Q4. Please detail your comments on the specified document(s).

Please be as precise as possible.

we have loved living here for many reasons. The small but friendly community have welcomed us and we love village life, exactly why we moved here. The green spaces (especially the greenbelt) are very important to us as we work in stressful jobs locally and love to unwind by walking and taking in the scenery that benefits our mental health.

I approve the local plan as it is measured development that has already

been approved. If building on the green belt was approved I would worry that the village would be over-~~whelmed~~ and would not be suitable, the infrastructure would not be suitable for such a large influx of people and the village would lose its community feel.

12.4 Appendix 3

More suitable areas are available for development that would be closer to amenities for families wishing to relocate as the local Hospital in Telford will in the near ^{future} no longer have a 24 hour A and E and the Women's and children's services will relocate to Shrewsbury, this would leave people in Albrighton stuck between accessing this type of care.

We must preserve green spaces for the present and the future generations.
