Foreword from Lezley Picton, Leader of Shropshire Council

This report sets out the detailed budget book for the Council for the 2025/26 financial year.

The budgets for the year are presented showing proposed spending as set out in our Financial Strategy report (see MTFS section 11), which includes proposed spending reductions which will be subject to council approval, as well as outlining investment in Shropshire through our capital strategy. They also reflect the Council's Directorate structure which is set to change during 2025/26 to reflect the Council's new operating model and transformation as it looks to change how it delivers services more efficiently and effectively.

All services will be supported to ensure that they deliver on their service's priorities while staying within the spending limits set out in this report through the coming year. Of course plans often change, and the budgets can change to reflect that. The financial rules (here: Feb 2019 - Financial Rules) set out the way in which this can be done.

Besides being a key element of the framework for management control across the authority, the Budget Book also provides a range of data insight and intelligence – both the levels of spending in different areas, the composition of funding, and the way the Council's resources have been allocated.

Our financial plan is framed by the objectives of The Shropshire Plan (TSP), and how this prioritises services for local people. The Shropshire Plan will be reviewed and refreshed in 2025 to reflect any change in priorities of the Council following May's elections. The Budget Book will, likewise, be amended to reflect this new plan. In the meantime, however, we will continue to manage our money very carefully to ensure we are meeting the plans set out in the MTFS. The Budget Book provides a key document to help us to achieve our objectives, by providing a 'map' of the Council's financial resources from which we can plan and act.

Within our financial strategy, we set out clearly the challenges we, like many other councils across the country, face with ever rising demand for services and while the cost of providing these is increasing. The amount we can raise our revenue by does not cover this, leading to inevitable budget pressures. Our strategy also sets out how we plan to address these pressures.

However, after two years of significant financial challenge, Shropshire faces another particularly challenging financial settlement from Government. Nevertheless, I and the people of Shropshire should be fully aware of the scale of challenge this budget clearly sets us, and how we will face this task head on and how hard we will need to work to ensure that we will achieve it.

Lezley Picton

Financial Strategy Summary

Financial Strategy Summary

The Final Council Financial Strategy presented to Council 27 February 2025 provides the latest projections on the Council's Resource and Expenditure projections for the period 2025/26 and the initial projections for 2026/27 to 2029/30. The following table provides a summary.

Table 1: Resource and Expenditure Projections 2025-2030

	2025/26 £'000	2026/27 £'000	2027/28 £'000	2028/29 £'000	2029/30 £'000
Resources	767,007	759,468	776,439	793,204	810,703
Expenditure	767,007	795,661	815,720	844,401	874,102
Funding Gap	0	-36,193	-39,281	-51,197	-63,399
Year on Year Increase		-36,193	-3,088	-11,916	-12,202

The Resource Projections are based on the Final Local Government Finance Settlement received on 3 February 2025 and estimates of Local Business Rates retained locally. Council Tax will increase in 2025/26 by 2.99% and a further 2.00% relating to an Adult Services Precept.

The expenditure projections reflect the latest assumptions for inflationary growth including pay and prices which has resulted in a significant growth pressure for 2025/26 due to inflation within the economy, alongside demand pressures being experienced in Adult Social Care and Children's Social Care. The Council is planning demand mitigation measures of £10.989m to try to minimise the impact of demand pressures. Also included within the 2025/26 budget, the Council is proposing new savings of £7.721m, alongside delivering undelivered savings of £38.066m carried forward from 2024/25 in order to get the Council's budget on a more sustainable footing.

In delivering a balanced budget for 2025/26, the Council has agreed to use core grants to close and fully fund the original funding gap of £54.898m in 2025/26. There is still uncertainty over the longer term over the future of some of these core grants from the government so these are treated as one off funding rather than treating as base funding until the future funding position is known.

The table below details how the total £54.898m will be funded in 2025/26.

Detailed Budgets by Service Area

The Council's structure is currently being revised so the Budget Book has been prepared on the existing structure until the new structure has been approved. The budgets will then be realigned to the new structure during 2025/26.

Corporate

Corporate budgets are not a 'service' or 'support' function but hold all budgets which are necessary requirements in the running of the council. This includes budgets for treasury management (including investment and borrowings) and provides the point where core government grant funding is applied to support the Council's budget and service areas.

