I live in [redacted] We have lived here for several years. We bought our house because we value a rural lifestyle and are passionate about green spaces and the environment. We live surrounded by farmland; producing our own food in the Country is becoming more and more important e.g. Russia/Ukraine conflict.

I support the draft local plan because it protects our green belt and ensures control over housing decisions in Albrighton and Burslem. It provides sufficient housing for the future up until 2038 but ensures the houses are in the right place.

7.63-7.64 I am happy that the Council have decided to increase the number of houses it wants to build by 2030 by 500. I am not against housing development but it needs to be planned well and in the correct place.  
Shropshire local Plan Updated Green Belt Topic Paper (6.4, 6.3)

It is really important that we protect the Green Belt. The value of green spaces on health and wellbeing cannot be underestimated as well as its contribution to food security.
