Shropshire Local Plan - Additional Sustainability Appraisal Report
12.1 - 12.3

• Shropshire Council have consulted with the public on housing sites in Shropshire and it is right that the best place for the 'Black Country need' houses are in Tasley, Shrewsbury and Ironbridge power station.

Table 12.4

• It's right that Albrighton has two sites planned for housing after Millfield; ALB017 (Wain Estates site) & ALB021 (East of Wain Estates).

• No other sites should be made available in the Local Plan for housing in Albrighton; especially not any Green Belt sites; or for sites for any future 'Black Country need'.

Additional Sustainability Appraisal Report Appendix 3; Updated Stage 3 Site Assessment

• It is important that the draft Local Plan has already assessed the Albrighton South sites P36A and P36B (which Boningale Homes want to build on) and decided that they should not be built on. These sites should stay as green fields + Green Belt - not destroy farming fields and there is no need to build here as there are adequate other sites earmarked for building as in the local plan. We feel that not only will it spoil the green landscape and cause untold damage to the wildlife there, it will cause huge traffic problems into and out of the village and affect the high street making it difficult to park anywhere or get onto the train.

Shropshire Local Plan - Housing and Employment Topic Paper 7.63 and 7.64 • It's good that Shropshire Council has decided to increase the number of houses that it wants to build up to 2038

Table 8.1 • Albrighton currently has over 500 new houses planned, being built or recently built - including at Millfields, Wain Estates (ALB017) and east of Wain Estates (ALB021)

Table 8.3 • The houses in ALB017 & ALB021 (Wain Estates and next to it) should be built steadily over a 10 year period • Following this building at Millfields and next to it at Wain Estates etc, there should be less development in the village at the end of the period up to 2038 Paragraphs 8.7 - 8.8 • Albrighton is surrounded by Green belt which should not be built on (see the reasons I have stated prior)

Paragraphs 16.64 • Albrighton should not have large new employment buildings built on its Green Belt land; even if they provided jobs • There is not the infrastructure to support having supermarkets, drive throughs, secondary schools, healthcare centres etc to be built on Green Belt in our village and it would totally spoil the village feel and change the village into a Town.

Shropshire Local Plan - Updated Green Belt Topic Paper 4.14 - 4.21 • It is right that any new housing should be built in line with Shropshire's plan • If it is not in the Local Plan then developers should not be allowed to build on it • We agree / it's right etc that the Black Country need housing should be in Tasley, Shrewsbury and the former Ironbridge Power Station. 5.24 - 5.27 • We agree that there should be land

safeguarded from development

and get permission to build on that land before 2038 then this should not be allowed

6.4 - 6.8 • It's really important that Greenbelt around Albrighton is kept clear of houses • Any developers that try and build on Green Belt should be thrown out • New housing in Albrighton should be built on Millfields, ALB017 & ALB021 (Wain Estates and next to it) • Any new large buildings for employment / jobs should be at RAF Cosford and in smaller ad-hoc buildings • We agree that there should be 3 sites safeguarded from development in Albrighton so they are kept clear to be built on after 2038: ALB014 (Cross Road), P32a (By-Pass) and part of P35 (Kingswood Rd) • Developments in Albrighton must be phased so that the village does not become overwhelmed, lose its character and community feel • Any areas outside these sites must not be released from Greenbelt now or in the future - especially not the Boningale Homes proposed Albrighton South sites P36A and P36B 6.13 • Albrighton is not the right place for the unmet Black Country housing needs and any proposals for this should be rejected • We agree that there are better places in Shropshire for unmet Black Country housing needs

(Please continue on a separate sheet if necessary)

Please succinctly provide your response. After this stage, further submissions may only be made if invited by the Planning Inspectors, based on the matters and issues identified for examination.

Q5. Do you consider it necessary to participate in relevant examination hearing session(s)?

Please note: This response provides an initial indication of your wish to participate in relevant hearing session(s). You may be asked to confirm your request to participate.

No, I do not wish to/consider it necessary to participate in hearing session(s)

Yes, I consider it is necessary/wish to participate in hearing session(s)

The Inspectors will determine the most appropriate procedure to consider comments made during this consultation.
