Market Town Profile

Oswestry

Oswestry is an ancient market town located in the North of Shropshire close to the English - Welsh Border. Its strategic position as a 'frontier town' has given it a turbulent history. Today the town still retains its vital function as a market and shopping centre serving North West Shropshire and Mid Wales. The origins of the town are uncertain although the towns market dates back to 1190.

Most of the town centre has been designated a Conservation Area conveying a mixture of architectural styles. There are many old timber framed houses, for example Llywd Mansion on Cross Street, the Heritage Centre, the Blackgate, the Fox Inn and the shops along Beatrice Street. Georgian architecture is also represented particularly around St Oswald's Church where there are a number of imposing town houses complete with grand entrance staircases and front doors.

It has a significant Victorian legacy. Many of the shop fronts and facades, the many terraced houses and churches and railway buildings reflect this period. There are further conservation areas nearby at Whittington Castle, Pant Glas and Brogyntyn.

Historically Oswestry was a coal mining area with the large colliery of Ifton closed in 1968.

Oswestry is the second largest town in Shropshire by population. The latest population of Oswestry is 17,400 (Mid Year Population Estimates, ONS, 2015) covering 882 hectares. Oswestry's population density was 19.7 people per hectare, making it the second most densely populated of all Shropshire Market Towns. Oswestry's population consists of 49% male and 51 % female. Oswestry Town Council population has increased since 1981 from 12,389 to 17,105. This is an increase of 38% in 30 years.

Population Forecast

Built up Area Geography Oswestry	Census Day 27th March 2011	2016	2026
Population	18,700	19,100	23,200
Dwellings	8,600	8,800	10,700
Households	8,300	8,400	10,300

Note: the population, dwellings and household figures are based on a wider area than the parish council area. Population forecasts are based on developments of new housing.

The population of Oswestry area is forecast to rise from 18,700 in 2011 to 23,200 in 2026. This is a rise of 24% over this period. The largest part of this increase is expected between 2016 and 2026, when the population is forecast to rise by just over 4,000 people or 21%.

The number of dwellings is also forecast to increase from 8,600 in 2011 to 10,700 in 2026. This is an increase of 24%. Similarly the largest part of this growth is forecast to happen between 2016 and 2026.

The information in this market town is predominantly focussed on the town council area of Oswestry. Due to the nature of national statistical data it is not always possible to fully replicate these boundaries. Statistics quoted in this profile will use the best fit to the town council area. If these are not available the next best fit is the use of Lower Super Output Areas (LSOA's). These small area figures are part of a national dataset which comprises of 32,000 areas of which there are 192 in Shropshire and 11 which cover most of the town council area.

Age Structure

- The age structure in Oswestry shows that there is a younger age profile in the town when compared to Shropshire.
- Most of the age bands under the age of 50 show a higher percentage than for Shropshire.
- Conversely, Oswestry has a lower rate of people in the age bands over the age of 50.
- The one exception is for the rate of people aged over 85.
- Despite having a younger age profile than Shropshire, Oswestry has an older profile when compared to England.
- Oswestry has a lower rate of people in the age bands under 40 than in England.
- There is a higher rate of people aged over 65 than in England.

England	85.4%	79.8%	2.3%	7.8%	3.5%	1.0%	14.6%

Source: 2011 Census

In 2011, more than two-thirds of the Oswestry population affiliated themselves with a religion. This percentage is marginally lower than for Shropshire or England. As is the case county-wide and nationally, the vast majority classified their religion as Christian (66.2% of the population or 97.8% of those expressing any religious affiliation). A higher proportion of Oswestry residents classed themselves as Muslim compared with Shropshire as a whole (0.6% compared with 0.3%) but this is low compared with England. Other religions represented in Oswestry include Buddhism and Hinduism.

Ethnicity

Source: Department for Work and Pensions - Stat-Xplore

There are two middle layers that cover the Oswestry town centre. These layers do extend further than the 11 lower level layers that cover the town and mainly extends to also cover the area of Morda.

Where registrations are less than 5, from any nation, the numbers are withheld to prevent identification of individuals. Therefore small numbers of other nationalities will have made registrations. The total number of overseas NI registrations from 2011/12 to 2019/20 in Oswestry area was 1728.

