~~12-1 to 12-3~~ 12-1 to 12-3

I support the Shropshire Plan as they have importantly informed the public re: - the additional sites for developments

12.4

As new houses have already been built, further housing on green belt would not be sustainable, by Boningale. ^{Here} More suitable areas would be on sites, such as industrial ^{brown sites} would be far more suitable.

Because the new houses would probably have 1 or 2 cars it would increase the traffic problem we already have and it would be a nightmare. The site is often flooded and would not be suitable for building. The village parking is horrendous and further development would make it impossible. It would no longer be a village.

14.14 to 14.21 5.24 - 5.27 6.4 to 6.8 6.13

Shropshire Council should not support building new houses in Albrighton, in the local plan

Land in this area should be protected to safeguard wild life, green land and farming. It is important for this country to grow our own food.

Any areas in green belt are so important for the environment New houses could be built on Millfields & Wain Estate, which are no longer green belt

I agree that more suitable areas for new houses on brown sites nearer to employment and all it entails
