Introduction and guidance on completing the report – Revised April 2020

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary of State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. This is a revised template issued in the light of the Covid-19 pandemic.
2. This template requests local authorities only for:
 - a) information about how admission arrangements in the area of the local authority serve the interests of looked after children and previously looked after children, children with disabilities and children with special educational needs, including any details of where problems have arisen;
 - b) an assessment of the effectiveness of Fair Access Protocols and co-ordination in their area, including how many children were admitted to each school under them.
3. We would be grateful if local authorities would follow the approach used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
4. Local authorities are, of course, free to comment on any other matters not specifically addressed in this template if they wish to do so under section 3. The views expressed by local authorities in previous years also remain a matter of public record.
5. The report **must** be returned to the Office of the Schools Adjudicator by **30 June 2020**.

Information requested

Section 1 - Normal point of admission

A. Co-ordination

i. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well with few small problems	Very well
Reception				X
Year 7				X
Other relevant years of entry				X
ii. Please give examples to illustrate your answer if you wish:				

B. Looked after and previously looked after children

- i. How well does the admissions system in your local authority area serve the interests of looked after children at **normal points of admission**?
 Not at all Not well Well Very well Not applicable³
- ii. How well do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at **normal points of admission**?
 Not at all Not well Well Very well Not applicable³
- iii. How well does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area **at normal points of admission**?
 Not at all Not well Well Very well Not applicable³
- iv. How well does the admissions system in your local authority area serve the interests of previously looked after children at **normal points of admission**?

³ 'Not applicable' will only be appropriate if there are no children falling within this definition.

Not at all Not well Well Very well Not applicable³

- v. Priority in admission arrangements for 2021 for adopted children previously in care abroad. Please comment on the use of a priority in admission arrangements for a child adopted who was previously in care abroad if you wish.

Following advice issued by the DfE, the local authority consulted on and determined admission arrangements for **2020/21** to include this priority for a child adopted who was previously in care outside England. It applies to all 60 of our community and voluntary controlled primary schools. Of those primary schools for whom the local authority is not the admission authority (66 schools), 40 have also included this priority in their admission arrangements.

All secondary schools in the Shropshire Council local authority area are an admission authority. All but one of the schools (19/20) have followed the local authority's model to add this category for a child adopted who was previously in care outside England.

- vi. If you wish to please give any examples of good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at the **normal points of admission**:

C. Special educational needs and disabilities

- i. Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at the normal points of admission:

The SEN team work collaboratively with parents, young people and schools to ensure appropriate schools are identified and named within statutory timescales for children with an EHCP.

For those identified at SEN Support on admission to school, the school will use information available to support admission and where children are transferring from Early Years/nursery information available from LA officers will support transition.

Section 2 - In-year⁴ admissions

A. Co-ordination of in-year admissions

Please provide any comments on the co-ordination of **in year admissions** if you wish.

Shropshire Council has delegated responsibility for in-year admissions to all schools in our area. This works well in the most part, particularly where there are vacancies and places can be offered without delay. Some schools occasionally need to be reminded of their duty to inform the local authority of an in-year application and its outcome.

B. Looked after children and previously looked after children

- i. How well does the **in-year admissions** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable⁵

⁴ By in-year we mean admission at the start of any school year which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school) and admission during the course of any school year after the end of the statutory waiting list period (ie 31 December) in normal years of admission.

⁵ 'Not applicable' will only be appropriate if there are no children falling within this definition.

- ii. How well do the **in-year admission** systems in other local authority areas serve the interests of your looked after children?

Not at all Not well Well Very well Not applicable⁶
- iii. How well does your **in-year admissions** system serve the interests of children who are looked after by other local authorities but educated in your area?

Not at all Not well Well Very well Not applicable⁶
- iv. How well does your **in-year admissions** system serve the interests of previously looked after children?

Not at all Not well Well Very well Not applicable⁶

v. If you wish please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for looked after and previously looked after children:

Schools have demonstrated flexibility and person-centeredness in their admissions process for LAC with EHCPs to meet need.

Shropshire Council works with all our schools to ensure the interests of children looked after by Shropshire Council are met. Where children are looked after by another local authority and the placing authority encounter difficulties, schools are reminded of their duty to meet the needs of these pupils.

C. Children with special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who have an education health and care plan that names a school when they need to be **admitted in-year**?

Not at all Not well Well Very well Not applicable⁶
- ii. How well served are children with special educational needs and/or disabilities who do not have an education health and care plan when they need to be **admitted in-year**?

Not at all Not well Well Very well Don't know

⁶ 'Not applicable' will only be appropriate if there are no children falling within this definition.

- iii. Please give examples of good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Mainstream schools are aware of their responsibilities to meet a young person's SEN and will admit as soon as possible following the 15 day consultation period.

Not all specialist academies recognise their responsibility to admit pupils within an appropriate timeframe following the setting being named in Section I of the EHCP.

Schools' approach to meeting the needs of a young person's SEN without an EHCP is positive and often flexible around the individuals' need when necessary.

- iv. If you wish please provide any comments about **in-year admissions** in respect of other children:

D. Fair access protocol

- i. Has your fair access protocol been agreed⁷ with the majority of state-funded mainstream schools in your area?

Yes for primary

Yes for secondary

- ii. If you have not been able to tick both boxes above, please explain why:

- iii. How many children were admitted to schools in your area under the fair access protocol between 1 April 2019 and 31 March 2020?

Type of school	Number of children admitted	
	Primary aged children	Secondary aged children
Community and voluntary controlled	5	2
Foundation, voluntary aided and	3	21

⁷ An existing protocol remains binding on all schools up until the point at which a new one is adopted.

academies		
Total	8	23

iv. How well do you consider hard to place children are served by the fair access protocol in your area?

Not at all Not well Well Very well Not applicable⁸

v. Please make any relevant comment on the protocol not covered above if you wish.

E. Any other comments on the admission of children **in-year** not previously raised if you wish.

Section 3 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

Section 4 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2021.

Thank you for completing this template.

⁸ 'Not applicable' would mean that there were no hard to place children for which the protocol was required.