The number of national insurance registrations provided to adult overseas nationals entering the UK within the Oswestry area saw a significant increase from 2014. This coincides with the end of restrictions on employing Bulgarian and Romanian nationals on 1st Jan 2014. The majority of NI registrations from this period has been from 1312 Bulgarian nationals.

The latest ethnicity data is taken from the 2011 census. The next census is due in 2021 with the results likely to be published from 2023.

To help provide an indication of changes to ethnicity data the number National Insurance registrations to adult overseas nationals entering the UK are shown. These numbers should only be used as an indication of population changes. A registration does not mean that a national has made permanent residence or has remained in the area.

The numbers shown are based on Middle Layer Super Output Areas. These areas are larger than the lower layers described in the population map.

Ethnicity and Religion

Oswestry is home to a number of churches and chapels which reflect the majority of the population who have a Christian faith. Oswestry does have a small Muslim community which is a higher percentage than in Shropshire as a whole. Previous plans to develop a Muslim prayer centre did not materialise. The nearest Muslim prayer centre is in Shrewsbury. Places of worship in the town of Oswestry include:-

St Oswald's Church, Church St, Oswestry SY11 2SY – <http://stoswaldsoswestry.org.uk/>

The parish church of Oswestry is mentioned in the Domesday book of 1085 with its tower dating back to 1200. It is named after King Oswald who was canonised after being killed and dismembered by the pagan King Penda. Despite suffering great damage during the civil war much of the medieval building remains. Features of the interior include a 17th century font celebrating the restoration of the monarchy in 1660, and a memorial to Hugh Yale and his wife, whose family founded Yale University in the United States. In the churchyard there is also a timber framed lych-gate which was erected in 1631.

Multiple Deprivation

Source: Index of Multiple Deprivation (IMD), Department of Communities and Local Government, crown copyright 2019

The Index of Multiple Deprivation (IMD 2019) is designed to identify areas where communities lack resources and are in need. To do this, seven factors are considered, which are:

- Income deprivation
- Employment deprivation
- Health deprivation and disability
- Education deprivation
- Barriers to housing and services
- Crime
- Living environment deprivation

Oswestry has two areas of deprivation within the most deprived 20% nationally. These areas are located in and around the town centre and are within Oswestry South electoral ward. There is also one area within the top 30% most deprived nationally. This area is located to the east area of the town centre around College Road and within Oswestry East ward.

For more information on IMD see:

Economy

Oswestry is the second largest employment centre in Shropshire behind the county town of Shrewsbury, providing employment opportunities for residents of the town as well the wider Shropshire population and beyond. 616 businesses have registered offices in Oswestry (Source: FAME (Bureau van Dijk), February 2021) which is about 3% of all businesses registered in Shropshire. 6,500 people are employed in the town, the equivalent of 5.2% of the Shropshire total.

The number of jobs in Oswestry has fallen by 200 since 2010, which constitutes a decline of 2.7% and represents an annual average loss of 20-25 jobs. In comparison, the number of jobs in Shropshire rose by 8.3% over the same period. Nationally, jobs growth between 2010 and 2019 stood at 13.2%.

In addition to the 6,500 employee jobs, there are approximately 500 business proprietors/sole traders based in the town, taking overall employment levels to 7,000.

Breakdown Part/Full Time

Part-time employment is more common in Shropshire than it is regionally or nationally, and its prevalence is just as pronounced in Oswestry as illustrated in the chart opposite. Part-time employment accounts for 39% of jobs compared with 37% for Shropshire and 32% nationally.

Note: Numbers may not add up due to rounding

Public/Private Sector

Across Shropshire, the number of public sector jobs has fallen by 4,700 since 2010 (-18.2%) while the number of private sector jobs has risen by 17,800 (+20.9%). The share of all the jobs attributable to the public sector has declined from 23.3% in 2010 to 17.1% by 2019. Employment in the public sector has been largely stable since 2015, with the rapid decline in public service based employment occurring during the first half of the 2010's.

