APPENDIX 3:	Forms to be used when undertaking covert techniques for purposes other than those specified under RIPA	or 24
APPENDIX 4:	Forms to be used when applying for judicial approval	54

PART A: BACKGROUND

Part A sets out the background to the use of covert investigatory techniques by Shropshire Council ('the Council') under the provisions of the Regulation of Investigatory Powers Act 2000 (RIPA).

1. Introduction

- 1.1 The primary aim of Central and Local Government enforcement work is to protect the individual, the environment and a variety of groups such as clients, consumers and workers. At the same time, carrying out enforcement functions in a fair, practical and consistent manner helps to grow and promote a prosperous and thriving national and local economy. The Council is committed to these aims and to maintaining a fair and safe society.
- 1.2 On occasions, in the course of enforcement work to ensure regulatory compliance, fulfil the Council's statutory duties and achieve predetermined outcomes, it may become necessary for the Council to undertake the use of covert investigatory techniques. RIPA sets out the regulatory framework to control the use of these techniques by public authorities. RIPA does not provide powers to carry out covert activities; it provides a defence against accusations of a breach of the Convention on Human Rights (ECHR) and regulates the conduct of Council officers who undertake such activities in a manner that ensures compatibility with the ECHR, particularly Article 8 that deals with the right to respect for private and family life.
- 1.3 RIPA specifically permits the Council to use three covert techniques for the purposes of preventing or detecting crime or preventing disorder. These are covert directed surveillance, the use of covert human intelligence sources (CHIS) and the acquisition of communications data.
- 1.4 However, RIPA does not prohibit the use of these techniques for purposes other than the prevention or detection of crime or preventing disorder. Consequently, the Council may legally use covert techniques for purposes other than those defined in RIPA. Where the techniques are used for non RIPA defined purposes, the Council shall have due regard to the principles of RIPA, the Codes published by the Home Office and its own RIPA guidance and, in practice, apply these as if the purposes for which the techniques are being used do fall within the RIPA regime.
- 1.5 Covert directed surveillance is undertaken in relation to a specific investigation or operation where the person or persons subject to the surveillance are unaware that it is or may be taking place. This may result in the Council obtaining private information about persons, which may or may not be for the purposes of the specific investigation. However, the Council cannot undertake covert surveillance in residential premises or private vehicles.
- **1.6** CHIS are undercover officers, public informants or, in some cases, people/officers who make test purchases. Such sources may be used by the

Council to obtain or pass on information about another person without their knowledge as a result of establishing or making use of an existing relationship. This clearly has implications for the invasion of a person's privacy and is an activity that is strictly regulated by the legislation.

- 1.7 The acquisition of communications data is where the Council acquires the who, when and where of communication but not the what, i.e. not the content of what was said or written. The Council may obtain service user information and subscriber information. This includes, for example, the type of communication, time sent, the duration and billing information such as the name, address and bank details of the subscriber of telephone and internet services.
- 1.8 These covert investigatory techniques play a necessary part in modern life. They are used not only to target criminals in order to prevent and detect crime and disorder but also as a means of protecting the public from harm.
- 1.9 The covert techniques controlled by RIPA form part of the duties of many law enforcement officers and other public bodies. Within the Council, service areas/functions that may undertake investigations include, but are not limited to, regulatory services, environment, education welfare, housing, social care, council tax, benefits, outdoor recreation and internal audit. All these service areas/functions may, at some point, need to utilise covert techniques as part of their official duties to effectively deliver service and Council outcomes.
- 1.10 For example, Council officers may need to covertly observe the activities of businesses and individuals and/or form covert relationships as part of their enforcement functions to verify the legality of the supply of goods or services including for the purposes of preventing and detecting underage sales of alcohol and/or tobacco. It may be necessary to obtain subscriber details for mobile phone numbers to track down individuals involved in consumer related doorstep crime. It may also be necessary to covertly observe the activities of individuals who are suspected of serious controlled waste offences or serious/serial council tax and benefit fraud or other serious crime or fraudulent activity such as theft of money or assets. Covert observation of Council employees may also be undertaken to verify compliance with employment contracts and for disciplinary purposes. During these and other types of investigations it may be necessary to record the activities of individuals using covert recording equipment.
- 1.11 To provide independent oversight in respect of the way in which investigatory techniques are utilised, RIPA has put in place the Office of Surveillance Commissioners (OSC), the Interception of Communications Commissioner's Office (IOCCO) and the Investigatory Powers Tribunal (IPT). This is because RIPA activities may give rise to interference with an individual's privacy and consequently the Council must consider its obligations under Article 8 of the ECHR.

