

Pre Deckards Field.

Aweley.

prop 35 new homes

---

Dear Planning Dept - Shropshire Council

I strongly oppose the building of more homes on greenbelt in Aweley at the Deckards field. The access direct to the main road from the field would be very dangerous and this pretty field currently is full of sheep & lambs and previously had rescue donkeys, horses & more sheep residing within it.

The village has ample sports facilities with a cricket club & pavilion, football, tennis courts, boules court etc.

The doctors surgery is due to close in 6 months and it is already over-stretched.

There are plans to sell off the field at the top of Padderbrook Road for proposed housing to fund a new clubhouse for the workmen's club and a new village hall to be funded by this sale.

I think the building of 35 homes at the Cleckers field would be a disgraceful destruction of our countryside.

Yours faithfully

Paul Harris