In Oswestry, public sector jobs account for almost a tenth of all employment, notably less than the Shropshire average. Public sector employment has fallen in the town since 2015 (-11.0%) while the number of private sector jobs has risen by +6.9%.

Employment Sectors

The five largest employment sectors in Oswestry are retail, education, manufacturing, health and accommodation & food services. Together these account for 56.3% of employment within the town, with retail accounting for 18.8% and education for 10.5%. This compares with shares of 9.5% and 8.3% across Shropshire for retail and education respectively. Manufacturing, accommodation & food services and health all account for a 9% share of jobs. Other sectors accounting for at least 5% of employment include wholesale, arts, entertainment and recreation, transport and storage and business administration and support. Compared with Shropshire, employment in health is low (9% against 15.1%). It is worth noting though that employment at the Robert Jones & Agnes Hunt hospital is not included, with the hospital site in Gobowen located approximately 2 miles from Oswestry town centre.

The adjacent table shows the breakdown of employment sectors in Oswestry alongside the comparable breakdowns for Shropshire, the West Midlands and for Great Britain.

It shows that agriculture, mining & quarrying, construction, motor trades, information & communication, finance & insurance, property, professional, scientific & technical and public administration and defence employ relatively few people in Oswestry (20.5% of the total), with none of these sectors accounting for as much as 5% of total employment.

The chart on the following page shows the relative importance of each sector in Oswestry according to its location quotient. This measures each sector in relation to the Shropshire average, with any score over 1 reflecting a sector that is more important than the Shropshire average, and any score under 1 reflecting a sector that has less importance.

The highest sector location quotient is allocated to the finance & insurance sector, which is four times as important to the Oswestry economy than it is to Shropshire generally. Other sectors of above average significance include education, retail, wholesale and transport & storage.

The following organisations are identified by the business directory FAME as being the largest employers in Oswestry. The list includes a number of educational establishments, which is not surprising given the high level of employment in education in the town.

Large employers which are not included within the above table include national retail stores, of which there are several in Oswestry. The largest retailers in the town include Sainsbury's, Aldi and Morrisons.

More than 8 out of 10 businesses in Oswestry employ less than 5 people. An additional 10% employ between 5 and 9. Less than 5% have a workforce of 20 or more.

Note: 0-4 employee category includes all companies where employment levels are unknown.

Business Rates

763 establishments have a rateable value in Oswestry and the combined rateable value of these organisations is almost £15.5 million. This is the equivalent of 6.7% of the total rateable value of all businesses in Shropshire.

495 businesses have a rateable value of less than £12,000, which means that they are eligible for 100% small business rate relief. Just 49 (6.4%) have a rateable value of more than £51,000. 326 businesses have a floor space of less than 100m², while just 37 have floor space of more than 1,000m². The largest two organisations cover 13,312m² and 18,303m².

The majority of organisations on the Oswestry business rates list are classed as commercial, these are primarily retail outlets and offices. These account for 82.7% of the total. Industrial is the second largest classification, accounting for 7% of the total.

Economic Activity

The status of Oswestry residents aged 16-64 at the time of the 2011 Census showed 80% of residents were economically active, which includes people who are both employed and actively seeking employment. This is comparable to the Shropshire figure of 80.1%. Economic activity rates in Oswestry (and Shropshire) compare favourably with those in England (77%) and the West Midlands (75.8%).

Source: 2011 Census

Of those who were economically active, 73.8% were in employment while 6.2% were unemployed. This compares with 75.8% and 4.3% for Shropshire as a whole and with 71.2% and 5.8% for England. At the time of the census, therefore, unemployment was a greater issue in Oswestry not just in relation to Shropshire but also compared with the national average.

Of the 8,016 Oswestry residents in employment, the majority are employees (87.5%) while the remainder are self-employed. 70% of employees work full-time compared with 75% of the self-employed.

Employment Breakdown	Oswestry

Of which Employee: Full-time	4895
Of which: Self-employed: Total	1005
Of which Self-employed: Part-time	247
Of which Self-employed: Full-time	758

Self-employment is notably higher in Shropshire than it is nationally, accounting for 13.5% of 16-64 year old residents (10.5% in England). Typically, levels of self-employment are lower in the County's market towns, especially the main employment centres. Self-employment in Oswestry is lower than in any other Shropshire market towns except Market Drayton and Shrewsbury and, at 9.3%, is also lower than it is nationally.