PART B: POLICY STATEMENT

Part B sets out the policy adopted by the Council in respect of its use of covert investigatory techniques under the provisions of RIPA.

2. Policy Statement

- 2.1 This policy is intended to demonstrate that covert directed surveillance, CHIS and the acquisition of communications data will only be used to obtain information or evidence when no other investigation method or technique will deliver the required outcomes.
- 2.2 All residents and businesses within Shropshire will benefit from this policy as it provides the framework for the Council to effectively implement RIPA to ensure human rights are protected when enforcing criminal legislation; in particular, it sets out how the Council intends to limit intrusion into the personal activities of individuals. The policy assists the Council to identify and take action to reduce the level of crime in the community.
- 2.3 The Council shall not undertake any covert techniques referred to in Part A paragraph 1.3 ('covert techniques') of this policy without the prior authorisation from a trained senior officer who has the delegated power to grant such authorisation (i.e. a designated person under Sections 22, 28 and/or 29 of RIPA) AND where the covert techniques are used for the purposes of preventing or detecting crime or for preventing disorder an order approving the authorisation has been granted by a Justice of the Peace (JP)¹.
- 2.4 The Council shall authorise the use of covert directed surveillance under RIPA for the purpose of preventing or detecting crime only where the investigation relates to criminal offences that are punishable by a maximum term of at least six months imprisonment or are related to specified criminal offences for underage sales of alcohol or tobacco. This 'crime threshold' does not apply to the authorisation of a CHIS or to the acquisition of communications data.
- **2.5** The Council shall authorise the use of a CHIS or the acquisition of communications data for the purposes of preventing or detecting crime or of preventing disorder.
- **2.6** The Council may authorise the use of covert techniques for purposes other than those specified in RIPA.
- 2.7 Unless there are unequivocal and undeniably compelling reasons (having considered necessity, proportionality and the anticipated level of collateral intrusion) to authorise the use of covert techniques to investigate disorder that does not involve criminal offences or to investigate offences relating to littering, dog control, fly-posting or noise nuisance, the Council shall not authorise the use of any covert techniques to investigate such matters.

¹ Attention is drawn to the provisions of Statutory Instrument 2012 No. 2563 (L.9); the Magistrates' Courts (Regulation of Investigatory Powers) Rules 2012, where an application is not made in a criminal case.

- 2.8 In addition, authorising officers/designated persons must believe that the covert technique(s) is/are necessary and proportionate to what it/they seek(s) to achieve. In making this judgement, officers shall consider whether the information may be obtained using any other methods and also ensure sufficient steps are in place to reduce the impact of the covert techniques on other people who are not the subject of the operation or investigation (collateral intrusion). If authorising officers/designated persons do not believe that the covert technique(s) is/are necessary and proportionate to what it/they seek(s) to achieve or if other methods may be used to obtain the information or insufficient steps are in place to reduce collateral intrusion, officers shall not grant authorisation.
- 2.9 Authorisations shall, except in an emergency, be made in writing and contain the details required by the relevant sections of RIPA and the relevant associated Codes of Practice (the Codes)² issued by the Secretary of State pursuant to Section 71 of RIPA.
- 2.10 The Council cannot and shall not, under any circumstances, authorise 'intrusive surveillance', the acquisition of communications data referred to as 'traffic data', the interception of communications, the investigation of protected electronic information or property interference. Authorising officers/designated persons shall not grant authorisation to any officer to undertake these activities.
- **2.11** In addition, the Council shall ensure that:
 - a) there is a designated person ('the senior responsible officer') within the Council who has specific responsibility for the Council's enforcement activities under RIPA:
 - b) there is a designated person ('the RIPA co-ordinator') within the Council who has specific responsibility for drafting the Council's RIPA policy and practical guidance and holding, maintaining and updating the centrally retrievable record of all authorisations issued and any subsequent renewals, reviews and cancellations of those authorisations;
 - c) a suitable pool of officers are designated to present RIPA cases to JPs under Section 223 of the Local Government Act 1972:
 - d) corporate practical guidance is issued on the use of covert directed surveillance, the use of CHIS and the acquisition and disclosure of communications data;
 - e) all officers charged with the responsibility of being an authorised officer/designated person are appropriately supported and trained;

