**Q4. Please detail your comments on the specified document(s).
Please be as precise as possible.**

My husband and I both grew up in the heart of the black country only moving away in our early twenties to become established in a rural community. This decision was based on raising a family in an area of natural beauty, with fresh air, walking access to green fields & woodland. [redacted] we have lived a few minutes walk from the centre of the settlement, to enable the children to walk to school (-helping to alleviate the use of transport to protect our environment). We are also in walking distance to the doctor, dentist, opticians, schools, train station and many local shops. 7-633-7-64

We live in a wonderful close-knit community with very low crime rates, where we all know each other and help one another. On appraising Shropshire's local plan I am delighted to be able to contribute towards the future decisions of our area. I fully support this plan to protect the greenbelt surrounding Albrighton. The current new developments and already planned developments have been carefully considered and I am not against these. However, I strongly object to any ^{further} ~~new~~ developments using the surrounding greenbelt. We need the greenbelt to sustain our farming culture. The infrastructure is already strained including our doctors & schools. The traffic and extra vehicles a further development will cause the area numerous stress points when we

are already over-run with speeding traffic and very little parking. To build on further greenbelt ~~in the~~ outside of the local plan would ~~be~~ be catastrophic to the wildlife, the well-being of residents, and should not under any circumstances be used for more housing. Albrighton has a busy, thriving centre and to extend to a supermarket, a drive through or secondary school would completely destroy the local community shops and businesses. 16.64 x 6.6 - 6.8 x 7.63 - 7.64

I would respectfully request that any requests from developers that try and build on green belt should be thrown out. The current agreed plans with the local plan must be phased in to ensure the area does not become overwhelmed and lose its character and community feel.

I feel there are more suitable areas in Shropshire that should and ~~could~~ could be used for further development, for black country housing needs.