Health Wellbeing & Prevention

The vision for the directorate aligns to the Shropshire plan to create a healthy, safe and supportive communities, to achieve wellbeing for all and support Shropshire, living the best life

For Public Health, this is a dual approach underpinned by the Councils organisation principles:

- Protecting our populations health and creating a healthy environment through our Statutory Regulatory functions around health protection for infectious disease, food standards and safety and the environment while protecting the built environment and a strong emergency planning response.
- Focusing on working with our partners and communities to build good health outcomes, in our towns and villages and to promote healthy behaviours, starting at birth, prevent and delay poor outcomes and tackling inequalities through delivery of our mandated services and functions aligned to delivery of the Statutory Health and Wellbeing and Integrated Care Strategies.

People

The main focus and priorities of the People Directorate are:

- Tackle inequalities
- Early intervention
- Partnerships
- Self-responsibility

To tackle inequalities, including rural inequalities, and poverty in all its forms, providing early support and interventions that reduce risk and enable children, young people, adults and families to achieve their full potential and enjoy life.

To support Shropshire residents to take responsibility for their own health and wellbeing, choosing healthy lifestyles and preventing ill-health, reducing the need for long-term or hospital care.

To work with partners to develop, commission and deliver the right services and support that meet the needs of children, young people, adults and families in the right place, at the right time.

Place

The Place Directorate is working to deliver a healthy economy for Shropshire by :

- developing Shropshire as a safe, strong and vibrant destination to attract people to live in, work in, learn in and visit the county.
- Delivering excellent connectivity and infrastructure, increasing access to social contact, employment, education, services and leisure opportunities
- Ensuring an appropriate mix of housing in the right areas of the county and attract the right workforce for the employment needs and opportunities located there; reducing distances travelled to work.

The directorate are also working to provide a healthy environment and in doing so will:

- Deliver the Council's Corporate Climate Change Strategy and Action Plan, promoting the means to tackle climate change and reduce the carbon footprint including the adoption of low carbon energy for council's assets and for communities.
- Enable safer, sustainable, diverse and inclusive communities that pull together by reducing anti-social behaviour and risk of harm; addressing the issues they face; and adopting the waste hierarchy to reduce, recycles and recover from all household waste.
- Maintain, protect and enhance our outstanding natural and historic environment, promoting positive behaviours and greater biodiversity and environmental sustainability.

The Place Directorate looks after Growth and Infrastructure and Homes and Communities within the Council.

Resources

The Resources Directorate covers core support services to council functions. We are divided into 3 functional areas

- Finance and IT ('making it work')
- Workforce and Improvement ('delivering success')
- Legal and Governance ('doing it right')

The extent of our services is driven by the needs of operational colleagues across the Council, to whom we provide professional advice and support in a range of ways.

The directorate is working to deliver a healthy organisation for Shropshire Council.

Savings

Summary of Savings for 2025/26

For 2025/26 total gross savings of £7.721m have been identified. The savings have been categorised as follows:

- Reducing cost of existing services;
- Savings delivered through managing demand levels for our services;
- Generating new income for services that we have not previously charged for;
- Savings delivered through a new Target Operating Model – which transforms how we operate our services;
- Stopping or ceasing some services or activities.

RC004	Reduce Cost	Health, Wellbeing & Prevention	Public Health	Capitalisation of reserves as one off for staff and projects relating to transformation work to further increase funding of public health reserves to support preventative initiatives. This is for 2024/25, in addition to 1,000,000 in 23/24. This is being removed in 2025/26.	-1,000,000
RC025	Reduce Cost	Place	Homes & Communities	Efficient use of external funding to meet Housing Services team costs	64,000
RC026	Reduce Cost	Place	Homes & Communities	In line with prior agreements, the implementation of management changes at Much Wenlock Leisure Centre and Church Stretton Leisure Centre, and removal of subsidies at Ludlow and Cleobury Mortimer Leisure Centres; also, agreement of additional funding support from local councils. Additional income also planned at Meole Brace golf course further to improved greenkeeping standards.	100,000
RC029	Reduce Cost	Place	Homes & Communities	Review staffing and resize the Rights of Way team	6,465
RC030	Reduce Cost	Place	Homes & Communities	Review staffing and resize the Outdoor Partnerships team	13,840
RC032	Reduce Cost	Health, Wellbeing & Prevention	Integration and Healthy People – Non Ringfenced	Continue to deliver spending reductions in Library Services through ongoing improvements to overall efficiency including increased income and enhanced partnership working with services in communities. Further, separate, plans are being prepared for 2026-27, and appropriate consultation will take place in line with our statutory duties when required.	220,538
RC040	Reduce Cost	Place	Growth & Infrastructure	Dispose of Shirehall quicker and relocate services	1,300,000

Glossary

Budget

The financial plan reflecting the Council's policies and priorities over a period of time i.e. what the Council is going to spend to provide services.