² Code of practice on the acquisition and disclosure of communications data (March 2015); Code of practice on covert surveillance and property interference (December 2014); Code of practice on the use of covert human intelligence sources (December 2014); and any subsequent revisions of these codes or new codes that may from time to time be issued

- f) all officers charged with the responsibility of conducting covert directed surveillance, using a CHIS or acquiring communications data are appropriately supported and trained; and
- g) all officers dealing with complaints are aware that the Investigatory Powers Tribunal (IPT) has been introduced to examine complaints about the inappropriate use of covert investigatory techniques and the infringement of human rights that may result from inappropriate use.
- 2.12 Where investigations are carried out for any purpose that falls outside the RIPA regime, e.g. for the purposes of investigating internal Council disciplinary matters or where the 'crime threshold', as referred to in paragraph 2.4 above, is not met, the Council may still use the covert techniques described in RIPA. In such circumstances, judicial approval is not required.
- 2.13 To ensure that covert techniques used in line with paragraph 2.12 above are used in a manner that is compatible with the ECHR, the Council shall have due regard to the principles of RIPA, the Codes published by the Home Office, and its own RIPA guidance and, in practice, apply these as if the purposes for which the techniques are being used do fall within the RIPA regime.
- 2.14 When considering the authorisation of covert techniques, the facts of each investigation or operation involving the techniques shall be individually considered on their specific merits.

PART C: PRACTICAL GUIDANCE

Part C sets out the practical guidance that the Council requires all officers to follow when using any of the covert investigatory techniques controlled by RIPA.

3. Introduction

- **3.1** The purpose of this guidance is:-
 - a) to explain beyond the policy statement, where necessary, the scope of RIPA and the circumstances where it applies in respect of Council activities;
 - b) to provide additional general guidance where the Codes do not cover matters that the Council wants to provide guidance on or where specific matters would benefit from further emphasis; and
 - c) to provide guidance on the judicial approval process.
- 3.2 The Council has had full regard to the Codes when preparing this guidance.
- 3.3 The content of the Codes has largely not been repeated in this guidance other than to emphasise a small number of specific issues. This is on the basis that all officers within the Council, when involved with covert directed surveillance, using a CHIS and/or acquiring communications data, are required to refer to, familiarise themselves with and follow the guidance provided in the appropriate and current Code(s). The Codes are admissible in evidence in any criminal and civil proceedings. They are available on the GOV.UK website (https://www.gov.uk/government/collections/ripa-codes).

4. Scope of RIPA

- 4.1 RIPA provides the statutory basis for local authorities and other organisations to authorise and use covert techniques. It was introduced to protect individuals' human rights whilst also ensuring that law enforcement and security agencies have the investigatory techniques they need to carry out their roles effectively.
- 4.2 The Council is included within the framework of RIPA with regard to the authorisation of covert directed surveillance, the use of CHIS and for the purposes of authorising the acquisition of communications data.
- 4.3 It is permissible to undertake these investigatory covert techniques only when relevant criteria are satisfied and the use of the techniques are authorised by an officer with delegated powers. Such authorisation gives lawful authority to carry out the covert techniques.
- 4.4 Obtaining authorisation helps to protect the Council and its officers from complaints of interference with the rights protected by Article 8 (1) of the ECHR which is now enshrined in English law through the Human Rights Act 1998. This is because the interference with the private life of citizens will be 'in accordance with the law'. In addition, the activities undertaken must also be

