2. The development of the village needs to be done in a coherent and well planned manner. The planners have done a thorough job in determining that the local plan is sound and meets the current and future housing needs of Alington. I am extremely worried that profit seeking developers will spoil the beautiful village and rural character. Ref: UPDATED GREENBELT TOPIC PAPER PARAGRAPHS 5.1 TO 5.15.

3. My wife and I and are pleased that the plan has renewed the suitability for development on Alington South Sites P36A and P36B and find them NOT ~~is~~ appropriate for development. That particular area has great rural value, it regularly floods (cross road) and it would not fit or feel part of the village. Totally the wrong location for any development in my opinion.

UPDATED STAGE 3 SITE ASSESSMENT.

4. Alington is a village that has grown over many years since we moved here 59 years ago. It has seen large developments recently at the new Millfields estate with over 500 homes being provided. I am really worried that any large developments would 'break' the amenities we have in the village. These include schools, roads, doctors, pharmacy I still drive but the roads around Alington, especially the High Street are already congested so I am pleased the plan supports no more development in the village up to 2038.

QA (Page 2 of supplement)

We love the rural feel of the village, the journey into the village via Cross Road has lovely fields and this greenbelt is precious and keeps the village a village and not spoilt by overdevelopment. We must keep our precious greenbelt intact. There are many brownfield sites that need development so I am pleased that the plan protects this greenbelt.

UPDATED GREENBELT TOPIC PAPER 6.4 - 6.8.

Thank you for the opportunity to take part in this consultation. I think from a resident of Alighton for years this plan is robust, deeply reviewed and absolutely sound.

Please do not let any Developers take our greenbelt and village away from us.
