Albrighton village and surrounded by beautiful Greenbelt fields that my family and I regularly walk through and enjoy immensely, providing a great quality of life.

I am involved in the local community.

My family and I have come to know and love this beautiful, unique village and all it has to offer.

The village is perfect for us as we are in close proximity to amenities on the High Street, a local school, doctor's surgery, leisure facilities and the train station, all within walking distance.

The Local Plan provides protection of the environment and Greenbelt areas in Albrighton, which is vital during the current Climate emergency that not just this village, the country but our entire Planet currently face.

Without the protection of our green spaces we will have higher pollution, therefore higher healthcare costs. Without the protection of our green spaces our Children have less places to safely play therefore higher healthcare costs.

Without the protection of our green spaces many many peoples Mental Health will suffer again resulting in higher healthcare costs.

By building on Green spaces, we as a community have nothing to gain.

It's really essential that Greenbelt around Albrighton is kept clear of houses

Any developers that want to build on Green Belt should be thrown out and search elsewhere as this is protected land for a reason

New housing in Albrighton should be built on Millfields, ALB017 & ALB021 (Wain Estates and next to it)

Any new large buildings for employment / jobs should be at RAF Cosford and in smaller ad-hoc buildings not on Albrighton Green belt land

I am in agreement that there should be 3 sites safeguarded from development in Albrighton so they are kept clear to be built on after 2038 as previously agreed

Developments in Albrighton must be phased so that the village does not become overwhelmed as it currently has been,, lose its character and community feel as have Newport and now Shifnal thanks to these sped up building developments that Don't have the correct infrastructure in place to support them

We as supporters of the AVAG committee CAN NOT condone areas outside these sites be released from Greenbelt now or in the future - especially not the Boningale Homes proposed Albrighton South sites P36A and P36