- necessary and proportionate. Provided activities undertaken are in accordance with the law and a judgement has been made that they are necessary and proportionate they will not be in contravention of human rights legislation.
- **4.5** Only officers at Service Manager level or above may be given delegated powers to act as the Council's authorised officers/designated persons.
- 4.6 Only the Head of Paid Service (or any person acting on his/her behalf) has the power to authorise the use of a vulnerable individual or a juvenile as a CHIS. A person may only act on behalf of the Head of Paid Service in exceptional absence circumstances. The provision is not intended to allow ad hoc persons to grant such authorisations.
- 4.7 Routine patrols, observation at trouble 'hotspots', immediate response to events and the overt use of CCTV are all techniques that do not generally require authorisation. However, attention must be paid to the guidance provided in respect of these techniques in the relevant Code.

5. Additional general guidance

- 5.1 Council members shall set and/or agree continuance of this policy and the guidance, as appropriate. Where it is agreed by the Senior Responsible Officer (SRO), in consultation with the Portfolio Holder for Regulatory Services, Housing and Commissioning (Central), that RIPA is being used consistently within the policy and that the policy remains fit for purpose then the policy may continue to operate without wider consideration or revision by Council members. However, where there are any concerns about the manner in which RIPA is being used or that the policy is not fit for purpose, the SRO shall take appropriate steps to address these concerns, including revising the policy, in accordance with relevant Council procedures.
- The use of RIPA by Council officers shall be reported to members of the Audit Committee on a regular basis and to the Council, as appropriate, to ensure that RIPA is being used consistently within the policy and that the policy remains fit for purpose.
- **5.3** Refer to **Appendix 1** for persons designated by the Council as:
 - the SRO
 - the RIPA Co-ordinator
 - officers with delegated powers to grant authorisations under Sections 22, 28 and 29 of RIPA (Note: officers are permitted to grant authorisations across the Council and are not restricted to granting authorisations within their specific service area but before being permitted to grant authorisations, they must have undergone appropriate RIPA training)
 - officers with delegated powers to present RIPA cases to JPs under Section 223 of the Local Government Act 1972 (Note: additional officers may be given such delegated powers, as required, in accordance with the Council's Scheme of Delegation)

- 5.4 Monitoring of authorisations may be undertaken by the SRO or by a suitably trained officer under the direction of the SRO. All Council officers shall provide such assistance as is required to enable effective monitoring to be undertaken.
- 5.5 The RIPA Co-ordinator is responsible for maintaining the Council's 'Central Register of Authorisations'. RIPA records shall be retained for a minimum period of 5 years. After the minimum retention period has expired, the RIPA Co-ordinator shall arrange for secure destruction of the records unless it is believed that the records may be relevant to pending or future legal proceedings, in which case they shall be retained for a suitable further period, commensurate with any subsequent review.
- 5.6 Deciding when authorisation is required involves making a judgement and doing so with the support of the guidance in the relevant Codes and any additional guidance that is made available. Where officers are in any doubt they shall seek the advice of an authorising officer/designated person. Where the authorising officer/designated person is in any doubt they shall seek advice from the Head of Legal and Democratic Services.
- 5.7 Only the Head of Paid Service (or any person acting on his/her behalf) and the Head of Legal and Democratic Services have the power to authorise directed surveillance involving any Council member. A person may only act on behalf of the Head of Paid Service in exceptional absence circumstances. The provision is not intended to allow ad hoc persons to grant such authorisations.
- Appropriate risk assessments must be carried out before authorisations are 5.8 granted. See **Appendix 2** for an example, but note this will not cover all aspects of the actual operation being authorised.
- 5.9 Unless renewed or cancelled, and providing they do not relate to urgent oral authorisations or written authorisations granted by a person who is permitted to act only in urgent cases, the duration of authorisations are:-

Covert directed surveillance 3 months

CHIS 12 months (1 month if CHIS under 18)

Communications data 1 month from the date of JP's approval

NB The expiry time on all authorisations is always at 23:59, e.g. an authorisation granted on 1 April 2015 at 16:54 will expire on 30 June 2015 at 23.59.

