and has considered my needs as a Resident, now and in the future.

Shropshire Council have done a good job of Consulting the public. They've looked at all sites and the best place for the Black Country need houses are in Tasey Shrewsbury and ironbridge power station (12.1-12.3) there should not be any need to make available in the local plan for housing in Albrighton especially not any Green Belt sites. or for sites for any future Black Country needs. (12.4)

please do not let any developers build on this important green land (P36A and P36B)

We are not against housing development it just needs to be planned out well. any building or builders plans on greenbelt should be rejected and thrown out.

Albrighton currently has over 500 new houses planned. being built or recently built. (7.63 - 7.64)
