accordingly. Any illegal VA's may incur a fine of £500, plus have to undertake a retrospective application and appropriate payment as above.</i>

## HOUSING REVENUE ACCOUNT RENT LEVEL 2025/26– POLICY CONTEXT

### 1.1 Introduction

This appendix sets out the recommended approach to rent levels, accommodation charges and service charges for the Council's retained housing stock and shared ownership homes for the 2025/26 financial year.

### 1.2 Recommendations

It is recommended that:

- Social Housing rents for 2025/26 are increased by 2.7% from 7<sup>th</sup> April 2025.
- Affordable rents for 2025/26 are increased by 2.7% from 7<sup>th</sup> April 2025.
- Shared Ownership rents continue to be set at 2.75% of the outstanding capital value of the home at the time of sale and thereafter increased each April in accordance with the terms specified in the lease agreements.
- All accommodation charges for 2025/26 are increased by 2.7% from 7<sup>th</sup> April 2025.
- Service charges continue to be set based on actual cost.

### 2.1 Background

The Housing Revenue Account (HRA) is a ring-fenced account separate from the General Fund that records the financial transactions relating to the management and maintenance of the Council's retained housing stock. The primary source of income (98%) comes from tenants' housing rent.

CPI data in September 2024 stood at 1.7% which gives rise to a potential increase of 2.7%. The Government has not sought to impose a cap on rent increases from April 2025 as was the case for the 2023/24 year and accordingly this permits application of the previous policy of annual increases on both social and affordable rent of up to the preceding September CPI plus 1%.

Flexibility exists to set rents up to 5% above the formula rent (10% in the case of supported housing) calculation – this is known as the 'rent flexibility level', however this approach has not been implemented by Shropshire Council since the Government's formula rent calculation was adopted in 2002. Whilst a continuation of the existing approach is recommended for 2025/26 the impact of adopting these permitted allowances will be considered when formulating the HRA 30-year Business Plan, the update of which is currently in progress.

### 2.2 Affordable Rent

Rents are increased in accordance with the Government's Rent Standard which allows rent to rise by the preceding September CPI plus 1%. CPI in September 2024 was 1.7% which gives rise to a proposed increase of 2.7% for 2025/26.

### 2.3 Shared Ownership Rent

Under Shared Ownership the purchaser buys a share of the home (typically between 40% and 60%) and pays rent to the Council initially set at 2.75% of the unsold equity market value. Each subsequent April the rent is increased in accordance with the terms specified in the lease agreement which will be either the preceding September CPI plus 1% or the preceding September RPI plus 0.5%. These terms are specified in the lease agreements between the Council and the purchaser and are not affected by the requirements of the Welfare Reform and Work Act 2016 or the Government Rent Standard.

On 12th October 2023 the Department for Levelling Up, Housing and Communities (DLUHC) announced a change from RPI to CPI as the basis of the annual rent review for all new Shared Ownership leases. The change in policy, which took effect from 12th October 2023, changed the basis of the annual rent review for relevant leases from a maximum of RPI plus 0.5% to CPI plus 1%, thereby aligning Shared Ownership rents with the maximum annual rent increase for

both Social and Affordable rented homes. For existing homes and homes where funding has been agreed prior to 12th October 2023 continuation of RPI-based leases is permitted.

September 2024 CPI was 1.7% and RPI was 2.7% resulting in a proposed uplift from April 2025 of 2.7% or 3.2% depending on the specific lease agreements.

#### **2.4 New Century Court**

In line with the level of increases proposed for Social and Affordable rents, an uplift of 2.7% is proposed for all accommodation charges from April 2025. This policy of alignment is consistent with prior years.

#### **2.5 Service Charges**

Service charges are applied to a number of tenancies in respect of specific services relating to either the property (such as cleaning in communal areas) or provided specifically for the tenant (such as help alarms). Service charges are applied in addition to the rent charge and are subject to an individual calculation based on recovery of costs incurred in the provision of the service.

#### **2.6 Reletting properties at target rent**

Another key aspect to the sustainability of the HRA surrounds the management of income. The largest majority of HRA income derives from dwelling rents (95%). Rents are initially set at Target Rent at the point of first let. Target rent is based on a formula prescribed by government and incorporates factors such as inflation, local market rents and rent cap levels. After the initial rent setting exercise rents are then uplifted annually by a percentage relative to CPI inflation there after regardless of any change of tenancy.

It has been common practice in Shropshire to date to relet properties at the prevailing rent, as it was initially set plus inflation, therefore missing the opportunity to reset to target rent. The effect of this policy is to create a drag on overall income levels to the HRA. This business plan assumes that this practice will become redundant and therefore approval is currently being sought for all relets to be realigned to Target Rent in line with the government's prescribed formula. It has been measured that over the current 30-year lifetime of the HRA Business Plan this change will generate £5.9m of additional revenue decreasing the pressure on the HRA. It should be noted that affordability assessments are carried out at the point of letting and 48% of Council tenancies attract some level of either housing benefit or universal credit to fund their rent.