5.10 Renewals shall be authorised and approved by a JP prior to the expiry of the original authorisations; but they run from the expiry date/time of the original Authorisations may be renewed more than once if still authorisations. considered necessary and proportionate and approved by a JP. Applications for renewals shall not be made until shortly before the original authorisation period is due to expire but officers shall take account of factors that may delay the renewal process such as intervening weekends and the availability of an authorising officer/designated person and a JP.

- **5.11** Authorising officers/designated persons shall set authorisation review dates at the outset of the process and ensure these are undertaken regularly.
- 5.12 A review of an authorisation is not the same as a renewal and authorising officers/designated persons are directed to paragraph 5.10 above and the relevant parts of each of the Codes to ensure the difference is fully understood and the principles correctly applied.
- **5.13** Authorising officers/designated persons shall formally and promptly cancel authorisations once the authorised covert activity has served its purpose or has become unnecessary or disproportionate.
- 5.14 In order to ensure that authorising officers/designated persons have sufficient information to make informed decisions, and to provide the OSC and the IOCCO with appropriate information, detailed records shall be made and retained by the Council.
- 5.15 To facilitate record keeping, the forms to be completed are those that are available on the GOV.UK website (https://www.gov.uk/government/collections/ripa-forms--2). For covert directed surveillance and CHIS the forms are entitled:-

Covert Directed Surveillance

- Application for the use of directed surveillance
- Renewal of directed surveillance
- Cancellation of the use of directed surveillance
- Review of the use of directed surveillance

Covert Human Intelligence Sources

- Application for the use of Covert Human Intelligence Sources
- Renewal of authorisation to use Covert Human Intelligence Sources
- Cancellation of Covert Human Intelligence Sources
- Reviewing the use of Covert Human Intelligence Sources
- 5.16 Where covert techniques are used for purposes other than those defined under RIPA and in accordance with paragraphs 2.12 and 2.13 above, the forms to be completed are those referred to in **Appendix 3**.
- 5.17 With respect to the acquisition of communications data, all applications shall be made electronically via the National Anti-Fraud Network (NAFN) website (www.nafn.gov.uk) and all associated records retained by NAFN. In addition, authorising officers/designated persons must provide the RIPA co-ordinator with sufficient details of the communications data authorisations to enable the details, as required by the relevant Code, to be entered onto the Council's 'Central Register of Authorisations'.
- **5.18** Where errors occur in respect of the acquisition of communications data, and they are not errors made by NAFN, these errors must be reported by an

authorising officer/designated person to the IOCCO using the appropriate form available on the GOV.UK website. The form is entitled:-

- Reporting an error by a public authority to the IOCCO
- 5.19 It is the responsibility of authorising officers/designated persons to ensure all <u>original</u> applications (including refusals) and associated renewals, reviews and cancellations are forwarded to the RIPA Co-ordinator. This does not apply to the acquisition and disclosure of communications data as the original records are retained by NAFN. However, sufficient details of communications data authorisations shall be forwarded to the RIPA Co-ordinator to enable the 'Central Register of Authorisations' to be completed.
- 5.20 Where the Codes refer to 'confidential material', any advice or guidance required in line with the provisions of the Codes shall be sought from the Head of Legal and Democratic Services.
- 5.21 Where investigatory activity is likely to involve both covert directed surveillance and the use of a CHIS, RIPA practice permits the two types of authorisations to be legally combined onto one form. However, it is the Council's practice for separate forms to be completed to maintain the distinction between the two techniques being used.
- 5.22 In cases of joint working where other agencies are involved on the same operation, authority for covert techniques shall be obtained from the Council's authorising officers/designated persons. Authorisation cannot be granted by the authorising officer/designated person of another agency for the actions of Council officers and vice versa.
- 5.23 All covert recording equipment shall be stored securely to prevent unauthorised use. A log must be created and maintained to record the date/time the equipment was removed from storage, by whom, for what purpose and the date/time it was returned to storage and by whom.
- 5.24 Where recording equipment is to be used covertly, this shall be specifically detailed in the relevant RIPA application to ensure the use of the equipment is properly authorised by an authorising officer/designated person.
- **5.25** All RIPA generated material shall be processed in accordance with Council guidance relating to data protection requirements, the handling, storage, retention and destruction of confidential material.
- 5.26 Where material is obtained through any activity covered in this guidance, which is wholly unrelated to a criminal or other investigation or to any person who is not the subject of the investigation, and there is no reason to believe it will be relevant to future criminal or civil proceedings, it must be destroyed immediately. The decision as to whether or not unrelated material should be destroyed is the responsibility of the relevant authorising officer/designated person.