Business Rates

Taxation that is levied on business properties and collected by Shropshire Council. A change in regulations surrounding Business Rates has resulted in a proportion being retained and shared locally amongst authorities (including Fire Authority), rather than going to the Government for redistribution on a national basis.

Capital Expenditure/Capital Programme

Expenditure on items that have a life of more than one year, such as buildings, land, major equipment, or which adds to rather than maintains the value of existing assets.

Capital Financing

Capital expenditure is financed by Government grants, external contributions (e.g. developers' contributions to specific schemes), contribution from the revenue account, proceeds from the sale of assets, and borrowing. The revenue budget bears the cost of direct revenue contributions, together with interest and the provision for repayments of the loans.

Capital Receipts

The proceeds from the sale of fixed assets such as land and buildings. These sums can be used to finance new capital expenditure.

Collection Fund Surplus

A surplus of council tax and business rate income collected over the level assumed for budget purposes. Any such surplus or deficit is shared between the billing authority and its major precepting authorities.

Council Tax Requirement

This is an amount calculated, in advance of each year, by every local authority. It is the amount of revenue to be collected from council tax, and is equivalent to an authority's Band D council tax multiplied by its council tax base.

Earmarked Reserves

The Council maintains certain specific revenue reserves to meet future expenditure. These are held within earmarked reserves.

Employees

This includes all staffing budgets as well as indirect employees costs such as training, recruitment, agency staff and any budgeted redundancy costs.

General Fund Balances

This balance is held by the Council for general purposes, i.e. against which there are no specific commitments. The balance is treated as a contingency to protect the Council's financial standing should there be any financial issues in the year.

Government Grants

Contributions by central Government towards either the revenue or capital cost of local authority services.

Housing Revenue Account

The statutory account to which the revenue costs of providing, maintaining and managing Council dwellings are charged. These costs are financed by tenants' rents and government housing subsidy.

Internal Recharges

This includes the costs of support services such as IT, HR, Finance, Legal and Property Services. These services provide support functions to the frontline services in their service delivery.

Net Budget Requirement

The total expenditure (after deduction of income) that the Council finances from the aggregation of Revenue Support Grant, Business Rates and Council Tax.

Non Controllable Expenditure

This includes notional accounting transactions required to show the total cost of a service and includes capital charges such as depreciation, insurance contributions and future pension costs.

Other Controllable Expenditure

This includes all premises, transport related and supplies and services budgets that the Council holds.

Revenue Expenditure

Expenditure on the day to day running costs of the Council, such as salaries, wages, utility costs, repairs and maintenance.

Service Income

This includes all other income received within the revenue budget and will include other grants and contributions, fees and charges, other sales and internal recharge income.

Staff Budgets

This includes only staff salaries, NI contributions and Pension costs for Council employees.

Tax Base

To set the Council Tax for each property a Council has to first of all calculate the council tax base. This is a figure that is expressed as the total of band D equivalent properties.

Third Party Payments

This is a payment to an external provider or an internal service delivery unit defined as a trading operation. This generally contains any major contracts that the Council enters into.

Transfer Payments

This includes the costs of payments to individuals for which no goods or services are received in return. Examples of transfer payments include rent rebates and rent allowances for Housing Benefits.

Capital Programme

Capital Programme Summary

The Capital Programme for the period 2025/26 to 2027/28 is based on current confirmed funding and anticipated delivery schedules for schemes. The programme is based on projects that have proceeded to approval stage, either through delegated powers or Cabinet and full Council recommendation approvals.

The Council's overarching strategic plan, The Shropshire Plan, was launched in 2022/23 and provides a single point where the key components that set the Council's direction of travel for the coming years are documented. The Plan forms the umbrella for all the Council's plans and strategies and helps direct decisions on how we use our available resources to achieve the best outcomes for Shropshire. The Plan is made up of four key sections: the strategic plan, the associated delivery plans, the Council's performance management framework (PMF), and the financial strategy. The Capital Strategy is a key element of the financial strategy that considers the Council's long-term aspirations for investment in assets and infrastructure, but ultimately focussing on the next five years.

The Capital Strategy 2025/26 to 2029/30 details a schedule of capital schemes identified as a priority for the Council over the next five years. These schemes will progress through the approved capital scheme governance process as normal, with robust business cases being developed for each project. These projects and business cases will be presented and approved by Cabinet and / or Council prior to their inclusion in the Council's Capital Programme. Consequently, as these projects have yet to complete the full due diligence process, they are not currently included in the Capital Programme.