Economic Inactivity

2,168 Oswestry residents aged 16-64 were economically inactive in 2011, which represents a fifth of the age cohort. These people – representing those who are neither working nor seeking employment – include those who are retired, full time students, those looking after family or the long term sick. The proportion of the Oswestry population which does not participate in the labour market is on a par with the average for Shropshire.

The following chart shows the breakdown of the economically inactive population in Oswestry, Shropshire, the West Midlands and England according to the reason why they do not participate in the labour market. These figures relate to the 16-74 population rather than to 16 to 64 year olds.

It is apparent that a lower proportion of economically inactive Oswestry residents are inactive because they are retired than is the case across Shropshire, although the proportion still exceeds that in the West Midlands and England. Compared with Shropshire, a higher proportion (14.5% compared with 11.1%) are long-term sick or disabled.

Source: 2011 Census

Employment by Occupation

Oswestry supports fewer people working in Standard Occupation Classification 1 to 3 professions, with 31.7% of residents in work employed as managers, directors and senior officials (9.7%), in professional occupations (13.4%) or in associate professional and technical occupations (9.6%) as is the case either in Shropshire (38.9%) or nationally (41.2%). In contrast, a higher proportion are employed in lower level occupations, including elementary occupations (13.7% compared with 11.3% for Shropshire) and process, plant and machine operatives (9.3% compared with 7.4% for Shropshire). Oswestry also supports a higher proportion of residents working in sales and customer services and in caring, leisure and other service occupations as is the case either county-wide or nationally. This corresponds with high levels of employment in retail and in industries relating to the tourism sector.

Qualifications

According to the Census 2011, 22.5% of residents had a level 4 qualification or above, less than the Shropshire average of 29.4%. In total 15.6% of people had no qualification. This was slightly higher than the Shropshire average (14.0%)

Qualifications	Oswestry	Shropshire	England and Wales

Unemployment

The claimant count is the main measure of people who are under pensionable age who are available for and actively seeking work and who are claiming out-of-work benefits (mostly Universal Credit but also Jobseekers Allowance). The chart below shows the number claiming this benefit in Oswestry between December 2013 and December 2020.

Source: Department of Work and Pensions/ONS

Universal Credit

The following table shows the number of people claiming Universal Credit in Oswestry in January 2021. It includes those who are out-of-work (and hence on the claimant count shown above), and also those who are on low incomes and entitled to in work benefits. The table also shows the number of households on universal credit in the town.

	Number
People on Universal Credit (Jan 21)	1,595
Households on Universal Credit (Nov 20)	1,268

In December 2020, 580 Oswestry residents were on the claimant count, which is more than three times higher than the 180 who were on the count in December 2015. The claimant rate in Oswestry (the percentage of the 16-64 population which is claiming) is slightly higher than the average for Shropshire (5.2% compared with 4.4%). However, the rate is lower than in Great Britain (6.2%) and the West Midlands (7.2%). Claimant numbers everywhere were elevated throughout 2020 due to the coronavirus pandemic.

State Pension

In Shropshire there were 75,688, people claiming state pension in August 2020. This is slightly lower than 76,250 in February 2017, which is attributed to changes in retirement age.

Claimants in Oswestry total 3,723 or 4.9% of the state pension claimants in the county.

Travel and Commuting

Oswestry had a greater number of people working from home, 7.5% compared to 3.5% for England. There were also a greater number of people travelling to work on foot 8.2% compared to 6.9% for England. Unsurprisingly there were considerably less people travelling by public transport. This is a pattern familiar to many rural areas. The most popular method of transport to work was to travel by car or van accounting for 43.4% of those in employment, greater than 36.9% for England.

Source: 2011 Census

Car or Van Availability

Car ownership is high in Shropshire, which is typical of a rural area. Just 15.8% of households in the County do not have a car or van compared with a 25.8% of households nationally according to the 2011 Census. The proportion of households without a car in Oswestry is closer to the national average than it is to the Shropshire average, at 23.7% of the total. The only town in Shropshire where more households do not have a car is Ludlow (24.4%). 46.5% of households have one car, 23.9% have two cars while fewer than 5% have three or more. The total number of cars and vans owned by Oswestry households stood at 8,734 in 2011.