- 5.27 Nothing in RIPA prevents material obtained through the proper use of the authorisation procedures on one investigation from being used in another investigation; however, the use outside the Council of any material obtained by means of the activities covered in this guidance and, other than in pursuance of the grounds on which it was obtained, shall only be authorised in the most exceptional circumstances.
- 5.28 Authorising officers/designated persons shall take account of any guidance³ issued by the OSC and IOCCO and properly promote and make it accessible to all relevant officers within the Council.

6. Judicial approval process

- With regard to the judicial approval process for RIPA, all officers involved in the authorisation process shall familiarise themselves with the latest guidance available for local authorities in England and Wales as detailed in the Codes and published on the GOV.UK website (https://www.gov.uk/government/uploads/system/uploads/attachment_data/file /118173/local-authority-england-wales.pdf) and follow the guidance contained therein.
- 6.2 The Council deems investigating officers, supported by authorising officers/designated persons, to be best able to answer any questions posed by JPs on the policy and practice of conducting covert operations as well as the detail of the actual cases under investigation. It is not necessary to use a solicitor to make the case to a JP.
- Authorising officers/designated persons shall contact Her Majesty's Courts and Tribunals Service (HMCTS) administration team at the appropriate Magistrates' Court to arrange a hearing and investigating officers shall attend the hearing and where, required, be accompanied by authorising officers/designated persons.
- The application and judicial order forms to be used for judicial approval are produced at **Appendix 4**.
- **6.5** For the purposes of the acquisition of communications data, the completed judicial order shall be provided to the NAFN Single Point of Contact (SPoC).
- 6.6 Where covert techniques are used for purposes other than those defined under RIPA and in accordance with paragraphs 2.12 and 2.13 above, there is no requirement to obtain judicial approval.
- 6.7 Further guidance and information is made available by the OSC and the IOCCO on their websites refer to the links below. Officers shall ensure they consider and have regard to such information as appropriate.

³ OSC Procedures and Guidance – Oversight arrangements for covert surveillance and property interference conducted by public authorities and to the activities of relevant sources (December 2014); and any subsequent revision of this and any other guidance that may from time to time be issued

APPENDIX 1

1. Senior Responsible Officer: Paul McGreary, Head of Business Support and Regulatory Services

2. RIPA co-ordinator: Frances Darling, Senior Commissioner, Business Support and Regulatory Services

3. Officers with delegated powers to grant authorisations under Sections 22, 28 and 29 of RIPA (subject to appropriate RIPA training):-

Clive Wright, Head of Paid Service

Claire Porter, Head of Legal and Democratic Services

Paul McGreary, Head of Business Support and Regulatory Services

Frances Darling, Senior Commissioner, Business Support and Regulatory Services

Martin Key – Operations Manager, Environmental Protection and Resolution

Karen Collier – Operations Manager, Health and Community Protection

Ian Kilby - Operations Manager, Planning Services

Philip Wilson, Service Delivery Manager - Business Support, Learning & Skills Group

Timothy Sneddon, Operations Manager - Environmental Maintenance

Tina Russell, Head of Safeguarding

Christine Kerry, Team Manager - Education Access Service

Philip Weir, Revenues & Benefits Service Manager

Deborah Hughes, Shropshire Outdoor Partnerships Manager

Ruth Houghton, Head of Social Care, Efficiency and Improvement

4. Officers with delegated powers to present RIPA cases to JPs under Section 223 of the Local Government Act 1972:-

Clive Wright, Head of Paid Service

Claire Porter, Head of Legal and Democratic Services

Paul McGreary, Head of Business Support and Regulatory Services

Frances Darling, Senior Commissioner, Business Support and Regulatory Services

Martin Key – Operations Manager, Environmental Protection and Resolution

Karen Collier – Operations Manager, Health and Community Protection

Ian Kilby – Operations Manager, Planning Services

Phil Wilson, Service Delivery Manager - Business Support, Learning & Skills Group

