“Save Bridgnorth Greenbelt” is a constituted, not for profit, unincorporated association formed by local residents in January 2019 in response to Shropshire Council’s proposals for development at Stanmore. Save Bridgnorth Greenbelt has provided a voice for residents of both Worfield & Rudge, and Bridgnorth Town Parishes. Over 500 people attended our public meetings (June 2019) and we have a strong online presence and social media profile (with over 1,000 followers). We also have around 500 subscribers to our email newsletter. A comprehensive survey we conducted in 2019 was filled in by 1,044 local residents and found that 98% (991 people) rejected development in the Green Belt at Stanmore.
