This type of consultation process is very important to a Parish Council. However the vast majority do not have either the resources or the expertise to properly undertake the scrutiny of this volume of information and the associated documents involved. We ask that Shropshire Council consider this for future consultations of this nature and provided sufficient time for a Parish Council to procure the service of a competent person who can assist them in preparing a full and robust response. We would also request that the cost of this should be met by the Council with have instigated the consultation. We were only made aware of this consultation on 14 May and attended a briefing on 22 May with the consultation ending on 11 June we had to resolve our position as a Council 3 June. Less than a month. This is just not enough time to complete the process.

No where in any of the documents is mention of bordering authorities. If plans are being drawn up without consideration to other authorities how can the plans be ensured not to unduly impact particular areas? There are already considerable "crunch" points of traffic on our major roads around Shrewsbury including the M54.