Timothy Sneddon, Operations Manager - Environmental Maintenance

Grant Tunnadine, Investigation and Targeted Intervention Team Manager

Anthony Coffey, Public Protection Officer

Sally Jones, Public Protection Officer

Andrew Bishop, Public Protection Officer

Stacy Arnold, Public Protection Officer

Charlotte Smith, Public Protection Officer

Fiona Gee, Public Protection Officer

Mark Southern, Planning and Enforcement Officer

Melanie Durant, Planning and Enforcement Officer

Julian Beeston, Planning and Enforcement Officer

Tina Russell, Head of Safeguarding

Maria White, Service Manager Assessment and Early Help

Christine Kerry, Team Manager - Education Access Service

Lindsey Glover, Education Welfare Team Leader

Joanne Smith, Education Welfare Officer

Samantha Edwards, Education Access Officer

Jane Parsons, Education Welfare Officer

Philip Weir, Revenues & Benefits Service Manager

Jessica Taylor, Benefits Manager

Claire Penrose, Partnership Liaison Officer

Carmen Eccleston, Street Scene Manager

Paul Newns, Senior Visiting Officer

Ben Castree, Visiting Officer

Mary Edge, Visiting Officer

Deborah Hughes, Shropshire Outdoor Partnerships Manager

Shona Butter, Mapping and Enforcement Team Leader

Lucy McFarlane, Rights of Way Officer – Legal Orders and Enforcement

Emily Harrison, Rights of Way Officer – Legal Orders and Enforcement

Ruth Houghton, Head of Social Care, Efficiency and Improvement

5. Officers with delegated powers to grant authorisations for purposes other than those specified under RIPA (subject to appropriate RIPA training):-

All officers listed at 3 above. James Walton - Head of Finance, Governance & Assurance

APPENDIX 2

Regulation of Investigatory Powers Act 2000

Example risk assessment, guidance and equipment checklist

Note: All forms of surveillance should be carried out by properly trained or experienced officers – in particular only those that can demonstrate competency through training or experience in vehicle or other forms of mobile surveillance should carry out such activities.

Task/Description	Hazard/Risk	Preventative measures	Operation checks
Guidance: 1. Follow Regulation of Investigatory Powers Act 2000 procedures. 2. Always consider the safety of officers and the general public when carrying out any of the above activities. 3. If you feel that you have been recognised but the operation is not compromised then cease activities. If however there is any possibility that the operation may have been compromised, stand down the entire	The hazards faced by operatives are more often verbal rather than actual physical violence. However physical violence is always a danger particularly with more serious offences.	 Always ensure you have the local Police office telephone number entered into your mobile phone. Withdraw from confrontational situations if the Police are not present. Where possible familiarise yourself with the location, target and any activities you are expecting to encounter. Always ensure that your management are aware of your activities and when you expect to return. Report regularly at predetermined times to another officer. 	 Carry and use surveillance logs. Ensure you and your witnesses have notebooks, credentials and pens with them. Keep a schedule for reporting to the office or control. Carry communications equipment

team and reconsider the operation.		

Task/Description	Hazard/Risk	Preventative measures	Operation checks
Task/Description Covert Surveillance: Static From fixed premises (e.g. a house or building)	Personal injury: 1. From possible attack by individuals if discovered. 2. En route to or from or at premises 3. Condition of premises – poorly lit or dangerous or from structural or electrical faults 4. Slips, trips and falls especially in old disused premises and on stairs Note: Attack can be from individuals under surveillance, their associates or from members of the public will be unaware of your purpose and are likely	 Preventative measures Familiarise yourself with the area and identify all access and escape routes – do not use same route every time Never work on your own and have team members close by with a view of the premises to alert of any danger Follow established techniques for surveillance or adapt as necessary to suit local conditions. Keep doors and access to the building locked from the inside. Ensure you have adequate communication (e.g. radio and/or mobile phone - important to ensure you can contact the police from your chosen communications equipment). Ensure communications equipment can transmit and receive from premises - during the operation carry out a periodic communication check. Report regularly to a contact outwith the premises. Ensure equipment is suitable – use covert radios if noise will be a problem; mute all phone tones and rings. 	 Operation checks Brief all participants on locations and operational details. Ensure all personnel know their positions and that of other colleagues. Ensure you know how to operate the equipment correctly Check all batteries are charged and take back-up batteries if possible. Make sure you have sufficient media (e.g. tape/ film). Complete a 'dry run' beforehand if required check if premises have power(saves
	to be sympathetic towards the target.	9. Pre-alert the Police if you feel they might be needed and have a contact number for them.	batteries) and check condition of premises for security and