Commuting Patterns

Oswestry (place plan area) supports a higher level of employment self-containment than any other Shropshire market town with the exception of Shrewsbury. 63% of all Oswestry jobs are filled by Oswestry residents while 55% of working people who live in Oswestry also work there, which gives an overall level of self-containment of 59%. Despite a comparatively high level of self-containment, there are fewer jobs in Oswestry than there are resident workers, with net commuting across the Oswestry place plan border standing at -1,993. This equates with 7,094 people living in Oswestry but working elsewhere and 5,101 people working in Oswestry but living elsewhere.

As in Shropshire, more residents of Oswestry work than there are jobs. In Shropshire there is a job density of 0.95 jobs per resident worker whilst in Oswestry, there are 0.87 jobs per worker. As illustrated in the chart below, the only towns where the number of jobs exceeds the resident workforce are Albrighton, Ellesmere, Ludlow and Shrewsbury.

Health

Residents of Shropshire generally enjoy better health than across England as a whole with a healthy life expectancy being higher than average. Life expectancy in Shropshire is also higher than the national average. Life expectancy for births in Shropshire between 2016- 18 are 80.5 for males and 83.5 for females. This compares to an average of 79.3 and 82.9 for England. Despite this there are areas in Shropshire where health inequalities may exist. The index of deprivation, shown on the following map, highlight the areas where there are higher degrees of deprivation. The life expectancy variation between the least and most deprived health areas in Shropshire is equivalent to 4.2 years for men and 3.3 for women.

Housing & Households

Oswestry has developed as a market town from the days of the Hill Fort and Castle. Housing has developed over these years to provide a wide range of housing. Oswestry first municipal housing estate at Woodside was opened in 1921.

The town has a higher rate of terraced houses and flats than in Shropshire. This may explain the lower than average house prices which are the lowest in Shropshire.

Fewer Oswestry household spaces were detached properties (27.2%) compared to Shropshire as a whole (39.5%).

A similar percentage of household spaces were semi-detached (33.2%) compared to Shropshire as a whole (33.4%). This is the largest housing type in Oswestry as is the case nationally. In Shropshire the largest housing type was detached.

There were a greater proportion of household spaces which were flat, maisonette, or apartment: purpose built block of flats, (11%) compared to Shropshire (6.6%).

Source: 2011 Census

Housing Composition

- 34.9% of households were One Person Households greater than the Shropshire average (28.9%) and England (30.2%).
- 7.0% of households were Lone Parent with dependent children higher than the Shropshire average (5.2%) and similar to England (7.1%).
- 14.9% of households were One Person Pensioner aged 65 and over, greater than the Shropshire average of (13.9%) and England (12.4%).
- 13% of households were married couples with dependent children lower than the Shropshire average of (15.3) and England (15.3).

Source: 2011 Census

In Oswestry, at the time of the 2011 Census, there were 7,671 households, 7,989 dwellings and 26 Communal Establishments housing 281 people. The largest proportion (32.7%) of houses in Oswestry which were owned outright, less than the Shropshire figure of 39%. 16.9% of households were social rented housing, this was greater than for Shropshire as a whole (13.5%) but fewer than for England (17.7%).

There were slightly more houses privately rented 17.1% compared to 15% for Shropshire and 14% for England. In Oswestry there are 945 registered social landlord (RSL) homes. These homes are owned by a range of RSL's but mainly Star Housing.

The table shows affordability ratios for housing in Shropshire. The income data relates to Shropshire Place Plan areas which are a slightly broader geography than market towns, and take account of hinterlands. The table shows that in Oswestry a household with a median household income of (£27,730) would need 5.4 times this income to afford a median priced house (£151,000) as of year end 2020. This is lower than a ratio of 6.7 for Shropshire.

Housing Developments

Shropshire's Core Strategy (March 2011) sets out the strategic vision and objectives to guide development and growth for the period 2006-2026. This includes a vision for Oswestry.

