THE PREVENTION OF CRIME AND DISORDER

THE PREVENTION OF PUBLIC NUISANCE

I am writing to object to the application to extend the operating hours of Bobby's Bar. I objected to the original application and also to the attempt to extend the outdoor trading hours last year. In my view the planning/environmental officer in charge rightly restricted the operating hours on the terrace to daytime hours so that people living in close proximity could continue to enjoy the use of their homes in the evenings without noise from large numbers of people drinking and eating just yards from people's homes.

A common theme of last year's objections was "nothing has changed" and that is without doubt still the case today. There is no reason for the verdict to be different from last year when the application was refused.

I can only imagine the stress and upset that these repeated applications are causing for the people living in apartments directly above the terrace with windows and/or balconies a few yards from the venue, whose enjoyment of their homes would be seriously impacted by extending the outdoor trading hours into the evenings. If the applicants read the strength of objections to previous applications they must realise the distress that their continued efforts will be causing.

This area has for many years been predominantly residential with a very large number of apartments in close proximity, and a few boutique type shops operating during daytime retail hours. For this reason I would contend that the area is totally unsuited to being dragged into the "night time economy". Surely more suitable locations exist in the busy heart of the town for this type of venue.

The application should be rejected and current licensing/planning terms retained.

THE PROTECTION OF CHILDREN FROM HARM

Suggested conditions that could be added to the licence to remedy your representation or other suggestions you would like the Licensing Sub Committee to take into account. Please use separate sheets where necessary.

Current licensing terms should be retained

- Generally, if there is to be a hearing to determine the premises licence application, the Licensing Sub Committee will only be able to consider matters that have been previously disclosed. No new evidence can be introduced at the hearing. It is therefore imperative that you detail all matters that you wish to be considered on this initial representation. Please attach additional sheet if necessary.
- If you make a representation, you will be expected to attend the Licensing Sub Committee hearing and any subsequent appeal process. **All representations in their entirety, including your name, address and contact details will be disclosed to the applicant for the premises licence and their agent.**
- If limited or withheld personal details are redacted from representations, where notice of a hearing is given to an applicant, the licensing authority is required under the Licensing Act 2003 (Hearings) Regulations 2005 to provide the applicant with copies of the relevant representations that have been