Covert Surveillance: Static	Discovery of operative leading to violence.		addition to the measures above: Ensure the vehicle has enough fuel and is	In addition to above: Ensure provision is
From a vehicle (e.g. surveillance van)	Fear of discovery and isolation (This may be applicable to all forms of surveillance.) Road accident Increased potential for discovery from noise levels or movement within the vehicle	 2. 3. 4. 5. 	adequately ventilated Follow established techniques for surveillance or adapt as necessary to suit local conditions. Ensure the vehicle does not cause an obstruction on the road; do not park in a poorly lit or dangerous location. Keep all doors locked during operation. The driver should be seen to walk away from vehicle but should be close by if required. Ensure team members have view of vehicle to advise of any potential dangers	made for comfort breaks. Ensure that windows are clean if being used for filming or general viewing prior to use.

7. Consider whether Police should be aware of your
location and purpose.
8. Ensure vehicle is prepared for surveillance e.g.
one way glass, screens or blacked out windows.
9. If overt surveillance from a car, do not park the car
near a school or in a residential area for long
periods of time.
10. If overt surveillance from a car, less attention is
drawn to a lone occupant in the passenger or rear
seat although escape becomes more difficult.
11. Where possible leave the vehicle unattended with
surveillance equipment operating.

European Convention on Human Rights / Human Rights Act 1998 Application for a Covert Human Intelligence Sources (CHIS) Authorisation

Public Authority (including full address)	
Name of Applicant	Service/Department / Branch
How will the source be referred to(i.e. what will be his/her pseudonym or reference number)?	
What is the name, rank or position of the person within the relevant investigating authority who will have day to day responsibility for dealing with the source, including the source's security and welfare (often referred to as the Handler)?	
What is the name, rank or position of another person within the relevant investigating authority who will have general oversight of the use made of the source (often referred to as the Controller)?	
Who will be responsible for retaining (in secure, strictly controlled conditions, with need-to-know access) the source's true identity, a record of the use made of the source and the particulars required under RIP (Source Records) Regulations 2000 (SI 2000/2725)?	
Investigation/Operation Name (if applicable)	

DETAILS OF APPLICATION
1. Give rank or position of authorising officer in accordance with the Regulation of Investigatory Powers (Directed Surveillance and Covert Human Intelligence Sources) Order 2010 No. 521. (For local authorities the exact/formal position of the authorising officer must be given.) Where appropriate throughout amend references to the Order relevant to your authority.
2. Describe the purpose of the specific operation or investigation.
3. Describe in detail the purpose for which the source will be tasked or used.
4. Describe in detail the proposed covert conduct of the source or how the source is to be used.
5. Identify on which grounds the conduct or the use of the source is necessary under RIPA or internal
Shropshire Council procedures

6. Explain why this conduct or use of the source is necessary on the grounds you have identified [Code paragraph 3.2].

7.	Supply details of any potential collateral intrusion and why the intrusion is unavoidable. [Bear in mind Code paragraphs 3.8 to 3.11.]
	Describe precautions you will take to minimise collateral intrusion and how any will be managed.
8.	Are there any particular sensitivities in the local community where the source is to be used? Are similar activities being undertaken by other public authorities that could impact on the deployment of
	the source (see Code paragraphs 3.17 to 3.18)?
1	

9. Provide an paragraph	assessment of the risk t 6.14).	o the source in carryin	g out the proposed con-	duct (see Code