Detailed proposals to deliver the strategic vision within the Core Strategy are contained within the Site Allocations and Management of Development (SAMDev) document which together with the Core Strategy forms Shropshire's Local Plan for 2006-2026.

Consultations on the Local Plan Review Preferred Scale and Distribution of Growth for the period to 2036 are due to be presented to Cabinet on 18th October 2017.

The following table shows progress and expectations with current site allocations:

Oswestry is a key educational centre for the north of Shropshire. Pupils are mainly drawn from the Oswestry Town area but schools also attract pupils from surrounding rural areas and other towns including some from Wales.

The town council area has four primary schools, a secondary school, college and an independent school.

The percentage of children living in the town parish area who are eligible for free school meals is 11.38%. This is similar to the rate for Shropshire which is 10.74%.

The percentage of children who have English as an additional language is 9.74%. This is the highest rate in Shropshire where the overall rate is 4.64%

The number of school aged children shown is the number resident in the market town. This figure may differ from the total number of pupils at school in the area due to children attending schools within or outside of their school catchment areas.

Primary Schools

Holy Trinity C of E Primary Academy, Middleton Rd, Oswestry SY11 2LF - www.holytrinity.shropshire.sch.uk

Number of pupils 226 - Capacity 350 - 24.6% of pupils receive free school meals. Currently no Ofsted assessment published.

Whilst current pupil numbers are below capacity the catchment area of Holy Trinity encompasses the urban extension area. If plans come forward to develop the site with the planned number of homes then additional capacity is likely to be required.

Transport and Infrastructure

Railways

Despite being home to a transport museum in the former railway station Oswestry is no longer on the rail network. The nearest railway station is at Gobowen, Chirk Road, SY11 3JS around 3 miles from Oswestry town centre.

Road Networks

The A5, which provides a direct southerly link to the main Shropshire market town of Shrewsbury. Taking the A5 north provides a direct route to North Wales and the port of Holyhead (88 miles).

The A483 provides access north to Wrexham (15 miles) and south to Welshpool (15 miles).

The A495 heads east from the town to take in Whittington (3 miles), Ellesmere (9.5 miles) and Whitchurch (21.5 miles).

Area	Miles	Drive Time	Train Time
Manchester	67 miles	1 hour 30 minutes	2 hours
Birmingham	65 miles	1 hour 30 minutes	1 hour 20 minutes
London	187 miles	3 hours 40 minutes	3 hours 5 minutes
Wrexham	14 miles	28 minutes	20 minutes
Liverpool	48 miles	1 hour 10 minutes	2 hours
Shrewsbury	19.5 miles	37 minutes	20 minutes
Cardiff	123 miles	3 hours 8 minutes	2 hours 17 minutes

Canal

Oswestry is close to the canal network with the Montgomery Canal around 3 miles south of the town centre. This links to the Shropshire Union canal to the east of Oswestry.

Airports

The nearest main airports to Oswestry are in Liverpool and Manchester

Liverpool John Lennon Airport, Speke Hall Ave, Speke, Liverpool L24 1YD – 54 miles north of Oswestry

Broadband

Digital connectivity is viewed as an increasingly important factor for business success, and nowadays broadband speed is a vital consideration when businesses are looking to relocate.

Superfast broadband is being rolled out across Shropshire, and all premises in Oswestry have access, or will have access within the next two years, to infrastructure that allows download speeds of at least 30 Mbps. Oswestry is the only market town in the county which has no premises where speeds fall below this threshold. Most premises in Oswestry (and throughout most of Shropshire) are supplied by just one infrastructure provider, although 2.9% of premises are supplied by two or more providers.

Community Safety

The crime domain comprises four underlying indicators, each one accounting for a proportion of the total crime domain score. They are weighted as:

- Violence – 32.4%
- Criminal damage – 26.5%
- Theft – 22.2%
- Burglary – 18.9%

In Oswestry one LSOA located in the centre was ranked within the 20% most deprived nationally. Two areas north and north east of the town centre were ranked within the 40% most deprived nationally. As you would expect crime reduces the further away from the centre. As with any town the town centre often has higher levels of crime especially due to the night time economy and retail crime.
